SUNKTA TX3-A

SUNKTA Smart Watch TX3-A User Manual

Model: TX3-A | Brand: SUNKTA

1. Introduction

This manual provides comprehensive instructions for the SUNKTA Smart Watch TX3-A, a robust and feature-rich smartwatch designed for active lifestyles. It covers setup, operation, maintenance, and troubleshooting to ensure optimal performance and user experience.

Image: Overview of the SUNKTA Smart Watch TX3-A, highlighting its main display features and design.

2. Key Features

- **Military-Grade Durability:** Constructed with a robust zinc alloy middle frame, PC+ABS back cover, and Gorilla Glass lens for enhanced protection against shock and impact.
- **1.73" AMOLED Vivid Screen:** Features a 466 x 466 resolution display for clear visuals, vibrant colors, and sharp details. Includes an Always-On Display feature.
- **900mAh High-Capacity Battery:** Provides extended battery life for prolonged use, reducing the need for frequent recharging.
- **Customizable Watch Faces & Dual Straps:** Offers 10 pre-installed watch faces and over 200 more via the app, with the option to create custom faces. Comes with a durable stainless steel band and a soft silicone strap.
- **Bluetooth Call Handling & Message Notifications:** Allows direct call management and receives notifications from SMS and social media applications when connected to a smartphone.

- **100+ Sports Modes & 5ATM Waterproof:** Supports over 100 sports modes for activity tracking and is waterproof up to 50 meters, suitable for swimming and outdoor adventures.
- **All-Day Health Monitoring:** Equipped with the VC30F-S sensor for low-power, quick monitoring of heart rate, blood oxygen, and sleep. Data is accessible via the "Dafit" app.
- **Convenience Features:** Includes AI voice assistant, calorie tracker, sedentary reminder, water reminder, alarm clock, weather display, multi-language support, and "Find Phone" function.

3. Setup

3.1 Package Contents

Before starting, ensure all items are present in the package:

- SUNKTA Smart Watch TX3-A
- Stainless Steel Band (pre-installed)
- Silicone Strap
- Magnetic Charging Cable
- User Manual (this document)

Image: Illustration of the SUNKTA Smart Watch TX3-A package contents.

3.2 Charging the Smart Watch

For first-time use, fully charge the smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port.

- A full charge typically takes 2-3 hours.
- The watch display will show charging progress.

3.3 App Download and Pairing

To unlock the full functionality of your smartwatch, download the "FitCloudPro" app (or "Dafit" app for health data) from your smartphone's app store (compatible with Android 4.4+ and iOS 9.0+).

1. Scan the QR code in the manual or search for "FitCloudPro" / "Dafit" in the App Store or Google Play Store.
2. Install the app and create an account if prompted.
3. Enable Bluetooth on your smartphone.
4. Open the app, navigate to "Device" or "Add Device," and select your smartwatch from the list of available devices (e.g., "TX3-A").

5. Confirm the pairing request on both your phone and the watch.

Once paired, you can customize settings, sync data, and receive notifications.

4. Operating Instructions

4.1 Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate through menus and features. Tap to select.
- **Side Buttons:** The watch features multiple physical buttons.
  - **Power Button (Top Right):** Press and hold to power on/off. Short press to return to the main watch face or wake the screen.
  - **Menu Button (Bottom Right):** Short press to access the main menu or app list.
  - **Sport Button (Top Left):** Short press to quickly access sports modes.

4.2 Call Handling

After connecting the watch to your phone via Bluetooth (ensure audio Bluetooth is also connected), you can manage calls directly from your wrist.

- **Answering Calls:** When an incoming call is received, tap the green phone icon on the watch screen.
- **Rejecting Calls:** Tap the red phone icon to reject an incoming call.
- **Making Calls:** Access the dial pad or contact list through the watch's menu to initiate calls.

4.4 AI Voice Assistant

The watch supports AI voice commands. Activate the voice assistant through the watch interface to perform tasks such as making calls, playing music, checking weather, or setting alarms.

5. Health Monitoring

The SUNKTA Smart Watch TX3-A is equipped with advanced sensors to monitor various health metrics. All data is for reference only and not intended for medical diagnosis.

5.1 Heart Rate Monitoring

The watch continuously monitors your heart rate throughout the day. View real-time data on the watch or detailed historical data in the "Dafit" app.

5.2 Blood Oxygen Monitoring

Measure your blood oxygen saturation (SpO2) levels. Access this function from the watch's health menu. Ensure the watch is worn snugly on your wrist for accurate readings.

5.3 Sleep Tracking

Wear the watch to bed to track your sleep patterns, including deep sleep, light sleep, and awake times. Detailed sleep analysis is available in the "Dafit" app.

Image: The SUNKTA Smart Watch TX3-A's health monitoring capabilities, showing sleep and vital sign tracking.

6. Sports Modes

The smartwatch offers over 100 sports modes to track your physical activities. Select a mode before starting your workout to record data such as steps, distance, calories burned, and heart rate.

- Common modes include walking, running, cycling, swimming, and various indoor/outdoor sports.
- Access sports modes via the dedicated Sport button or through the main menu.

7. Durability and Waterproofing

The SUNKTA Smart Watch TX3-A is built for resilience, featuring military-grade durability and 5ATM waterproofing.

- **5ATM Waterproof:** The watch is water-resistant up to 50 meters, making it suitable for swimming, showering, and other water-related activities. Avoid hot water or steam.
- **Anti-Scratch:** The Gorilla Glass lens provides strong resistance against scratches.
- **Dustproof:** Designed to prevent dust ingress, ensuring reliable operation in various environments.

- **Harsh Condition Resistance:** Engineered to withstand extreme temperatures, from -40° to 70° Celsius.

8. Customization

8.1 Watch Faces

Personalize your watch with a wide selection of watch faces. The "FitCloudPro" app offers over 200 options, and you can also upload your own photos to create custom watch faces.

Image: The SUNKTA Smart Watch TX3-A showcasing various watch face options and the customization process via the app.

8.2 Changing Straps

The watch comes with two interchangeable straps: a stainless steel band for a classic look and a silicone strap for sports and comfort. Refer to the quick-release pins on the back of the straps to easily swap them.

9. Maintenance

- **Cleaning:** Regularly wipe the watch screen and body with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and dry thoroughly.
- **Charging Contacts:** Keep the charging contacts on the back of the watch clean and free of debris to ensure efficient charging.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place. It is recommended to charge it periodically to maintain battery health.
- **Avoid Chemicals:** Do not expose the watch to strong chemicals, detergents, or solvents, as these can damage the materials.

10. Troubleshooting

Problem	Possible Cause / Solution
Watch does not turn on.	Battery is depleted. Charge the watch for at least 30 minutes.
Cannot pair with smartphone.	Ensure Bluetooth is enabled on your phone. Make sure the watch is within range. Restart both the watch and the phone. Check if the app has necessary permissions.
Notifications not received.	Check app notification settings on your phone. Ensure the watch is connected via Bluetooth. Verify app permissions for notifications.

Problem	Possible Cause / Solution
Inaccurate health data.	Ensure the watch is worn snugly on the wrist, not too loose or too tight. Clean the sensor on the back of the watch. Note that data is for reference only.
Short battery life.	Deactivate "Always-On Display" if not needed. Reduce screen brightness. Limit frequent use of power-intensive features like continuous heart rate monitoring.
