## Hagibis H200

# Hagibis H200 Video Conference Lighting System User Manual

Model: H200 | Brand: Hagibis

## 1. PRODUCT OVERVIEW

The Hagibis H200 Video Conference Lighting System is designed to provide optimal illumination for video calls, streaming, and general computer use. It features anti-glare technology and customizable lighting profiles to enhance visual quality and reduce eye strain.

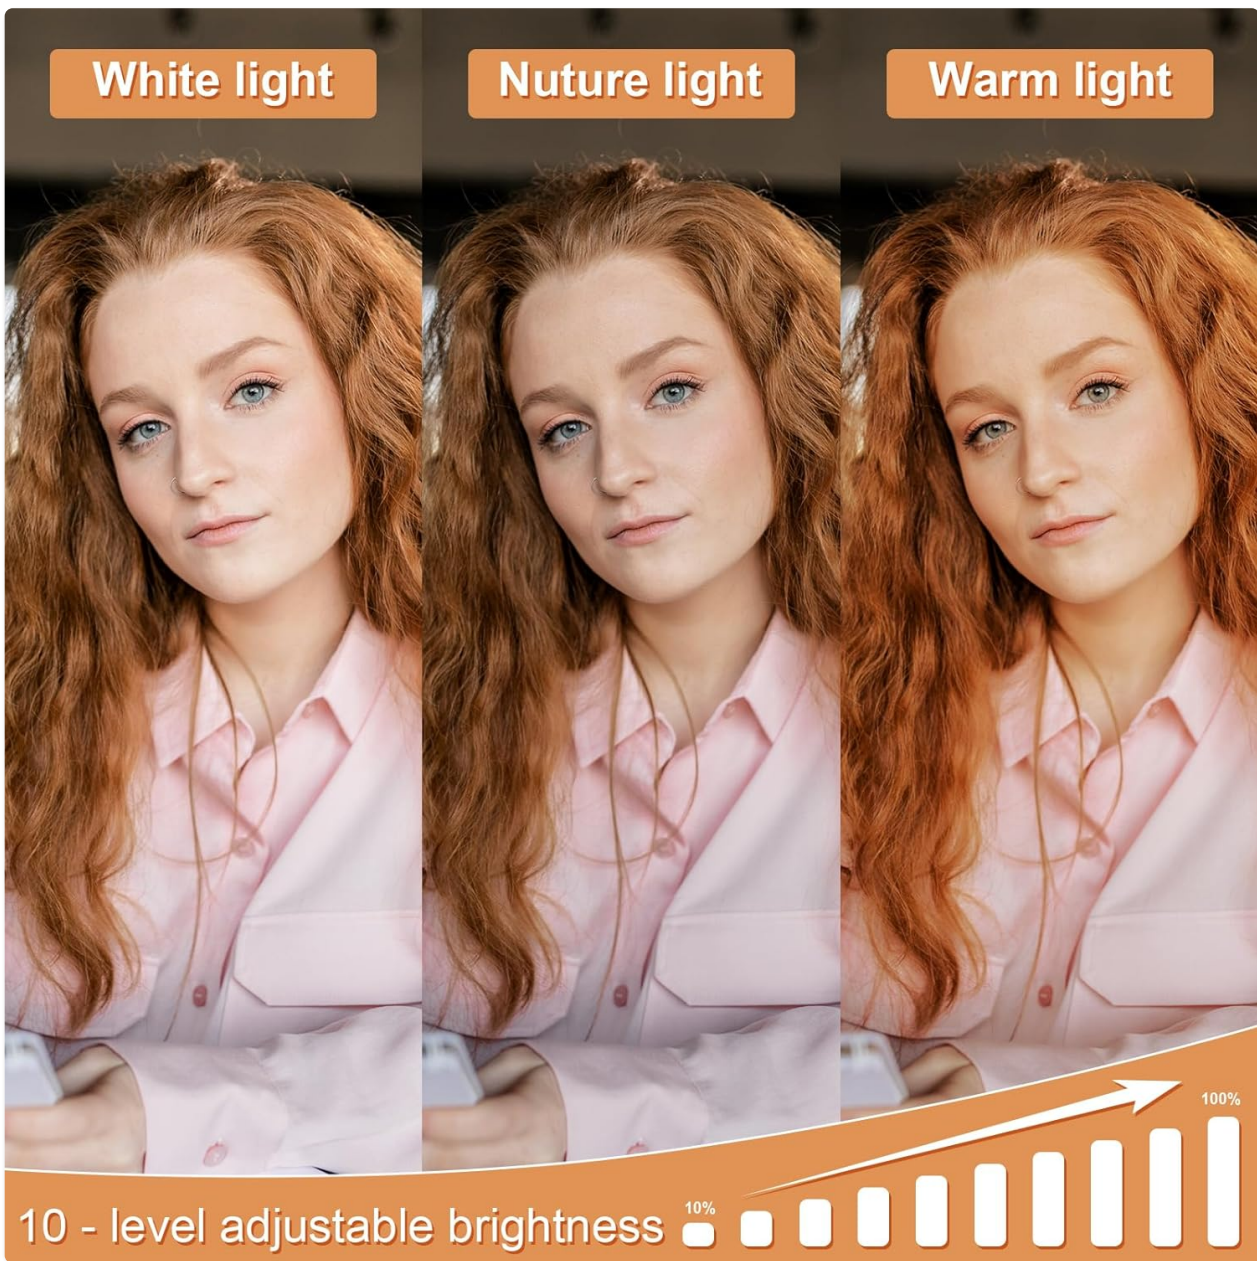

The Hagibis H200 system features two light bars designed for optimal illumination during video conferences and streaming.

## 2. PACKAGE CONTENTS

The Hagibis H200 package includes the following items:

- 2 x LED Light Bars with detachable magnetic mounts
- 2 x USB-C Power Cables
- 2 x Power Adapters
- 4 x Cable Organizers
- 2 x Velcro Straps

The package includes two light bars with magnetic mounts, USB-C cables, adapters, cable organizers, and Velcro straps.

### 3. FEATURES

- **Anti-Glare & Flicker-Free Eye Care Technology:** Engineered with OptiShield Pro Technology, this system eliminates screen glare and blue light emissions, providing even illumination. The adjustable-angle design directs light to your keyboard and face without screen reflection, and flicker-free dimming reduces eye strain.

# What's Included

USB-A to USB-C  
Adapter \*2

Power Adapter \*2

Cable Clip \*8

Velcro Strap \*4.  
(Battery Not Included)

The OptiShield Pro Technology ensures even illumination without screen glare, reducing eye strain.

- **Tool-Free Installation:** The light bars securely attach to any monitor or laptop using a sturdy webcam-style mount, requiring no adhesives or clamps. It integrates seamlessly with existing camera placements.
- **Customizable Lighting Profiles:** Features a micro-diffuser for soft light. Offers 10 brightness levels (10%-100%) and three color modes (cool, neutral, warm white). TrueTone Color Technology ensures natural skin tones on video calls.

Adjustable brightness (10%-100%) and three color modes (cool, neutral, warm) allow for personalized lighting.

- **Multi-Platform Compatibility:** Optimizes visibility for video conferences (Zoom, Teams, Skype), live streams, podcasts, and remote work. Dual independent light bars allow flexible configurations for various setups.
- **Seamless Connectivity:** Plug-and-play design works with laptops, monitors (17"-35"), and USB-C/USB-A ports. No batteries are required.

## 4. SETUP & INSTALLATION

---

1. **Unpack Components:** Carefully remove all items from the packaging.
2. **Attach Mount:** Position the webcam-style mount on top of your monitor or laptop screen. Ensure it is stable and secure.
3. **Attach Light Bar:** The light bar features a magnetic attachment. Simply click the light bar into place on the mount.
4. **Connect Power:** Use the provided USB-C power cable and adapter to connect the light bar to a power source (USB-C or USB-A port).
5. **Adjust Angle:** Adjust the angle of the light bar to direct illumination towards your face and workspace, avoiding screen glare.

The sturdy webcam-style mount allows for tool-free installation on monitors and laptops.

## 5. OPERATING INSTRUCTIONS

The Hagibis H200 features integrated controls for easy operation:

1. **Power On/Off:** Press the power button (usually marked with a circle and vertical line) to turn the light on or off.
2. **Adjust Brightness:** Use the '+' and '-' buttons to increase or decrease the brightness level. There are 10 adjustable brightness levels.
3. **Change Color Mode:** Press the 'M' (Mode) button to cycle through the three available color temperatures: Cool White, Neutral White, and Warm White.
4. **Remote Control:** If a remote control is included, it can be used to control one or both lights simultaneously, offering the same functions as the on-device controls.

The integrated controls allow for easy adjustment of light settings.

## 6. MAINTENANCE

- **Cleaning:** Gently wipe the light bars and mounts with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Storage:** When not in use, store the system in a clean, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Ensure power cables are not bent sharply or placed under heavy objects to prevent damage.

## 7. TROUBLESHOOTING

- **Light Not Turning On:**
  - Check if the power cable is securely connected to both the light bar and the power source.
  - Ensure the power adapter is functioning correctly and plugged into a live outlet.
  - Try connecting to a different USB port or power adapter.

- **Light Flickering:**

- Verify the power connection is stable.
- Ensure the light bar is not exposed to extreme temperatures.
- If using a USB hub, try connecting directly to the computer or wall adapter.

- **Remote Control Not Responding:**

- Check if the remote's battery (if applicable) needs replacement.
- Ensure there are no obstructions between the remote and the light bar's receiver.
- Re-pair the remote if necessary (refer to specific remote instructions if provided separately).

- **Inconsistent Lighting:**

- Ensure both light bars are properly positioned and angled.
- Check for any physical obstructions blocking the light output.

## 8. SPECIFICATIONS

Feature	Detail
Package Dimensions	9.45 x 6.5 x 2.99 inches
Item Weight	1.37 pounds
ASIN	B0DXLC8B82
Item Model Number	H200
