## SETUP GUIDE

### 1. Assembling the Stand (Optional)

If you choose to use the included stand, carefully attach the stand components to the bottom of the TV as per the instructions provided in the quick setup guide. Ensure all screws are securely fastened to prevent instability. The TV can also be wall-mounted using a compatible VESA mount (sold separately).

### 2. Connecting Peripherals

Your Samsung F6000 Smart TV offers various connectivity options:

- **HDMI:** Connect external devices such as Blu-ray players, gaming consoles, or cable boxes. The TV supports multiple HDMI inputs.
- **USB:** Plug in USB drives for media playback.

- **Ethernet (LAN):** For a stable wired internet connection.
- **Antenna/Cable Input:** Connect an antenna for over-the-air broadcasts or a cable connection.
- **Bluetooth:** Pair with compatible audio devices like soundbars or headphones.
- **Wi-Fi:** Connect to your home wireless network for smart features and streaming.

## MAINTENANCE

- **Cleaning the Screen:** Gently wipe the screen with a soft, dry microfiber cloth. For stubborn smudges, slightly dampen the cloth with water or a screen-specific cleaning solution (never spray directly onto the screen).
- **Software Updates:** Regularly check for and install software updates through the TV's settings menu. Updates provide new features, performance improvements, and security enhancements.

- **Ventilation:** Ensure adequate ventilation around the TV to prevent overheating. Do not block the ventilation openings.

## TROUBLESHOOTING

If you encounter issues with your Samsung F6000 Smart TV, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cable is securely connected to both the TV and the wall outlet. Try a different outlet.
- **No Picture/Sound:** Check the input source. Verify all HDMI and audio cables are properly connected. Restart connected devices.
- **Remote Control Not Working:** Replace the batteries. Ensure there are no obstructions between the remote and the TV's sensor.
- **Network Connection Issues:** Restart your router and modem. Reconnect the TV to your Wi-Fi network through the settings menu. For wired connections, check the Ethernet cable.
- **Smart Features Not Responding:** Perform a soft reset by unplugging the TV from the power outlet for a few minutes, then plugging it back in.
