# HOMCOM 4 Panel Pegboard Display Room Divider Instruction Manual

Model: 830-789V01ND

## 1. INTRODUCTION

This manual provides essential information for the safe and effective use of your HOMCOM 4 Panel Pegboard Display Room Divider. Please read these instructions thoroughly before using the product and retain them for future reference.

The HOMCOM 4 Panel Pegboard Display Room Divider is designed to offer privacy and organization within your living or working space. Its folding design allows for versatile placement and compact storage, while the integrated pegboard offers customizable display options.

## 2. PRODUCT OVERVIEW

The HOMCOM 4 Panel Pegboard Display Room Divider features a solid wood construction with an X-shaped pattern on the lower sections of each panel. The upper sections are equipped with a pegboard design, allowing for the attachment of various accessories. The panels are connected by double-hinged metal hinges, enabling flexible configuration and easy folding.

### Key Features:

- **Stylish Room Divider:** Enhances space by adding privacy to rooms. Features a solid wood structure with an X-shaped pattern.
- **Functional Pegboard:** Allows for customizable organization with attachable shelves, hooks, and accessories.
- **Solid Construction:** Built from solid wood with metal hinges, perforations for ventilation, and stable anti-slip feet.
- **Versatile Folding Design:** Double-hinged panels swing in both directions for effortless configuration and compact storage.
- **Ready-To-Use:** Delivered fully assembled, requiring no setup for immediate use.

This video demonstrates the unfolding and general use of the HOMCOM 4 Panel Pegboard Display Room Divider, highlighting its flexibility and design.

## 3. SETUP INSTRUCTIONS

The HOMCOM 4 Panel Pegboard Display Room Divider is designed for immediate use and requires no assembly. It arrives fully assembled in a single package.

### Steps for Initial Placement:

1. **Unpack:** Carefully remove the room divider from its packaging.
2. **Unfold:** Gently unfold the panels to your desired configuration. The double-hinged design allows the panels to swing in both directions.

3. **Position:** Place the divider in your chosen location. Ensure it is on a stable, level surface. The anti-slip feet provide stability.
4. **Adjust:** Adjust the angle of each panel to create the desired privacy or display area.

## 4. OPERATING INSTRUCTIONS

---

### Using the Pegboard:

The integrated pegboard sections allow for versatile organization and display. You can attach various pegboard accessories such as hooks, small shelves, or baskets to customize your divider.

- **Accessory Compatibility:** While the pegboard offers functionality, please note that the hole spacing may not be standard for all universal pegboard accessories. It is recommended to test accessories for fit or seek those specifically designed for non-standard spacing.
- **Attachment:** Insert pegboard hooks or accessories into the holes. Ensure they are securely seated before placing items on them.
- **Weight Limit:** Avoid overloading the pegboard with heavy items to maintain stability and prevent damage to the panels.

### Folding and Storage:

When not in use or when you need to reclaim space, the room divider can be easily folded for compact storage.

- **Collapse Panels:** Fold the panels inward or outward along the hinges until they are stacked together.
- **Store:** Store the folded divider in a corner or closet. Its slim profile minimizes space requirements.

## 5. MAINTENANCE

---

Proper care will ensure the longevity and appearance of your room divider.

- **Cleaning:** Wipe the wood surfaces with a dry, soft cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the wood finish.
- **Dusting:** Regularly dust the panels and pegboard holes to prevent buildup.
- **Moisture:** Protect the wood from excessive moisture and direct sunlight to prevent warping or fading.
- **Hinges:** Periodically check the metal hinges for smooth operation. If they become stiff, a small amount of lubricant can be applied.

## 6. TROUBLESHOOTING

---

### Stability Issues:

- **Uneven Surface:** Ensure the divider is placed on a flat, level surface. Adjust the panel angles to find a stable stance.
- **Overloading:** Remove excessive weight from the pegboard if the divider appears unstable. Distribute items evenly.

### Pegboard Accessories Not Fitting:

- **Non-Standard Spacing:** The pegboard holes may have non-standard spacing. If your current accessories do

not fit, consider purchasing pegboard hooks or attachments that are known to accommodate wider or specific hole patterns. Some users have found success with hooks that can be slightly widened or adjusted.

Difficulty Folding/Unfolding:

- **Hinge Obstruction:** Check for any obstructions in the hinges.
- **Stiff Hinges:** Apply a small amount of silicone spray or a similar lubricant to the hinges if they are stiff.
