SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use. Retain this manual for future reference.

- Ensure all components are securely fastened during assembly to prevent instability.
- Do not overload drawers or shelves. Distribute weight evenly.
- Keep electrical components (LED mirror, charging station) away from water or excessive moisture.
- Use only the provided power cord and ensure it is properly connected to a suitable electrical outlet.
- Avoid placing hot items directly on the surface without protection.
- This product is intended for indoor use only.
- Keep small parts and packaging materials away from children to prevent choking hazards.

SETUP & ASSEMBLY

Assembly is required for this product. An illustrated manual with numbered components is included to facilitate quick and straightforward setup. Follow the steps precisely as outlined in the provided manual.

1. **Unpack:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the parts list in the included manual and identify each component. All parts are numbered for easy identification.
3. **Assemble Frame:** Begin by assembling the main frame of the vanity according to the step-by-step instructions.
4. **Install Drawers and Shelves:** Attach drawer slides and assemble the drawers. Insert shelves into their designated slots.
5. **Mount LED Mirror:** Securely attach the LED mirror unit to the vanity top.
6. **Connect Electrical:** Connect the power cord for the LED mirror and charging station. Ensure all connections are firm.
7. **Final Placement:** Position the assembled vanity in its desired location. Ensure it is stable and level.

MAINTENANCE

Proper care will ensure the longevity and appearance of your vanity.

- **Cleaning:** Clean the surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors. Spray cleaner onto a cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Spills:** Wipe up spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check and tighten any loose screws or hardware to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your vanity, refer to the following common troubleshooting tips:

- **LED Mirror Not Lighting Up:**
 - Ensure the power cord is securely plugged into both the vanity and a working electrical outlet.
 - Check if the outlet is receiving power by testing it with another device.
 - Confirm the touch sensor on the mirror is clean and unobstructed.
- **Charging Station Not Working:**
 - Verify the main power connection for the vanity.
 - Ensure the device you are trying to charge is properly connected and functional.
 - Check if the device requires more power than the station provides (e.g., high-wattage appliances).
- **Drawers Sticking or Not Closing Smoothly:**
 - Check for any obstructions inside the drawer or along the slides.
 - Ensure the drawer slides are properly aligned and securely attached.
 - Verify that the drawer is not overloaded or unevenly weighted.
- **Vanity Feels Unstable:**
 - Re-check all assembly hardware to ensure screws and fasteners are tightened.
 - Ensure the vanity is placed on a flat, level surface.

If problems persist, please contact KINKUNCO customer support for assistance.
