Follow these steps carefully to assemble your HOOBRO BB71XG01 Console Table. It is recommended to assemble with two people.

#### Step 1: Prepare Components

#### Step 2: Assemble the Metal Frame

Connect the vertical metal supports to the horizontal metal bars using the provided screws and Allen key. Ensure the frame is stable and aligned. Do not fully tighten screws until all parts are loosely connected to allow for adjustments.

#### Step 3: Attach the Bottom Shelf

Place the engineered wood bottom shelf onto the designated supports on the metal frame. Secure it with the appropriate screws. Ensure the shelf is level.

#### Step 4: Attach the Top Panel

Position the engineered wood top panel onto the upper part of the metal frame. Align the pre-drilled holes and secure the top panel with screws. Once all panels are in place, fully tighten all screws on the entire structure.

#### Step 5: Insert Fabric Drawers
