## Safety Information

Please read all safety instructions before assembly and use to prevent injury or damage to the product.

- **Weight Capacity:** The adjustable bed frame has a maximum weight capacity of 750 lbs. Do not exceed this limit.
- **Clearance:** Ensure there is adequate clearance around the bed frame during operation to avoid pinching or obstruction. Keep children and pets away from moving parts.
- **Electrical Safety:** Only use the provided power cord and adapter. Do not operate the bed if the cord is damaged. Keep liquids away from electrical components.
- **Intended Use:** This product is designed for residential use as a bed. It is not intended for medical purposes unless advised by a healthcare professional.
- **Assembly:** Follow all assembly instructions carefully. Ensure all components are securely fastened before use.

## Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- 1 x Dyonery Adjustable Bed Frame (Queen Size)
- 1 x Dyonery 14-inch Copper-Gel Memory Foam Mattress (Queen Size)
- 1 x Wireless Remote Control
- Adjustable Legs (5-inch and 7-inch sections for combined height options)
- Power Adapter and Cables

## Setup Instructions

The Dyonery Adjustable Bed Frame is designed for quick and easy assembly, typically taking about 5 minutes with no tools required.

1. **Unpack Components:** Carefully remove all items from the packaging. Place the adjustable bed frame on a clean, flat surface.
2. **Unfold Frame:** Gently unfold the adjustable bed frame. Ensure it is fully extended and locked into position.
3. **Attach Legs:** Screw the adjustable legs into the designated slots on the frame. You can combine the 5-inch and 7-inch leg sections to achieve a total height of 5, 7, or 12 inches, depending on your preference for bed height and under-bed storage.
4. **Connect Power:** Plug the power adapter into the bed frame and then into a wall outlet.
5. **Place Mattress:** Carefully unroll and place the 14-inch Copper-Gel Memory Foam Mattress onto the adjustable bed frame. Allow the mattress to fully expand for 24-72 hours before use.

## Operating Instructions

Your Dyonery adjustable bed system comes with a wireless remote control for easy adjustment of head and foot positions.

### Wireless Remote Control Functions:

- **Head Incline:** Adjusts the head section from 0 to 57 degrees.
- **Foot Incline:** Adjusts the foot section from 0 to 38 degrees.
- **Preset Positions:**
  - **Anti Snore:** Elevates the head slightly to help reduce snoring.

- **Zero Gravity:** Positions your body to relieve pressure on your back and improve circulation.
- **Lounge:** A comfortable position for reading or watching TV.
- **Flat:** Returns the bed to a completely flat position.

- **Flashlight Function:** The remote includes a built-in flashlight for convenience in low light conditions.

## Mattress Care

The 14-inch Copper-Gel Memory Foam Mattress is designed for optimal comfort and support. Proper care will extend its lifespan.

### Mattress Construction:

- **Cooling Knit Fabric Cover:** Regulates body temperature for a comfortable sleep.
- **Fiberglass-Free FR Inner Cover:** Provides fire resistance without skin irritation or health risks.
- **Ventilated Copper-Gel Aerofusion Memory Foam:** Regulates humidity, odor, and temperature, ensuring a dry and breathable sleep surface. Offers body support for enhanced sleep quality.
- **Flex Support Base Foam:** Provides necessary support to keep the spine aligned.

### General Care Tips:

- **Initial Expansion:** Allow 24-72 hours for the mattress to fully expand after unboxing.
- **Spot Cleaning:** For spills, gently spot clean with a mild detergent and water. Avoid saturating the mattress. Do not use harsh chemicals.
- **Protective Cover:** Consider using a mattress protector to guard against spills and stains.
- **Rotation:** Rotate the mattress head-to-foot every 3-6 months to promote even wear.
- **Ventilation:** Ensure good air circulation around the mattress to prevent moisture buildup.

## Maintenance

Regular maintenance helps ensure the longevity and optimal performance of your adjustable bed frame.

- **Frame Cleaning:** Wipe the metal frame with a damp cloth. Avoid abrasive cleaners.

- **Check Connections:** Periodically inspect all bolts and connections to ensure they are tight. Retighten if necessary.
- **Cable Management:** Ensure all power cables are neatly routed and not pinched or tangled.
- **Motor Inspection:** Listen for any unusual noises from the motors. If you hear anything abnormal, discontinue use and contact customer support.

## Troubleshooting

If you encounter issues with your Dyonery adjustable bed, refer to the following common problems and solutions:

### Bed Does Not Respond to Remote:

- **Check Power:** Ensure the power cord is securely plugged into both the bed frame and a working wall outlet.
- **Remote Batteries:** Replace the batteries in the wireless remote control.
- **Pairing:** If the remote is new or batteries were replaced, it may need to be re-paired with the bed frame. Refer to the specific pairing instructions that came with your remote, or contact customer support.

### Bed Makes Unusual Noises:

- **Check for Obstructions:** Ensure nothing is caught in the moving parts of the bed frame.
- **Tighten Connections:** Verify that all bolts and screws are tight. Loose connections can cause creaking.
- **Level Surface:** Ensure the bed is on a flat, level surface.

### Mattress Not Fully Expanding:

- **Allow Time:** Memory foam mattresses can take 24-72 hours to fully expand. Ensure it is in a well-ventilated room.
- **Temperature:** Colder temperatures can slow expansion. If possible, place the mattress in a warmer room.

If these steps do not resolve the issue, please contact Dyonery customer support.
