TROUBLESHOOTING

- **Sheet does not fit the mattress:**

Ensure the sheet size (120 x 200 cm) matches your mattress dimensions. Verify your mattress depth is within the recommended 27 cm. The elastic band should be stretched evenly around all sides.

- **Pilling on the fabric:**

While combed cotton is designed to resist pilling, it can occur with excessive friction or improper washing. Ensure you follow the washing instructions, avoid overloading the washing machine, and wash with similar fabrics.

- **Color fading:**

To maintain color vibrancy, wash with cold or lukewarm water (up to 60°C) and use a color-safe detergent. Avoid direct prolonged sun exposure when drying, especially for darker colors.
