## MSXTTLY RE-CP-US-219

# MSXTTLY U2C-AIR Pro Wireless CarPlay Adapter User Manual

Model: RE-CP-US-219

## 1. INTRODUCTION

---

The MSXTTLY U2C-AIR Pro Wireless CarPlay Adapter converts your vehicle's existing wired CarPlay system into a wireless one. This allows for a seamless and automatic connection between your iPhone and your car's infotainment system, providing convenient access to navigation, music, calls, and messages without the need for cables.

## 2. SAFETY INFORMATION

---

- Do not expose the device to extreme temperatures, direct sunlight, or moisture.
- Avoid disassembling or modifying the device, as this will void the warranty and may cause damage.
- Keep the device away from strong magnetic fields.
- Ensure the device is securely placed to prevent it from interfering with driving.

## 3. PACKAGE CONTENTS

---

Verify that all items are present in your package:

## 8. TROUBLESHOOTING

---

If you encounter issues with your U2C-AIR Pro adapter, consider the following:

- **Connection Issues:** Ensure your car's USB port supports wired CarPlay. Try disconnecting and reconnecting the adapter. Verify Bluetooth and Wi-Fi are enabled on your iPhone.
- **Lag or Disconnections:** Wireless CarPlay may experience slight latency (0 to 1.5 seconds) depending on signal strength and usage. If disconnections are frequent, ensure no other devices are interfering with the Bluetooth or Wi-Fi signal.
- **Firmware Updates:** The adapter supports online reporting and OTA (Over-The-Air) updates. Regularly check for and install updates to ensure optimal performance and resolve potential bugs.
- **Car Compatibility:** Double-check your vehicle's compatibility with the adapter. Refer to the compatibility section or the detailed list provided.
