PRODUCT OVERVIEW

The CXK N7 headphones feature a flexible neckband design with in-ear earbuds, an integrated control panel, and a microphone for hands-free calls.

Components:

- **Neckband:** Flexible and skin-friendly silicone band that rests around your neck.
- **Earbuds:** In-ear design with soft ear tips and ear wings for a secure fit.
- **Control Panel:** Located on the neckband, housing power, volume, and multi-function buttons.
- **Microphone:** Integrated for clear voice calls.
- **Charging Port:** USB-C port for recharging the device.

SETUP

1. Charging the Headphones

1. Connect the provided USB charging cable to the charging port on the headphone's control panel.
2. Connect the other end of the USB cable to a standard USB power adapter (not included) or a computer's USB port.
3. The indicator light will show charging status (refer to LED indicator section for details).
4. A full charge provides approximately 80 hours of playtime. A quick 10-minute charge can provide up to 15 hours of playback.

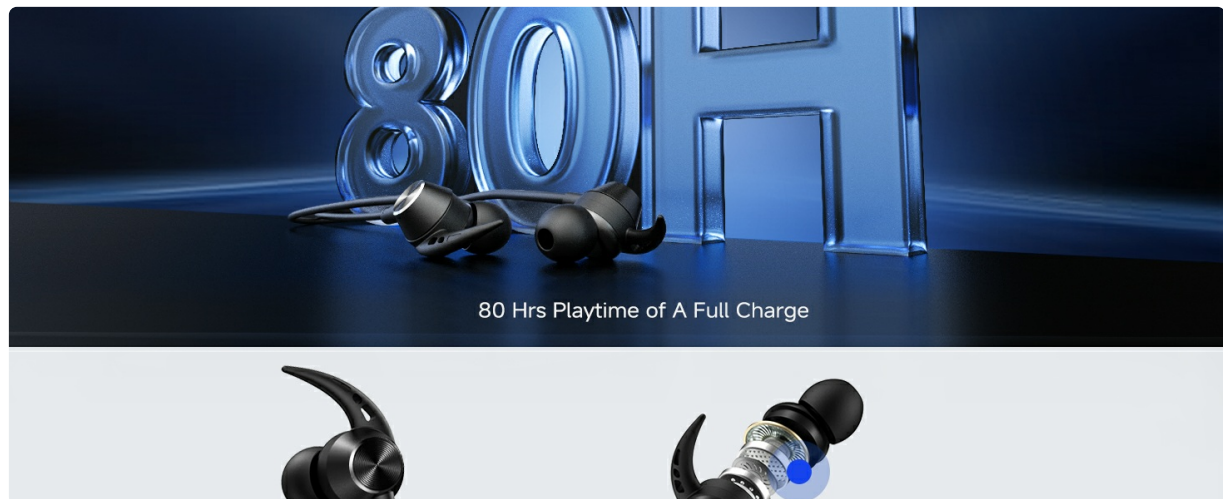

Image: Illustration of the quick charging capability.

2. Bluetooth Pairing

1. Ensure the headphones are fully charged.
2. Press and hold the Power button on the control panel for approximately 3-5 seconds until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "CXK N7" from the list of found devices.
5. Once paired, the LED indicator will flash blue slowly, and you will hear an audible confirmation.
6. The headphones will automatically reconnect to the last paired device when powered on, if the device's Bluetooth is active and within range.

3. Wearing the Headphones

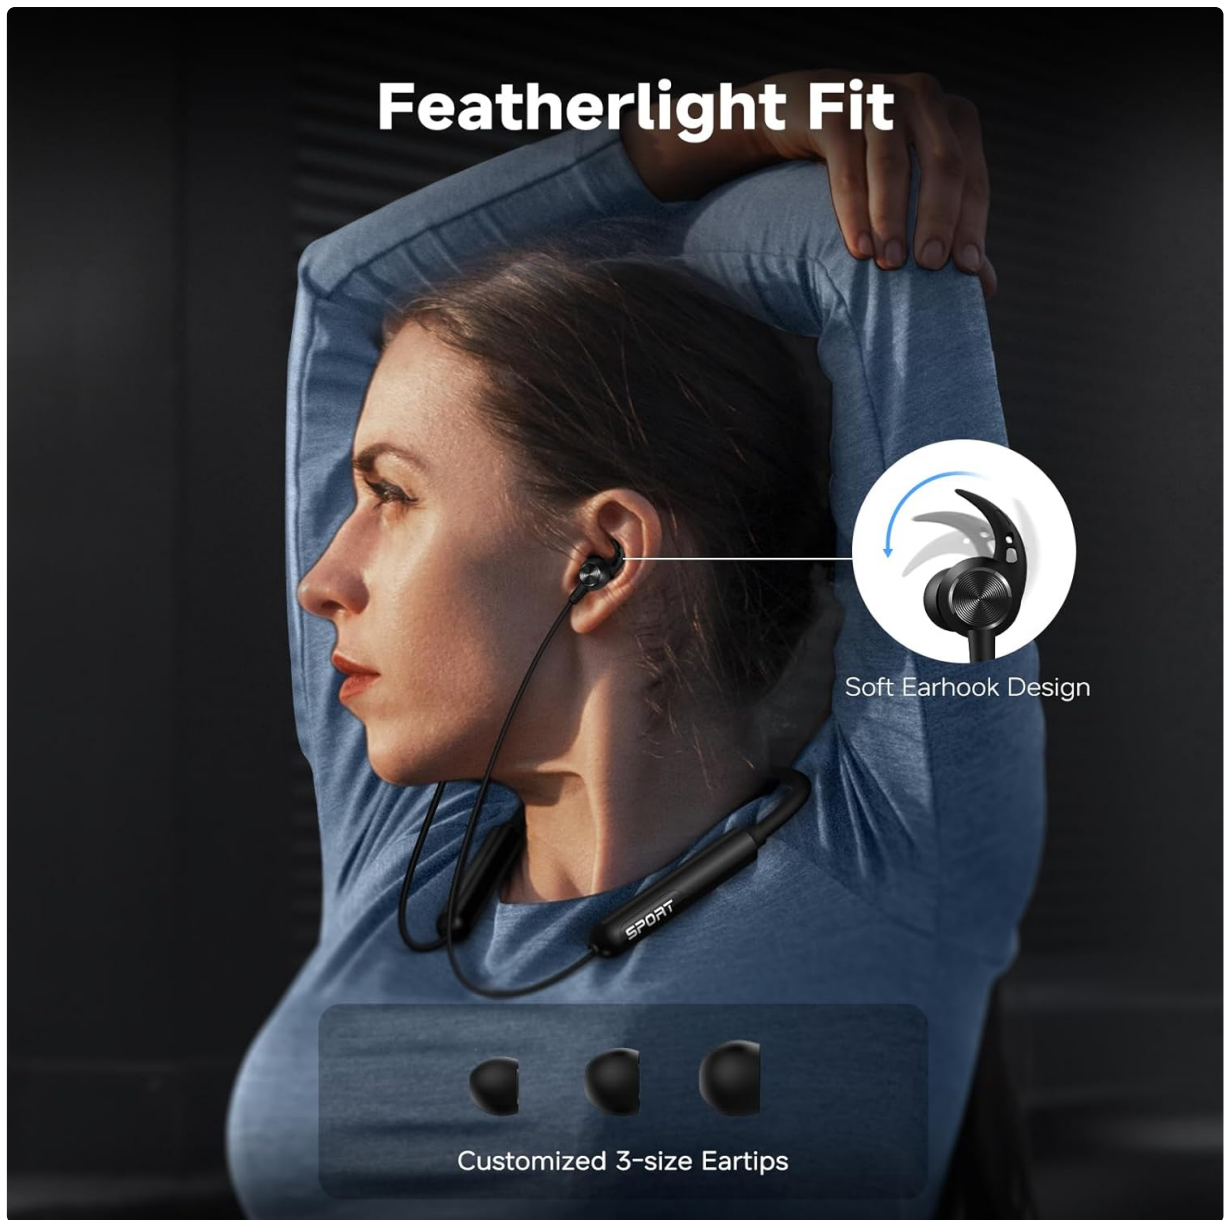

For optimal sound quality and comfort, choose the correct size ear tips and ear wings.

1. Select the ear tips (S, M, L) that provide a snug fit in your ear canal.
2. Select the ear wings (S, M) that comfortably secure the earbuds in your outer ear.
3. Place the neckband around your neck, allowing the earbuds to hang freely.
4. Insert the earbuds into your ears, adjusting the ear wings for a secure and comfortable fit.

OPERATING INSTRUCTIONS

Basic Controls:

- **Power On/Off:** Press and hold the Power button for 3 seconds.
- **Play/Pause:** Single click the Multi-function button (center button).
- **Volume Up:** Single click the '+' button.
- **Volume Down:** Single click the '-' button.
- **Next Track:** Double click the '+' button.
- **Previous Track:** Double click the '-' button.
- **Answer/End Call:** Single click the Multi-function button during an incoming call or active call.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds during an incoming call.
- **Voice Assistant:** Press and hold the Multi-function button for 2 seconds (when not on a call).

Advanced Bluetooth 5.3

Provide a stable, fast connection and low-latency listening experience.

Hear Every Detail

A large dynamic driver uncovers the rich details of every sound.

Image: Demonstrating clear call functionality with the integrated microphone.

Magnetic Earbuds

The earbuds feature a magnetic design, allowing them to snap together when not in use. This helps prevent tangling and keeps them securely around your neck.

MAINTENANCE

Cleaning

- Wipe the headphones with a soft, dry, lint-free cloth.
- For ear tips and ear wings, remove them from the earbuds and clean with mild soap and water if necessary. Ensure they are completely dry before reattaching.
- Do not use abrasive cleaners or solvents.

Storage

- Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid storing with sharp objects that could damage the cables or earbuds.

Water Resistance (IPX6)

The CXK N7 headphones are rated IPX6 waterproof, meaning they are protected against high-pressure water jets from any direction. This makes them suitable for use during workouts, light rain, and protection

from splashes. They are not designed for submersion in water.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Bluetooth is off on device; headphones not in pairing mode; too far from device.	Ensure Bluetooth is on. Put headphones in pairing mode. Move closer to device. Forget device and re-pair.
No sound or poor sound quality.	Volume too low; improper fit; device not connected; audio source issue.	Increase volume on headphones and device. Adjust ear tips/wings for a secure fit. Ensure headphones are connected. Check audio source.
Microphone not working.	Device settings; microphone blocked.	Check device's audio input settings. Ensure microphone is not covered.
