## domi outdoor living LGMF1671-G-EN-US

# Domi Hardtop Gazebo 12x16FT Instruction Manual

Model: LGMF1671-G-EN-US | Brand: domi outdoor living

## 1. SAFETY INFORMATION

Please read and understand all instructions and warnings before assembly and use of this gazebo. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all components are present and undamaged before beginning assembly.
- Assemble the gazebo on a flat, level surface.
- Securely anchor the gazebo to the ground using appropriate stakes or bolts (not included) to prevent wind uplift.
- Do not use the gazebo in extreme weather conditions, such as heavy winds, snow, or thunderstorms.
- Regularly inspect the structure for loose connections or damage.
- Keep children and pets away from the assembly area.

## 2. SETUP AND ASSEMBLY

The Domi Hardtop Gazebo is designed for straightforward assembly. It is recommended that at least two adults participate in the assembly process.

### 2.1 Component Overview

Before starting, unpack all components and verify against the parts list provided in your packaging. Ensure all parts are accounted for and free from damage.

### 2.2 Frame Assembly

The gazebo features a solid metal frame with triangular supports for enhanced stability. The frame is constructed from rustproof aluminum and galvanized steel components.

**Triangle design with 4.7" x 4.7" powder coated aluminum poles make the frame more stable.**

**Anchoring plates designed for greater sturdiness and stability, ensuring a secure and durable foundation.**

Image: Detail of the triangular support structure and anchoring plate at the base of a gazebo leg. The triangular design reinforces the frame, and the anchoring plate provides a secure foundation.

### 2.3 Roof Installation

The galvanized steel double roof provides durability and weather resistance. Follow the instructions in your package for proper roof panel alignment and secure fastening.

Image: A visual representation of the galvanized steel double roof, highlighting its ventilation capabilities, UV protection, and resistance to rain and snow.

### 2.4 Anchoring the Gazebo

The gazebo includes stable anchoring stands with pre-drilled holes. It is crucial to fix the poles to the ground or lawn using suitable stakes or expansion bolts (not included) for maximum stability, especially in windy conditions.

Image: A detailed view of the gazebo's anchoring stand, showing the pre-drilled holes for securing the structure to the ground. Stakes or bolts are required for proper installation.

### **3. OPERATING INSTRUCTIONS**

This gazebo offers versatile functionality for various outdoor activities.

#### **3.1 Ventilation and UV Protection**

The innovative double-layer roof design promotes excellent airflow, keeping the space cool and comfortable. It also blocks harmful UV rays, providing added protection for occupants.

Image: The double-layer roof of the gazebo, illustrating how it facilitates ventilation and includes a central net to keep insects out.

### 3.2 Detachable Curtains and Netting

The gazebo is equipped with detachable curtains and breathable mesh netting. These can be used to provide privacy, block sunlight, and prevent insects from entering the enclosure.

### 3.3 Versatile Ceiling Hooks

Three hooks are located on the roof's interior, offering a maximum capacity of 25 lbs each. These hooks can be used to hang lights, fans, or decorative items, allowing for personalization of your outdoor space.

## 4. MAINTENANCE

Proper maintenance will extend the lifespan and appearance of your Domi Hardtop Gazebo.

### 4.1 Cleaning

- Clean the galvanized steel roof and metal frame with a mild soap and water solution. Rinse thoroughly and dry to prevent water spots.
- The detachable curtains and netting can be removed and cleaned according to their fabric care instructions.

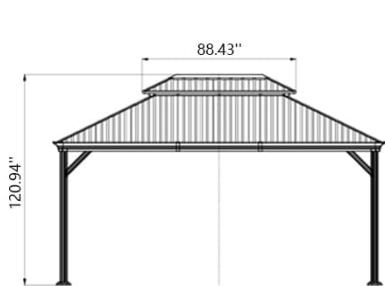

### 4.2 Drainage System

The sloped roof design and integrated water gutter system efficiently channel rainwater away. Regularly check and clear gutters of any debris (leaves, twigs) to ensure optimal drainage and prevent water accumulation.

## 4.3 Seasonal Care

While the gazebo is designed to withstand various weather conditions, consider removing curtains and netting during severe weather or off-season to prolong their life. Ensure the gazebo is securely anchored year-round.

## 5. TROUBLESHOOTING

This section addresses common issues you might encounter.

### 5.1 Instability

- Issue:** Gazebo feels wobbly or unstable.
- Solution:** Verify that all bolts and screws are tightened securely. Ensure the gazebo is anchored properly to a flat, level surface. Check for any damaged frame components.

### 5.2 Water Leakage

- **Issue:** Water drips from the roof during rain.
- **Solution:** Inspect roof panels for proper overlap and secure fastening. Check the drainage system for blockages and clear any debris. Ensure all roof seals are intact.

### 5.3 Curtains/Netting Not Functioning Properly

- **Issue:** Curtains or netting are difficult to move or detach.
- **Solution:** Check tracks for obstructions or damage. Ensure fabric is not snagged. Clean tracks if necessary.

## 6. SPECIFICATIONS

Detailed specifications for the Domi Hardtop Gazebo 12x16FT.

Feature	Detail
Brand	domi outdoor living
Model Number	LGMF1671-G-EN-US
Material	Alloy Steel, Aluminum, Metal
Frame Material	Metal, Alloy Steel, Galvanized Steel, Aluminum
Style	Modern, Garden
Product Dimensions (L x W x H)	190.39" x 142.76" x 120.92"
