

## Shark FA052

# Shark FlexBreeze HydroGo Fan FA052 Instruction Manual

Model: FA052 | Brand: Shark

## 1. INTRODUCTION

Welcome to the Shark FlexBreeze HydroGo Fan instruction manual. This guide provides essential information for the safe and efficient operation of your new ultra-powerful, ultra-portable fan. Designed for both indoor and outdoor use, the FlexBreeze HydroGo offers versatile cooling with or without its evaporative misting feature. Please read this manual thoroughly before using the product and retain it for future reference.

## 2. IMPORTANT SAFETY INFORMATION

To reduce the risk of fire, electric shock, or injury, always follow basic safety precautions when using electrical appliances. This includes:

- Read all instructions before use.
- Do not immerse the fan, cord, or plug in water or other liquids.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use, before assembling or disassembling parts, and before cleaning.
- Avoid contact with moving parts.
- Do not operate any fan with a damaged cord or plug, or after the fan malfunctions or has been dropped or damaged in any manner.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Arrange cord away from traffic area and where it will not be tripped over.
- Use the fan only for its intended use as described in this manual.
- Do not use outdoors if not specifically designed for outdoor use. This model is designed for both indoor and outdoor use.
- Always place the fan on a stable, flat surface during operation.
- Do not operate without fan guards in place.
- Do not use near an open flame or heat source.
- Ensure the water tank is securely closed when using the misting function.

### 3. WHAT'S INCLUDED

Your Shark FlexBreeze HydroGo Fan package includes:

- Shark FlexBreeze HydroGo Fan (Model FA052)
- Charging Cable

### 4. SETUP AND ASSEMBLY

The Shark FlexBreeze HydroGo Fan is designed for easy setup and portability. It can be used as a standing fan or converted to a tabletop unit.

#### 4.1 Initial Charging

Before first use, fully charge your fan using the provided charging cable. Plug the charging cable into the fan's charging port and connect it to a power source. The battery indicator lights will show charging progress.

#### 4.2 Converting to Tabletop Mode

To convert the fan from standing to tabletop mode:

1. Locate the release button on the fan's stand.
2. Press and hold the release button while simultaneously lifting the fan head by its handle.
3. The fan head will detach from the main stand.
4. Extend the integrated legs on the fan head to create a stable tabletop stand.

**Lightweight portability**  
to bring the breeze on the go

**Figure 1:** The Shark FlexBreeze HydroGo fan in its compact, portable tabletop configuration, being carried by its handle. This image demonstrates the fan's lightweight design and ease of transport for on-the-go cooling.

## 5. OPERATING INSTRUCTIONS

Your Shark FlexBreeze HydroGo Fan offers multiple settings for personalized comfort.

### 5.1 Powering On/Off and Fan Speed

Use the touch controls located on the top of the fan head to operate. The fan features 5 speed settings.

- **Power On/Off:** Press the power button once to turn the fan on or off.
- **Adjust Fan Speed:** Press the fan speed button repeatedly to cycle through speeds 1-5. LED lights indicate the selected speed.
- **Boost Mode:** Press and hold the fan speed button for 3 seconds for maximum-strength airflow. After 20 minutes of cordless use, speed will automatically decrease to save battery power. To activate the fan for the first time, press the power button on the fan before using the remote.

## Battery runtime\*

**12 Hours**  
Speed 1

**4 Hours**  
Speed 3

**1.5 Hours**  
Speed 5

**Figure 2:** The Shark FlexBreeze HydroGo fan displaying its battery runtime capabilities. At Speed 1, it offers up to 12 hours of operation; at Speed 3, 4 hours; and at Speed 5, 1.5 hours. This highlights its long-lasting battery for extended use without a power cord.

### 5.2 Oscillation

The fan offers adjustable oscillation angles to distribute air effectively.

- **Toggle Oscillation:** Press the oscillation button to cycle between 45°, 90°, 180°, and OFF.
- **Tip:** After 20 seconds, LEDs turn off to save battery.

### 5.3 Misting Function

The evaporative misting feature helps reduce ambient temperatures.

1. **Fill Water Tank:** Open the water reservoir cap on the top of the fan head. Fill with clean water. Ensure the cap is securely closed before operating the mist function.
2. **Activate Misting:** Press the mist button to turn the misting function on or off.

Evaporative misting **reduces**  
**temperatures** by up to 5°

\*Based on testing in controlled environment.  
Optimal cooling temperature at 3 feet from fan.

**Figure 3:** The Shark FlexBreeze HydroGo fan demonstrating its evaporative misting capability, providing a refreshing cool mist to a child enjoying outdoor activities. This feature can reduce temperatures by up to 5 degrees.

#### 5.4 Corded and Cordless Operation

The fan can operate both corded and cordless.

- **Corded:** Plug the charging cable into the fan and a power outlet for continuous operation and charging.
- **Cordless:** The built-in long-lasting battery allows for portable use without a power cord.

### 6. KEY FEATURES

- **Ultra-Powerful Portable Cooling:** Delivers up to 70 feet of cooling power in a compact, 3.86-pound design.
- **Indoor and Outdoor Misting:** Experience personal evaporative misting that reduces temperatures by up to 5°F, suitable for any environment.
- **Long-Lasting Battery:** Enjoy extended cordless operation for all-day cooling, with the option to plug in for limitless runtime.
- **Outdoor Durability:** Features an ultra-durable, water-resistant design for reliable performance in various

outdoor conditions.

- **Quiet Operation:** Operates at a low noise level of 36 decibels, ensuring quiet cooling for undisturbed use.
- **Adjustable Design:** Easily converts between standing and tabletop modes, with adjustable tilt and oscillation.

Up to **70 feet\*** of  
portable cooling power

**Figure 4:** The Shark FlexBreeze HydroGo fan positioned on a beach, illustrating its portable cooling power that can reach up to 70 feet. The scene suggests its suitability for outdoor leisure activities.

**Dynamic colors** for every style

**Figure 5:** A display of Shark FlexBreeze HydroGo fans in a range of dynamic colors, showcasing the variety of styles available to match personal preferences and environments.

Ultra-fine evaporative mist lets  
you cool **outdoors & indoors**

**Figure 6:** The Shark FlexBreeze HydroGo fan in purple, demonstrating its ultra-fine evaporative misting capability for both indoor and outdoor cooling. A woman is seen exercising in the background, benefiting from the mist.

**Compact, quiet cooling**  
for a bedside breeze

**Figure 7:** The Shark FlexBreeze HydroGo fan providing compact, quiet cooling on a bedside table, ideal for maintaining a comfortable sleeping environment.

## 7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your fan.

### 7.1 Cleaning the Fan

- Always unplug the fan before cleaning.
- Wipe the exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- For the fan blades, use a soft brush or vacuum cleaner with a brush attachment to remove dust.

### 7.2 Cleaning the Misting System

- Empty the water tank after each use to prevent mineral buildup and bacterial growth.
- Rinse the water tank with clean water. For deeper cleaning, use a mild soap solution and rinse thoroughly.

- Periodically check the misting nozzle for any blockages. If clogged, gently clean with a small brush or cotton swab.

## 8. TROUBLESHOOTING

If your fan is not operating correctly, refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Fan does not turn on	No power supply; Battery depleted	Ensure fan is plugged in or battery is charged.
Misting function not working	Water tank empty; Misting nozzle clogged	Refill water tank; Clean misting nozzle as per maintenance instructions.
Reduced airflow	Fan blades are dirty; Obstruction in front/back of fan	Clean fan blades; Remove any obstructions.
Fan is noisy	Loose parts; Fan not on a stable surface	Check for loose parts and tighten if possible; Place fan on a flat, stable surface.

## 9. SPECIFICATIONS

Feature	Detail
Brand	Shark
Model Name	FlexBreeze HydroGo Fan
Model Number	FA052
Color	Grey
Product Dimensions	8.65"D x 8.35"W x 11.47"H
Item Weight	3.86 Pounds
Power Source	AC/DC (Corded & Cordless)
Number of Power Levels	5
Noise Level	36 Decibels
Air Flow Capacity	425 Cubic Feet Per Minute
Special Features	Adjustable Tilt, Lightweight, Misting, Portable, Quiet Operation, Rechargeable
Indoor/Outdoor Usage	Indoor, Outdoor
Control Method	Touch
Manufacturer	SharkNinja
