1. Introduction

This instruction manual provides guidance for assembling the KAWADA nanoblock Naruto Shippuden Minato Namikaze Character Collection Series Building Kit (Model: NAN22866). This kit allows you to construct a detailed miniature model of Minato Namikaze using nanoblocks, which are micro-sized building blocks. The completed model stands approximately 2.59 inches tall and consists of 280 pieces. The difficulty level for this kit is rated as 3.

Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. Safety Information

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.

- Keep all nanoblock pieces away from small children and pets to prevent accidental ingestion.
- Adult supervision is recommended for younger builders (ages 12 and up).
- Do not put blocks in your mouth.
- Dispose of packaging materials responsibly.

3. Package Contents

Before starting assembly, please verify that all components are present in your kit:

- Approximately 280 nanoblock pieces (various colors and shapes)
- Detailed graphical instruction sheet

If any pieces are missing or damaged, please refer to the 'Support' section for assistance.

4. Assembly Instructions

The Minato Namikaze nanoblock kit has a difficulty level of 3. This indicates a moderate challenge, suitable for builders aged 12 and up. Follow the included graphical instruction sheet step-by-step for accurate assembly.

4.1. Preparation

1. **Unpack:** Carefully open the package and lay out all nanoblock pieces on a clean, flat surface.
2. **Organize:** It is helpful to sort the pieces by color and shape before you begin. Due to their small size, keeping them organized will prevent loss and simplify the building process.
3. **Review Instructions:** Familiarize yourself with the entire instruction sheet before placing the first block.

4.2. Building Process

- Follow the numbered steps on the graphical instruction sheet precisely. Each step illustrates which blocks to add and where to place them.
- Nanoblocks are very small. Use tweezers (not included) if you find it difficult to handle the tiny pieces with your fingers.
- Ensure each block is firmly pressed into place to create a stable structure.
- If you make a mistake, carefully detach the incorrect blocks and re-assemble. Avoid forcing pieces, as this may cause damage.

5. Maintenance

Once assembled, your nanoblock model requires minimal maintenance.

- **Cleaning:** To remove dust, gently wipe the model with a soft, dry cloth or use a soft brush. Avoid using water or cleaning solutions, as these may damage the plastic or loosen the blocks.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss.
