KAWADA nanoblock Naruto Shippuden Gaara Character Collection Series Building Kit Instruction Manual

Model: NAN22867

Introduction

This instruction manual provides detailed guidance for assembling and maintaining your KAWADA nanoblock Naruto Shippuden Gaara Character Collection Series Building Kit. This kit allows you to construct a miniature model of Gaara from the Naruto Shippuden series using nanoblocks, known for their small size and intricate detail. The completed model stands approximately 2.91 inches tall and consists of 270 pieces.

Safety Information

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years. Adult supervision is recommended for younger builders due to the small size of the blocks.

Package Contents

Upon opening the product box, verify that all components are present:

- nanoblock pieces for the Naruto Shippuden Gaara model (approximately 270 pieces).
- Detailed assembly instructions booklet.
- Bandai Namco warning label (indicates officially licensed product).

Assembly Instructions

The assembly of the Gaara nanoblock model has a difficulty level of 3, indicating a moderate challenge suitable for experienced nanoblock builders or patient beginners. Follow the step-by-step instructions provided in the included booklet for optimal results.

1. **Preparation:** Unpack all nanoblock pieces and the instruction booklet. Organize the pieces by color or shape if desired, though the small size may make this challenging.
2. **Follow the Booklet:** Refer to the detailed diagrams and steps in the official instruction booklet. Each step will guide you on which pieces to use and where to place them.

3. **Precision:** Due to the miniature size of nanoblocks, precision is key. Use tweezers (not included) if necessary to handle very small pieces or to ensure accurate placement.
4. **Layer by Layer:** Most nanoblock models are built layer by layer from the base upwards. Ensure each layer is firmly connected before proceeding to the next.
5. **Verification:** Periodically check your progress against the diagrams to ensure correct assembly. If a section appears incorrect, carefully backtrack and correct it.

Displaying Your Model

Once assembled, your nanoblock Gaara model is ready for display. Choose a stable, flat surface away from direct sunlight and excessive heat to prevent potential discoloration or warping of the plastic blocks. To maintain its appearance, keep the model in an area with minimal dust accumulation.

Maintenance

To keep your nanoblock model clean and in good condition:

- **Dusting:** Gently dust the model regularly using a soft brush or a can of compressed air.
- **Cleaning:** For more thorough cleaning, carefully wipe the blocks with a slightly damp cloth. Avoid harsh chemicals or abrasive materials, as these can damage the plastic.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and protect them from dust.

Troubleshooting

- **Missing Pieces:** In the rare event of missing pieces, first double-check the packaging and surrounding area. If pieces are still missing, contact KAWADA customer support with your product model number (NAN22867) and details of the missing parts.
- **Difficulty Assembling:** If you encounter difficulty connecting pieces, ensure they are correctly oriented and aligned. Apply gentle, even pressure. Refer back to the instruction booklet for visual guidance.
- **Loose Connections:** If parts feel loose, ensure they are fully pressed together. Nanoblocks are designed for a snug fit.
