WLIVE ASNG127DHS2

WLIVE 55"W Storage Organizer Unit with Charging Station

Model: ASNG127DHS2 | Brand: WLIVE

INTRODUCTION

Thank you for choosing the WLIVE 55"W Storage Organizer Unit. This versatile storage solution is designed to enhance organization in your living room, hallway, or bedroom. It features 16 spacious fabric drawers, 3 open shelves, and a convenient built-in charging station. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure safe and efficient use of your new storage unit.

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Anti-Tipping Device:** This storage unit is equipped with an anti-tilt device to prevent accidental tipping. It is crucial to install this device securely to a wall as instructed during assembly. This measure significantly enhances safety, especially in households with children and pets.
- **Weight Capacity:** Do not exceed the recommended weight limits for shelves and drawers. Overloading can compromise stability and cause damage.
- **Electrical Safety:** The built-in charging station is UL/ETL certified. Ensure the power cord is not pinched or damaged. Do not use the charging station if the cord or unit is damaged.
- **Placement:** Place the unit on a flat, level surface to ensure stability. Avoid placing it in areas with high humidity or direct sunlight.

Key Features:

- **Ample Storage:** 16 multi-size fabric drawers and 3 open shelves provide extensive storage options for various items, from clothing to daily essentials.
- **Built-in Charging Station:** Equipped with 2 AC outlets (125V/12A) and 2 USB ports (5V/2A) with a 5-foot power cord, allowing convenient charging of electronic devices.
- **Durable Construction:** Features a 15mm thickened metal steel frame with cross support rods for enhanced stability and durability. Drawers are made of high-quality fiberboard, easy-to-clean PVC, and breathable non-woven fabric.
- **Adjustable Feet:** 6 all-directional adjustable feet ensure stability on uneven surfaces and protect floors from scratches.
- **Smooth Operation:** Drawers are designed with smooth slide tracks and curved handles for easy opening and closing.

SETUP AND ASSEMBLY

The WLIVE Storage Organizer Unit is designed for easy assembly. A detailed assembly guide, clearly marked screw parts, reserved holes, and necessary tools are included in the package. Most users can complete assembly within an hour.

Assembly Steps:

1. **Unpack Components:** Carefully unpack all parts and hardware from the packaging. Verify that all components listed in the included assembly guide are present.
2. **Assemble Frame:** Follow the step-by-step instructions in the assembly guide to construct the metal steel frame. Ensure all screws are tightened securely.
3. **Install Top Board:** Attach the P2 grade artificial wood top board to the assembled frame.
4. **Insert Drawers:** Fold and insert the fabric drawers into their designated slots within the frame.

5. **Install Anti-Tipping Device:** This is a critical safety step. Securely attach the anti-tipping device to the back of the unit and to a wall stud using the provided hardware.

6. **Adjust Feet:** Adjust the 6 adjustable feet at the bottom of the unit to ensure it is level and stable on your floor.

For detailed visual instructions, please refer to the assembly manual provided in the product packaging.

OPERATING INSTRUCTIONS

Using the Drawers:

- **Opening/Closing:** Use the curved handles to smoothly pull out and push in the fabric drawers. Avoid forcing drawers if they feel stuck.
- **Organization:** Utilize the multi-size drawers for different items. Consider using internal organizers (not included) for smaller items like jewelry or accessories to maximize space and prevent clutter.

Image: Close-up of a drawer interior showing a honeycomb divider, ideal for organizing small items like earrings and rings.

Using the Charging Station:

- **Power Connection:** Plug the unit's power cord into a standard wall outlet.
- **AC Outlets:** Use the 2 AC outlets to power devices requiring standard wall power, such as lamps or small appliances.
- **USB Ports:** Use the 2 USB ports to charge mobile phones, tablets, or other USB-powered devices.
- **Cable Management:** Utilize the design of the top shelf to manage cables neatly, preventing tangles and maintaining a clean appearance.

MAINTENANCE

Regular maintenance will help prolong the life and appearance of your WLIVE Storage Organizer Unit.

- **Cleaning the Surface:** The wood top is made of P2 grade artificial wood, which is scratch-resistant and easy to clean. Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Cleaning Fabric Drawers:** The fabric drawers are made of breathable non-woven fabric and easy-to-clean PVC. For light cleaning, use a lint roller or a soft brush. For spills, gently blot with a damp cloth and mild soap, then air dry completely. Do not machine wash.
- **Checking Connections:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Adjusting Feet:** If the unit becomes wobbly, re-adjust the leveling feet to ensure proper balance.

TROUBLESHOOTING

This section addresses common issues you might encounter with your storage unit.

Problem	Possible Cause	Solution
Unit is wobbly or unstable.	Uneven floor; loose connections.	Adjust the leveling feet at the bottom of the unit. Check and tighten all assembly screws. Ensure the anti-tipping device is securely installed.
Drawers are difficult to open or close.	Drawer is overloaded; fabric is misaligned; foreign object in slide track.	Reduce weight in the drawer. Ensure the fabric drawer is properly seated and not twisted. Check the slide tracks for any obstructions.
Charging station not working.	Power cord not plugged in; outlet issue; device not compatible.	Ensure the unit's power cord is fully plugged into a working wall outlet. Test the outlet with another device. Verify your device is compatible with the charging station's output (125V/12A AC, 5V/2A USB).

If you encounter issues not listed here or if the problem persists after attempting the solutions, please contact WLIVE customer support for assistance.
