## Wemart MGY-1

# Wemart MGY-1 Premium Wooden Cat House User Manual

Model: MGY-1 | Brand: Wemart

## INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your Wemart MGY-1 Premium Wooden Cat House. Please read this manual thoroughly before assembly and use to ensure proper function and safety for your pets.

**Image:** The Wemart MGY-1 Premium Wooden Cat House, featuring a spacious interior with multiple levels, a scratching post, and a designated area for a litter box. A cat is visible inside, demonstrating the scale and functionality.

## PRODUCT FEATURES

- **Spacious Design:** Measures 60x60x120 cm, providing ample vertical space for cats to play and rest.
- **High-Quality Materials:** Constructed from thickened 0.6-inch wood boards, ensuring durability, safety, and an odor-free environment. Features tempered glass panels for clear visibility.
- **Integrated LED Lighting:** Allows visibility of your cat's activities, even at night. (Batteries for LED lights are not included).
- **Mobility and Stability:** Equipped with 4 universal wheels, two of which have brakes for secure positioning.
- **Ventilation:** Hollowed-out sides promote air circulation, keeping the interior fresh and dry.
- **Multi-functional Interior:** Includes a sisal scratching post, multiple platforms, a cat ladder, and designated areas for resting and a litter box.

**Image:** An internal view of the cat house with labels indicating key features such as the cattery, handrails, scratching post, eating area, cat ladder, and toilet area, illustrating the multi-functional layout.

## SAFETY INFORMATION

- Ensure all components are securely fastened during assembly.
- Regularly inspect the cat house for any loose parts or damage.
- Keep small children away during assembly.
- Do not overload shelves or platforms.
- Place the cat house on a level surface to prevent tipping.
- Batteries for LED lights should be installed correctly and replaced as needed.

## SETUP AND ASSEMBLY

The Wemart MGY-1 Cat House is designed for straightforward assembly. A detailed installation manual and all necessary accessories are included with your purchase. Follow the step-by-step instructions provided in the separate assembly guide.

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the parts list in the assembly guide.
2. **Assemble Frame:** Begin by assembling the main frame structure according to the diagrams.
3. **Install Shelves and Accessories:** Attach the internal platforms, cat ladder, and scratching post.
4. **Attach Wheels:** Securely fasten the four universal wheels to the base of the cat house. Ensure the two wheels with brakes are positioned correctly for easy locking.
5. **Install LED Lights:** Insert batteries (not included) into the LED light units and attach them as indicated in the assembly guide.
6. **Final Check:** Once assembled, ensure all screws are tightened and the structure is stable.

# PRODUCT DETAILS

From the details, strictly control each process, built-in rich facilities

Sisal cat scratching post

Environmentally friendly, odor-free, wear-resistant, gripping, durable

Cosy cat house

Large space, spacious and breathable, pleasant to play and sleep

Fun ladder

Ensure the stability and practicality of the product

Travelling pulley

Wheel with brake for easy movement

**Image:** Detailed views of key components including the sisal cat scratching post, the cosy cat house enclosure, the fun ladder for access between levels, and the travelling pulley (wheel) with a brake mechanism for mobility and stability.

## OPERATING INSTRUCTIONS

### Mobility and Positioning

The cat house is equipped with four universal wheels for easy movement. To move the unit, unlock the brakes on the two braked wheels. Once in the desired position, engage the brakes to secure the cat house in place.

### LED Lighting

The integrated LED lights provide illumination inside the cat house. These lights require batteries (not included). Refer to the assembly guide for battery type and installation instructions. Use the switch to turn the lights on or off.

### Ventilation

The hollowed-out side panels ensure continuous airflow, maintaining a fresh and dry environment for your cat. No specific operation is required for ventilation.

**Image:** The cat house with visual indicators (arrows) demonstrating the airflow through the side panels, emphasizing the effective ventilation system designed to keep the interior fresh.

## Internal Features

- **Scratching Post:** The sisal scratching post allows your cat to satisfy natural scratching instincts, helping to protect other furniture.
- **Cat Ladder & Platforms:** Provides easy access to different levels and resting spots within the house.
- **Litter Box Area:** A dedicated space at the bottom is provided for a cat litter box (not included).

## MAINTENANCE AND CARE

---

- **Cleaning:** Wipe down wooden surfaces with a damp cloth. Avoid harsh chemicals that could damage the wood or be harmful to your cat. The thickened boards are designed to be waterproof.
- **Scratching Post:** Periodically check the sisal scratching post for wear and tear. Replace if significantly damaged to ensure continued functionality.
- **LED Lights:** Replace batteries as needed to maintain illumination.
- **Wheels:** Keep wheels clean and free of debris to ensure smooth movement. Lubricate if necessary.
- **General Inspection:** Regularly check all screws and connections to ensure they remain tight and secure.

## Tempered Glass

High transparency tempered glass

Clear and thorough

Cats have unrestricted vision

## Thickened Board

Thickened environmentally friendly board

No odor, waterproof design, more hygienic

**Image:** Detailed views of the materials used: tempered glass, noted for its high transparency and clear vision, and thickened wood board, highlighted for its environmental friendliness, lack of odor, and waterproof design, contributing to hygiene and durability.

## TROUBLESHOOTING

- **Issue:** Cat house feels unstable after assembly.  
**Solution:** Re-check all screw connections and ensure they are fully tightened. Verify the unit is on a level surface. Engage wheel brakes if not already.
- **Issue:** LED lights are not working.  
**Solution:** Check if batteries are installed correctly and are not depleted. Replace batteries if necessary. Ensure the light switch is in the "on" position.
- **Issue:** Wheels are difficult to move or lock.  
**Solution:** Clean any debris from the wheels and their axles. Ensure the brake mechanism is not obstructed.
- **Issue:** Odor detected from the wood.  
**Solution:** While the wood is designed to be odor-free, a new product may have a faint scent. Ensure good

ventilation in the room for a few days. If the odor persists, contact customer support.
