3. GETTING STARTED

3.1 Powering On/Off

To power on the tablet, press and hold the power button located on the side until the screen illuminates. To power off, press and hold the power button, then select "Power off" from the options that appear on the screen.

3.2 Initial Setup (Android 15)

Upon first use, the tablet will guide you through the initial setup process. This includes selecting your language, connecting to a Wi-Fi network, setting up your Google account, and configuring basic security settings. Follow the on-screen prompts to complete the setup.

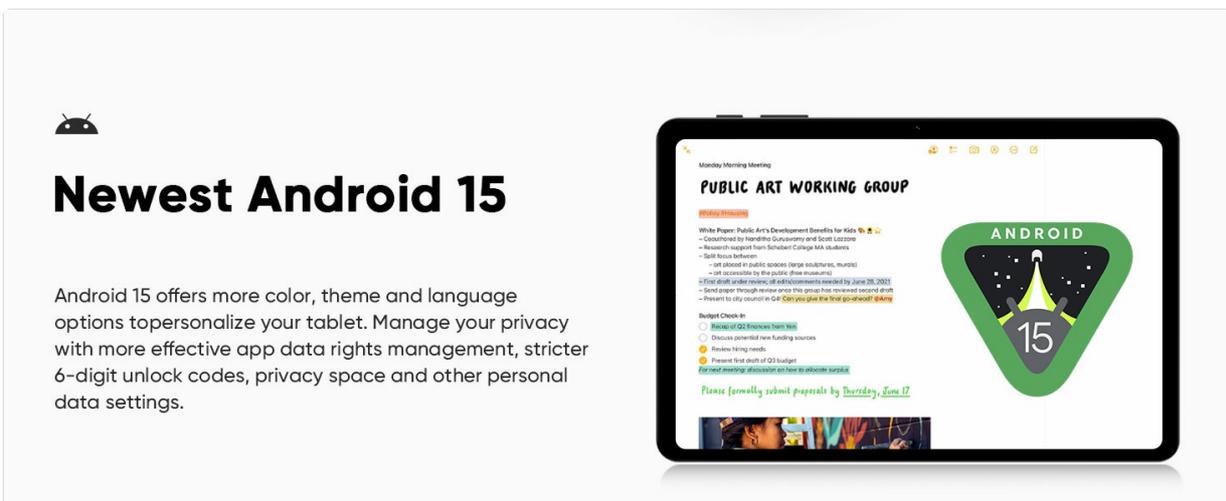

Image: Overview of Android 15 features, including Widevine L1 support, parental controls, GPS navigation, face unlock, split screen functionality, and wireless screen mirroring.

3.3 Connecting to Wi-Fi

1. Go to **Settings** > **Network & internet** > **Wi-Fi**.
2. Toggle Wi-Fi to **On**.
3. Select your desired network from the list.
4. Enter the password if prompted and tap **Connect**.

The tablet supports 2.4GHz and 5GHz dual-band Wi-Fi for stable and fast network connections.

High Speed 5GHz WIFI

The tablet supports 2.4GHz and 5GHz dual-band WIFI, which greatly improves connection stability and network speed for work and play.

Image: A user working on the tablet with a keyboard, highlighting the high-speed 5GHz Wi-Fi capability for improved connection stability and network speed.

3.4 Connecting Bluetooth Accessories

Your tablet comes with a Bluetooth keyboard and a wireless mouse. Follow these steps to pair them:

3.4.1 Bluetooth Keyboard Connection

1. Turn the power switch on the keyboard to the **ON** position.
2. Press **FN+C** on the keyboard. The Bluetooth indicator will start blinking, indicating pairing mode.
3. On your tablet, go to **Settings** > **Connected devices** > **Bluetooth**.
4. Ensure Bluetooth is enabled. Tap **Pair new device**.
5. Find "Bluetooth Keyboard" in the list of available devices and tap to pair. Confirm pairing if prompted.

Bluetooth keyboard connection steps

1. After turning the power switch on the keyboard to ON position and pressing FN+C, the Bluetooth indicator will start blinking and the keyboard will enter the pairing mode.

2. Turn on your tablet's Bluetooth and long press to enter Bluetooth settings; click "Pair New Device"

3.Find "Bluetooth Keyboard" and click pairing, click to confirm pairing.

Image: Visual guide demonstrating the steps to connect the Bluetooth keyboard, including turning on the keyboard and pressing FN+C to activate pairing mode.

3.4.2 Bluetooth Mouse Connection

1. Open the battery cover on the back of the mouse and insert the required AAA batteries (not included).
2. Turn on the mouse. It should automatically enter pairing mode.
3. On your tablet, go to **Settings** > **Connected devices** > **Bluetooth**.
4. Ensure Bluetooth is enabled. Tap **Pair new device**.
5. Find "BT5.2 Mouse" (or similar) in the list of available devices and tap to pair. Confirm pairing if

prompted.

Bluetooth mouse connection

1. Open the battery cover on the back of the mouse and insert the battery (not included in the set).pairing mode.

4.4 Audio

Experience immersive audio with the tablet's dual speakers, featuring volume boost for an enhanced listening experience.

Dual Speaker

Featuring dual speakers with volume boost for an immersive audio-visual experience

Image: The tablet displaying sound waves from its dual speakers, indicating an immersive audio-visual experience with volume boost.

4.5 Multitasking (Split Screen)

The Android 15 operating system supports split-screen functionality, allowing you to run two applications simultaneously. For example, you can video call a friend while browsing the web or take notes while watching a video.

Split screen application support

With the ability to run multiple programmes at the same time, for example, you can video call a friend while browsing the web, or chat while taking notes, it's the perfect assistant in your life!
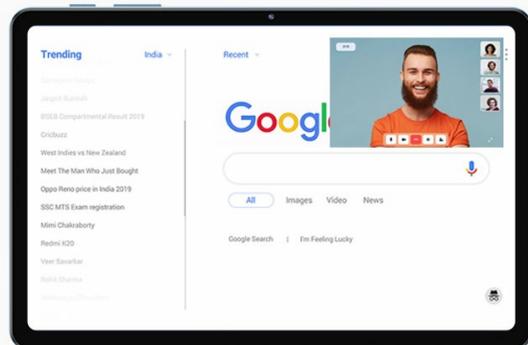

Image: The tablet screen demonstrating split-screen application support, with Google search on one side and a video call on the other, illustrating multitasking capabilities.

4.6 Wireless Screen Casting

Wirelessly cast your tablet's screen to a compatible display (e.g., smart TV) for an enhanced viewing experience. This feature simplifies sharing content without complex cable connections.

Wireless screen casting

Enhanced immersive experience, wireless connectivity, no need to struggle with complex operations, twice the fun, easy to navigate

Image: The tablet's screen being wirelessly cast to a television, demonstrating the wireless screen casting feature for an enhanced and easy-to-navigate immersive experience.

4.7 GPS Navigation

The tablet supports GPS positioning, allowing for navigation and location-based services. This can be useful for travel or finding directions.

Widevine L1 Tablet

A30 Tablets with Widevine L1 support seamlessly playing Netflix/Prime Video/Hulu/HBO Max/YouTube/Disney+ & more in HD/1080P, ensuring a smooth, premium streaming experience across top platforms.
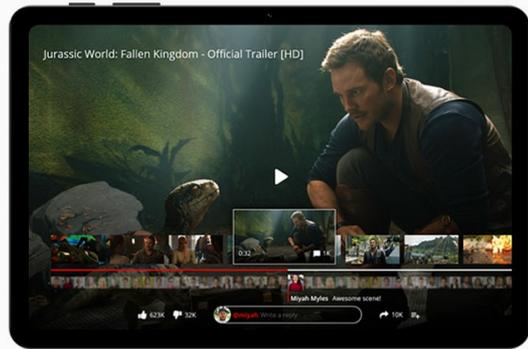

Image: The tablet displaying a navigation map, illustrating its GPS positioning support for use in vehicles or for general navigation.

5. MAINTENANCE

5.1 Battery Charging

The tablet is equipped with a 6000mAh battery. Use the provided USB Type-C charging cable and power adapter to charge the device. The tablet supports 18W PD fast charging, which can significantly reduce charging time compared to standard 5V2A chargers.

Built-in 6000mAh Battery 18W PD Charge

The large 6000mAh battery lasts for over 6 hours of video or 15 hours of music. The tablet supports 18W fast charging, which can increase charging speed by more than 50% compared to 5V2A and reduce waiting time.

Image: An internal diagram of the tablet highlighting the built-in 6000mAh battery and the USB Type-C charging port, indicating 18W PD fast charging capability.

5.2 Storage Expansion

The tablet has 64GB of internal storage. To expand storage, insert a Micro SD card (up to 2TB, sold separately) into the designated slot. This allows for more space for applications, photos, videos, and documents.

6. TROUBLESHOOTING

- **Tablet not turning on:** Ensure the battery is charged. Connect the charger and try again. If unresponsive, press and hold the power button for 10-15 seconds for a forced restart.

- **Cannot connect to Wi-Fi:** Check if Wi-Fi is enabled in settings. Ensure the password is correct. Restart your router and the tablet.

- **Bluetooth accessories not pairing:** Ensure the accessories are in pairing mode and fully charged. Check the tablet's Bluetooth settings and try re-pairing.

- **Slow performance:** Close unnecessary background applications. Clear cache from apps. Consider performing a factory reset if issues persist (back up data first).

- **Screen unresponsive:** Restart the tablet. If the issue continues, contact customer support.
