# Momcozy WW02-H Baby Wipe Warmer Instruction Manual

Model: WW02-H | Brand: Momcozy

## INTRODUCTION

This manual provides essential information for the safe and effective use of your Momcozy WW02-H Baby Wipe Warmer. Please read these instructions thoroughly before operation and retain for future reference.

## SAFETY INFORMATION

- Always unplug the device when not in use or before cleaning.
- Do not immerse the device in water or other liquids.
- Keep out of reach of children.
- Use only as directed.
- Regular Cleaning Needed: Wipe the interior and exterior of the wipe warmer at least once weekly with alcohol or wipes, preventing prolonged accumulation of steam generated during heating, which may contaminate the wipes or table.

## PRODUCT FEATURES

- **Gentle 3-Level Night Light:** A built-in night light with three adjustable brightness levels provides illumination for nighttime diaper changes without disturbing the baby.
- **Quick 10-Minute Heating:** Top-heating technology warms wipes in approximately 10 minutes, ensuring even heat distribution for comfort.
- **4 Temperature Modes:** Select from 4 temperature options (104°F, 113°F, 122°F, 131°F) to suit different needs and seasons.
- **Large 100-Wipe Capacity:** Accommodates up to 100 wipes, compatible with most baby wipe brands.
- **Dual-Seal Design:** Top lid and high-quality silicone seal retain moisture and warmth, keeping wipes fresh and soft.
- **Innovative Spring Design:** Ensures wipes are always accessible at the top. The spring can be removed

for larger wipe packs.

- **Transparent Window:** Allows easy monitoring of remaining wipe quantity.
- **One-Step Safety Lock:** Securely locks the lid, convenient for single-hand operation.
- **Top-Button Design:** Prevents accidental touches and simplifies operation.

## SETUP INSTRUCTIONS

---

1. Place the spring structure into the wet wipe compartment.
2. Open your pack of wet wipes. For optimal moisture retention, it is recommended to keep wipes in their original packaging. Cut off the plastic flip-top part of the wipe package.
3. Place the wet wipes inside the wet wipe heating compartment. Ensure the wipes are positioned correctly for dispensing.
4. Close the top cover securely.
5. Secure the safety lock by sliding it into place.
6. Plug in the power supply. The digital display will show "--" continuously, indicating it is ready for operation.

## OPERATING INSTRUCTIONS

---

### Power On/Off

Press the power button (usually indicated by a circle with a vertical line) to turn the warmer on or off.

### Adjusting Temperature

The warmer offers 4 temperature settings: 104°F, 113°F, 122°F, and 131°F. Use the '+' and '-' buttons on the control panel to cycle through the desired temperature. The display will show the selected temperature.

## Adjustable Soft Night Light

Make nighttime diaper changes easier

*Image: The wipe warmer with its nightlight illuminated in a dim room, providing soft ambient light.*

### MAINTENANCE AND CLEANING

- **Regular Cleaning:** Wipe the interior and exterior of the wipe warmer at least once weekly with alcohol or wipes. This prevents the accumulation of steam, which can contaminate wipes or surfaces.
- **Moisture Retention:** To prevent wipes from drying out, add a moderate amount of purified water to the wipe warmer (below the bottom edge of the visual window). Regularly check the water level to avoid leaking from overfilling.
- **Heating Tip:** As the wipe warmer uses a top-heating design, unplug it when leaving home or during extended periods of non-use to prevent prolonged heating of top wipes, which can cause dryness.

## TROUBLESHOOTING

---

### Wipes are drying out

- Ensure the dual-seal lid is properly closed after each use.
- Add purified water to the warmer's reservoir if the wipes are not in their original packaging.
- Unplug the warmer if not in use for extended periods to prevent excessive heating.

### Wipes are not warming

- Check if the power cord is securely plugged into both the warmer and the electrical outlet.
- Verify that the warmer is powered on and a temperature setting is selected.

### Difficulty dispensing wipes

- If using a full pack of 100 wipes, consider removing the spring mechanism for easier dispensing.
- Ensure the wipes are threaded correctly through the silicone opening.

## SPECIFICATIONS

---

Feature	Detail
Product Dimensions	10.24 x 6.69 x 5.58 inches
Item Model Number	WW02-H
Item Weight	3.45 pounds
Batteries Required	No
Temperature Modes	104°F, 113°F, 122°F, 131°F
Heating Time	Approx. 10 minutes
Wipe Capacity	Up to 100 wipes
