SETUP

1. **Initial Charge:** Before first use, fully charge the toothbrush. Connect the USB charging cable to the magnetic charging base and plug it into a power source. Place the toothbrush handle onto the magnetic base. The screen will indicate charging status. A full charge typically takes approximately 3.5 hours.
2. **Attach Brush Head:** Align the brush head with the metal shaft on the toothbrush handle and push it down firmly until it clicks into place.
3. **Download Oclean Care+ App (Optional):** For personalized brushing reports and advanced settings, download the Oclean Care+ app from your device's app store. The toothbrush supports Bluetooth connectivity for syncing data.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Press the power button on the handle to turn the toothbrush on or off.
2. **Select Brushing Mode:** Use the smart touchscreen to swipe and select your desired brushing mode. The toothbrush offers 5 default modes and exclusive customizable modes.
3. **Brushing Technique:**
 - Wet the brush head and apply a small amount of toothpaste.
 - Place the brush head against your teeth at a slight angle towards the gumline.
 - Move the brush slowly from tooth to tooth, allowing the bristles to clean each surface.
 - The AI voice reminder will provide real-time guidance and feedback on pressure and coverage.
 - The screen display will show brushing results, indicating areas that are not fully clean (yellow) or unclean (red).
4. **Smart Screen Feedback:** The interactive touchscreen provides real-time information during and after brushing.

MAINTENANCE

- **Cleaning the Brush Head:** After each use, rinse the brush head thoroughly under running water.
- **Cleaning the Handle:** Wipe the toothbrush handle with a damp cloth. Do not use abrasive cleaners or harsh chemicals.
- **Charging:** Recharge the toothbrush when the battery indicator shows low power. Ensure the charging base is dry before placing the toothbrush on it.
- **Brush Head Replacement:** Replace brush heads every 3 months, or sooner if the bristles become frayed or worn.
- **Storage:** Store the toothbrush in a dry place when not in use. Use the provided travel case for hygienic storage during travel.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Toothbrush does not turn on.	Low battery; device malfunction.	Charge the toothbrush fully. If it still doesn't turn on, contact customer support.
Toothbrush not charging.	Improper placement on charger; faulty charger/cable; dirty charging contacts.	Ensure toothbrush is correctly seated on the magnetic base. Check if the charging cable is securely connected. Clean charging contacts on both the brush and base. Try a different USB power adapter.
AI voice reminder gives "too much pressure" warning frequently.	Applying excessive pressure during brushing; sensor sensitivity.	Reduce pressure while brushing. Ensure the brush head is making gentle contact with teeth and gums. If the issue persists even when not in use, contact customer support for potential sensor calibration or service.
Screen display is blank or unresponsive.	Low battery; software glitch.	Charge the toothbrush. Try restarting the toothbrush by holding the power button for 10 seconds. If the problem continues, contact customer support.
