Lamshaw 22mm Quick Release Stretchy Solo Loop Adjustable Nylon Replacement Straps

Lamshaw 22mm Quick Release Stretchy Solo Loop Adjustable
Nylon Replacement Straps
USER MANUAL

1. Introduction

This manual provides comprehensive instructions for the Lamshaw 22mm Quick Release Stretchy Solo Loop Adjustable Nylon Replacement Straps. These straps are designed for comfort and durability, compatible with various smartwatches including ID208 Plus, IDW13, IDW16, IDW17, IDW19, IDW20, IDW21, IDW23, IDW25, IDW26, IDW28, Quican, aeac, and WMK Smart Watches.

2. Product Overview

The Lamshaw replacement strap features a 22mm width, crafted from high-quality, breathable, and lightweight nylon material. It incorporates a quick-release mechanism for easy installation and removal. The strap is adjustable to fit a wide range of wrist sizes and is secured with a durable stainless steel buckle. A distinctive orange woven detail adds a unique aesthetic.

3. Setup: Installation Instructions

Installing your Lamshaw replacement strap is a straightforward process thanks to its quick-release spring bars.

1. **Prepare your Smartwatch:** Ensure your smartwatch is clean and free from any debris where the strap connects.
2. **Locate the Quick-Release Pins:** On the back of each strap segment, you will find a small lever or pin.
3. **Insert the First Pin:** Gently slide one end of the quick-release pin into the corresponding lug hole on your smartwatch.
4. **Engage the Second Pin:** While holding the first pin in place, pull the quick-release lever to retract the other end of the pin. Align this end with the opposite lug hole on your smartwatch.
5. **Release the Lever:** Once aligned, release the lever. The pin should snap securely into the lug hole. Gently tug on the strap to ensure it is firmly attached.

6. **Repeat for the Second Strap:** Follow the same steps to attach the second strap segment.

Image 3.1: A detailed view of the quick-release pin on the strap, illustrating how it retracts for easy installation and removal from the smartwatch lugs.

4. Operating: Adjusting the Strap

The Lamshaw strap features an adjustable loop closure to ensure a secure and comfortable fit for various wrist sizes.

1. **Wear the Smartwatch:** Place the smartwatch on your wrist.
2. **Thread the Strap:** Pass the end of the strap through the stainless steel buckle.
3. **Adjust for Fit:** Pull the strap to tighten or loosen it until it feels snug but not constricting. The strap is designed to fit wrists between 5.12 inches (130mm) and 8.66 inches (220mm).
4. **Secure the Loop:** Once the desired fit is achieved, ensure the strap end is properly secured through the loop to prevent loosening during activity.

STAINLESS STEEL BUCKLE

Waterproof, corrosion-resistant,
long-lasting, high-gloss

Fit for Everyone

Fits Wrist: 5.12"-8.66" (130mm - 220mm)

Image 4.2: The Lamshaw strap displayed flat, indicating its total length and the range of wrist sizes it can accommodate, from 5.12 to 8.66 inches.

5. Maintenance

To ensure the longevity and cleanliness of your Lamshaw nylon strap, follow these simple maintenance guidelines:

- **Cleaning:** Hand wash the strap with mild soap and cool water. Avoid harsh detergents or abrasive cleaners, as these can damage the nylon fibers.
- **Drying:** After washing, gently squeeze out excess water and allow the strap to air dry completely. Do not use direct heat sources like hair dryers or direct sunlight, as this can cause shrinkage or damage.
- **Storage:** When not in use, store the strap in a clean, dry place away from direct sunlight to prevent discoloration.

6. Troubleshooting

If you encounter any issues with your Lamshaw replacement strap, please refer to the following common solutions:

- **Strap Not Attaching Securely:** Ensure the quick-release pins are fully engaged in the smartwatch lugs. Sometimes, a

slight jiggle or re-insertion is needed to ensure both ends of the pin snap into place.

- **Strap Feels Too Tight or Too Loose:** Re-adjust the strap using the loop closure. Verify your wrist measurement falls within the specified range of 5.12"-8.66" (130mm-220mm).
- **Discoloration or Wear:** Nylon straps can show signs of wear over time, especially with frequent exposure to sweat or dirt. Regular cleaning as per the maintenance section can help mitigate this. If significant wear occurs, consider replacing the strap.

7. Specifications

Feature	Specification
Material	High-quality Nylon
Band Width	22mm
Wrist Fit Range	5.12" - 8.66" (130mm - 220mm)
Clasp Type	Adjustable Loop Buckle
