- 2. Assemble Frame:** Begin by assembling the main frame of the dresser, connecting the top, bottom, and side panels as per the diagrams in the separate assembly guide. Ensure all connections are secure.
- 3. Install Drawer Slides:** Attach the drawer slides to the interior of the dresser frame and to the sides of each drawer box. Ensure they are level and aligned for smooth operation.
- 4. Assemble Drawers:** Construct each of the seven drawers. This involves attaching the front, back, and side panels, then sliding in the drawer bottom. Secure the metal handles to the drawer fronts.
