BVNA I25 Ult_2

BVNA I25 Ult_2 Smartphone User Manual

Model: I25 Ult_2

Introduction

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your BVNA I25 Ult_2 Smartphone. Please read this manual thoroughly before using your device to ensure proper functionality and longevity.

Figure 1: BVNA I25 Ult_2 Smartphone (Wine Red B) with included stylus.

The BVNA I25 Ult_2 is a feature-rich smartphone designed for modern communication and entertainment. It boasts a 6.01-inch display, runs on the Android operating system, and includes a powerful 7000mAh battery. Key features include advanced security options like screen fingerprint unlock and zero photosensitive face recognition, as well as an integrated E-Pen for enhanced productivity and creativity.

Setup

1. Initial Charging

Before first use, fully charge the smartphone using the provided charging cable and adapter. The device is equipped

with a Lithium Ion battery (included).

Figure 2: The smartphone supports fast charging, indicated by 'CHARGE TURBO' on the display during charging.

2. SIM Card Installation

Locate the SIM card tray on the side of the device. Use the SIM ejector tool to open the tray. Insert your Nano-SIM card(s) and/or microSD card into the designated slots. Ensure the tray is fully reinserted.

3. Powering On

Press and hold the Power button (usually on the right side) until the BVNA logo appears on the screen. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and complete the initial setup process.

Operating Instructions

1. Screen Navigation

The I25 Ult_2 features a responsive 6.01-inch touchscreen. Navigate by tapping, swiping, pinching, and spreading fingers on the display. The Android operating system provides an intuitive user interface.

2. Unlocking Your Device

Your smartphone offers multiple secure unlocking methods:

- **Screen Fingerprint Unlock:** Place your registered finger on the designated area of the screen for quick and secure access.

Figure 3: The screen fingerprint unlock feature allows for convenient and secure access to the device.

- **Zero Photosensitive Face Recognition:** Use advanced face unlock technology to access your phone with a glance, even in low-light conditions.

Figure 4: Face recognition technology provides a fast and secure method for unlocking the smartphone.

3. Connectivity

The device supports Wi-Fi and 4G cellular technology. To connect to Wi-Fi, go to Settings > Network & internet > Wi-Fi and select your desired network. For cellular data, ensure your SIM card is active and configured correctly.

Figure 5: The smartphone supports global 5G LTE bands, ensuring broad network compatibility.

4. Using the E-Pen

The I25 Ult_2 features a built-in E-Pen that pops up from the phone. This electronic pen allows for natural writing, sketching, and precise interaction with the screen. It is more responsive and controllable than previous versions.

Figure 6: The integrated E-Pen enhances productivity and creative tasks on the smartphone.

Maintenance

1. Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner designed for electronics.

2. Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. Go to Settings > System > System update to check for available updates.

3. Battery Care

To prolong battery life, avoid extreme temperatures. It is recommended to keep the battery charge between 20% and 80% for daily use. The 7000mAh battery is designed for long-lasting performance.

4. Storage Management

The device has 11 GB of memory storage capacity. Regularly clear unnecessary files, cache, and uninstall unused applications to maintain optimal performance. You can also expand storage using a microSD card.

Troubleshooting

1. Device is Slow or Unresponsive

- Restart the device.
- Close background applications.
- Clear cache and data of frequently used apps.
- Ensure sufficient storage space is available.

2. Connectivity Issues (Wi-Fi/Cellular)

- Toggle Wi-Fi or Cellular Data off and on.
- Restart your router (for Wi-Fi).
- Check if Airplane Mode is enabled.
- Verify SIM card is properly inserted and active.

3. Battery Not Charging

- Ensure the charging cable and adapter are securely connected.
- Try a different charging cable and adapter.
- Check the charging port for debris.

4. Apps Not Functioning Correctly

- Clear the app's cache and data (Settings > Apps > [App Name] > Storage > Clear Cache/Clear Data).
- Uninstall and reinstall the app.
- Ensure the app is compatible with your Android OS version.

Specifications
