VEVOR DTC-804F

VEVOR Pet Stroller User Manual

Model: DTC-804F

1. INTRODUCTION

Thank you for choosing the VEVOR Pet Stroller. This manual provides essential information for the safe and effective use, assembly, and maintenance of your pet stroller. Designed for convenience and comfort, this 4-wheel pet stroller is suitable for dogs and cats weighing up to 35 lbs, offering a secure and enjoyable travel experience for your beloved companion.

2. SAFETY INFORMATION

- Always ensure your pet is securely fastened inside the carrier using the integrated safety leash to prevent escape.
- Do not exceed the maximum weight capacity of 35 lbs (16 kg).
- Regularly inspect all parts for wear, damage, or loose connections before each use. Do not use if any part is damaged.
- Engage the wheel brakes when the stroller is stationary to prevent unintended movement.
- Avoid leaving your pet unattended in the stroller, especially on inclines or near traffic.
- Keep fingers and hands clear of moving parts, especially during folding and unfolding.
- This stroller is designed for pet transport only. Do not use it for children or other purposes.

3. PACKAGE CONTENTS

Upon unpacking, please verify that all components listed below are present and in good condition:

- Stroller Frame (1 unit)
- Detachable Pet Carrier Basket (1 unit)
- Front Wheels (2 units)
- Rear Wheels (2 units)
- Cup Holder (1 unit)
- Storage Basket (underneath carrier, 1 unit)
- User Manual (this document)

4. SETUP AND ASSEMBLY

Follow these steps to assemble your VEVOR Pet Stroller:

1. **Unfold the Frame:** Carefully unfold the stroller frame until it locks into the open position. Ensure all locking mechanisms are engaged.
2. **Attach the Wheels:**
 - Insert the front wheels into their designated slots on the front legs of the frame until they click securely into place.
 - Attach the rear wheels to the rear axle. Ensure the brake mechanism is correctly aligned and the wheels are firmly attached.
3. **Install the Storage Basket:** Secure the lower storage basket to the designated hooks or clips on the stroller frame.
4. **Attach the Pet Carrier:** Place the detachable pet carrier basket onto the top frame of the stroller, ensuring it clicks securely into place. Verify it is stable before placing your pet inside.
5. **Attach the Cup Holder:** Clip the cup holder onto the handle bar at your preferred position.

5. OPERATING INSTRUCTIONS

5.1 Using the Stroller

- **Placing Your Pet:** Open the mesh window or top canopy of the carrier. Gently place your pet inside and secure them with the internal safety leash. Close the canopy/window.

- **Adjusting the Handle:** The handle height can be adjusted for comfortable pushing. Locate the adjustment buttons or levers on the side of the handle and set it to your desired height.
- **Maneuvering:** The 6-inch front wheels feature 360° swivel for easy navigation, while the 7-inch rear wheels provide stability.

Figure 5.1: The stroller provides a comfortable ride for your pet.

5.2 Engaging the Brakes

The stroller is equipped with a single-wheel brake on the rear wheels. To engage the brake, press down on the brake lever located near the rear wheels until it locks into place. To release, lift the lever.

5.3 Folding the Stroller

The stroller features an easy folding design for convenient storage and transport:

1. Ensure the pet carrier is empty and detached if desired for more compact storage.
2. Locate the folding release button/mechanism on the handle or frame.

3. Press the release button and rotate the handle forward, then push down to collapse the frame.
4. Secure the folded stroller with any integrated locking clips to prevent accidental unfolding.

5.4 Using the Detachable Carrier

The pet carrier basket can be detached from the stroller frame and used as a standalone portable carrier. Simply unlatch the carrier from the frame and use its integrated handles for carrying.

Dual Experience Upgrade, Wear-Resistant and Breathable

Made with 600D Oxford Fabric and Mesh Window Design

600D Oxford Material:
Durable and Scratch-Resistant

Breathable Mesh:
Enhances Air Circulation
Provides a Wide View

Single Zipper Design:
Secure and Reliable

Figure 5.3: The pet carrier can be detached for versatile use.

6. MAINTENANCE

- **Cleaning Fabric:** The 600D Oxford fabric is tear-resistant and can be spot cleaned with a mild detergent and damp cloth. Allow to air dry completely.
- **Frame Care:** Wipe the alloy frame with a damp cloth to remove dirt and debris. Avoid harsh chemicals that may damage the rust-resistant coating.

- **Wheel Maintenance:** Periodically check the wheels for debris (e.g., hair, string) that may impede rotation. Clean as necessary. Ensure wheels spin freely.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight when not in use to prolong its lifespan.

Designed for Rough Terrain

Durable Large-Size Wheels

| Problem | Possible Cause | Solution |
|------------------------------------|---|---|
| Stroller feels unstable or wobbly. | Wheels not fully engaged; loose connections; uneven assembly. | Ensure all wheels are securely clicked into place. Check all frame connections for tightness. Review assembly instructions carefully. |
| Brakes are not holding. | Brake mechanism obstructed or misaligned. | Clear any debris from the brake mechanism. Ensure the brake lever is fully engaged. If issues persist, inspect for damage. |
| Stroller is difficult to fold. | Folding mechanism not fully released; obstruction. | Ensure the release button/lever is fully activated. Check for any items or fabric obstructing the folding path. |
| Pet carrier not securing to frame. | Improper alignment; debris in connection points. | Align the carrier correctly with the frame's attachment points. Clear any debris from the connection areas. |
