SETUP GUIDE

1. Charging Your Smartwatch

Before initial use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible power source.

530mAh HUGE Battery Up to 30 Days Standby

Enhance your journey with enduring energy right at your fingertips, lasting for a full week

Communication Features

With Bluetooth 5.0, the FV10-B allows you to make and receive calls directly from your wrist. It also displays message notifications from your smartphone, ensuring you stay connected without constantly checking your phone. Other features include an AI voice assistant, music playback control, and remote camera shutter.

Health Monitoring

The smartwatch provides 24-hour heart rate monitoring, real-time blood oxygen (SpO2) detection, and comprehensive sleep tracking (deep sleep, light sleep, REM). Monitoring data is saved for 30 days in the app, allowing you to track your

health trends and adjust your routine.

CARE AND MAINTENANCE

Durability and Water Resistance

The SUNKTA Military Smart Watch is built with special composite materials and a metal shell, making it rugged and durable. It has passed various durability tests, including resistance to drilling, crushing, hot steam, salt spray, and liquid

contamination. It is 5ATM waterproof, meaning it can withstand splashes, rain, and can be worn while swimming.

Cleaning Your Smartwatch

To clean your smartwatch, gently wipe the screen and body with the provided screen wipe and microfiber cloth. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

- **Notifications not appearing:** Ensure Bluetooth is connected, the FitCloudPro app is running in the background, and all necessary notification permissions are granted in your phone's settings for the app.
- **Speaker volume too low/inconsistent:** Check the watch's volume settings. Ensure your wrist position does not obstruct the speaker during calls or media playback.
- **Screen lights up too easily with wrist gesture:** Adjust the wrist gesture sensitivity in the FitCloudPro app settings to prevent accidental screen activation.
- **Binding issues:** Ensure the watch is sufficiently charged and Bluetooth is enabled on both the watch and your phone. Try restarting both devices and attempting the binding process again. Ensure no other devices are attempting to connect simultaneously.

PRODUCT SPECIFICATIONS

Feature	Specification
Product Dimensions	3.94 x 1.97 x 0.98 inches
Item Weight	9.6 ounces
Item model number	FV10-B
Batteries	1 CR5 batteries required (included)
