PRODUCT FEATURES

- **Vibrant RGBWIC Lighting:** Experience 16 million colors with smooth transitions, enhanced by improved RGBWIC beads and a LuminBlend 16-bit control system.

- **Durable Outdoor Design:** IP67 waterproof rating ensures resistance to rain and extreme temperatures (-20°C to 40°C). The high-quality aluminum housing provides long-lasting performance.
- **Extensive Scene Modes:** Choose from 69 preset scene modes or create custom lighting effects to suit any occasion.
- **Smart Control Options:** Compatible with Matter, Alexa, and Google Assistant. Control lights, scenes, brightness, and select from 7 music modes using the Govee Home app or voice commands.
- **Enhanced Brightness:** Each spotlight delivers up to 700 lumens for effective illumination.

SETUP AND INSTALLATION

The Govee Outdoor Spotlights 2 offer flexible installation options. Ensure the power adapter and control box are placed in a dry, protected area, away from direct water exposure.

1. Choose Installation Method

You can install the spotlights using either ground stakes or by wall mounting.

- **Ground Stake Installation:** Attach the ground stake to the bottom of the spotlight. Insert the stake firmly into soft ground in your desired location.
- **Wall Mount Installation:** Use appropriate screws (not included) to secure the spotlight's base to a wall or other stable surface.

2. Connect Components

1. Connect the spotlights to the control box. Ensure connections are secure.
2. Connect the power cable to the control box.
3. Plug the power adapter into a suitable outdoor power outlet.

3. Govee Home App Connection

1. Download the Govee Home app from your smartphone's app store.
2. Register or log in to your Govee account.
3. Follow the in-app instructions to add your Govee Outdoor Spotlights 2. This typically involves enabling Bluetooth and Wi-Fi on your device and selecting the spotlight model.

OPERATING INSTRUCTIONS

1. Basic Control via Govee Home App

The Govee Home app provides comprehensive control over your spotlights.

- **Power On/Off:** Toggle the power button within the app.
- **Color Selection:** Choose from 16 million colors using the color wheel or predefined palettes.
- **Brightness Adjustment:** Use the dimmer slider to adjust light intensity from 1% to 100%.
- **Scene Modes:** Select from 69 preset scene modes for various atmospheres (e.g., Natural, Festival, Life, Emotion). You can also create and save custom scenes.
- **Music Modes:** Synchronize your lights with music using the 7 available music modes.

2. Voice Control

The spotlights are compatible with Matter, Amazon Alexa, and Google Assistant for hands-free control.

- **Connecting Voice Assistants:** Follow the instructions in the Govee Home app to link your spotlights with Alexa, Google Assistant, or Matter.
- **Voice Commands:**
 - "Alexa, turn on [Device Name]."
 - "Hey Google, set [Device Name] to blue."
 - "Alexa, dim [Device Name] to 50%."
 - "Hey Google, change [Device Name] to party mode."

MAINTENANCE

- **Cleaning:** Gently wipe the spotlights with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Inspection:** Periodically check the power cable and connections for any signs of damage or wear. Ensure all

waterproof seals are intact.

- **Storage:** If storing the lights for an extended period, disconnect them from power and store them in a dry, cool place.

TROUBLESHOOTING

1. Lights Not Turning On

- Ensure the power adapter is securely plugged into a working outlet.
- Check all cable connections between the spotlights, control box, and power adapter.
- Verify that the control box is powered on.

2. Unable to Connect to Govee Home App

- Ensure your smartphone's Bluetooth and Wi-Fi are enabled.
- Place your smartphone close to the control box during the pairing process.
- Restart the Govee Home app and try again.
- Unplug the spotlights for 10 seconds and then plug them back in to reset.

3. Lights Not Responding to Voice Commands

- Confirm that the spotlights are properly linked to your voice assistant (Alexa, Google Assistant, Matter) through the Govee Home app.
- Ensure your voice assistant device is online and within range.
- Use the exact device name you assigned in the Govee Home app.
