

XINDADA H99 2025

XINDADA H99 2025 Smartwatch User Manual

Model: H99 2025

1. INTRODUCTION

Welcome to the user manual for your new XINDADA H99 2025 Smartwatch. This manual provides essential information on how to set up, operate, and maintain your device. Please read it carefully to ensure optimal performance and longevity of your smartwatch.

2. SAFETY INFORMATION

- **Battery Safety:** Do not attempt to replace the battery yourself. Use only the provided charging cable and adapter. Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods.
- **Water Resistance:** The device may have a degree of water resistance; however, it is not waterproof. Avoid submerging the watch in water or exposing it to high-pressure water jets.
- **Operating Environment:** Operate the smartwatch within a temperature range of 0°C to 40°C (32°F to 104°F).
- **Medical Devices:** If you use a pacemaker or other medical electronic equipment, consult your physician before using this device.
- **Disposal:** Dispose of the device and its battery responsibly according to local regulations. Do not dispose of it with household waste.

3. PACKAGE CONTENTS

Please check the box for the following items:

- XINDADA H99 2025 Smartwatch
- Charging Cable
- User Manual

If any items are missing or damaged, please contact your retailer.

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your XINDADA H99 2025 Smartwatch.

NEW UPGRADE!

Performance upgrades, fearless of challenges

**190° Rotatable
Pull-out HD Camera**

Image 2: The XINDADA H99 2025 Smartwatch showcasing its 190-degree rotatable pull-out HD camera, designed for versatile photography and video calls.

- **AMOLED Display:** 1.95-inch (4.95 cm) round touchscreen for clear visuals and interactive control.
- **Rotatable Camera:** Integrated HD camera that can be rotated for various viewing angles.
- **Power/Function Button:** Located on the side, used for powering on/off, waking the screen, and returning to the home screen.
- **SIM Card Slot:** Supports 4G Nano-SIM cards for cellular connectivity.
- **Microphone:** For voice commands and calls.
- **Speaker:** For audio output during calls, notifications, and media playback.
- **Charging Port:** Magnetic charging pins on the back of the watch.
- **Sensors:** Various sensors for health tracking and device functionality.

5. SETUP

5.1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging pins on

the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The screen will indicate charging status.

5.2. Power On/Off

- **Power On:** Press and hold the Power/Function button until the XINDADA logo appears.
- **Power Off:** Press and hold the Power/Function button, then select 'Power Off' on the screen.

5.3. SIM Card Installation

The XINDADA H99 2025 supports 4G cellular connectivity via a Nano-SIM card.

Image 3: The XINDADA H99 2025 Smartwatch displaying its SIM card slot, indicating support for 4G independent network communication.

1. Locate the SIM card slot on the side of the smartwatch.
2. Carefully open the SIM card tray using the provided tool (if applicable) or by gently prying it open.
3. Insert a Nano-SIM card into the tray with the gold contacts facing down and the notched corner aligned correctly.
4. Gently push the SIM card tray back into the slot until it clicks into place.

5.4. Initial Configuration

Upon first power-on, the smartwatch will guide you through initial setup steps:

- **Language Selection:** Choose your preferred language.
- **Time and Date:** Set the correct time zone and synchronize time.
- **Wi-Fi Connection:** Connect to a Wi-Fi network for internet access and software updates.
- **Account Setup:** Log in with your Google account or create a new one to access the app store and other Android services.

6. OPERATING INSTRUCTIONS

6.1. Basic Navigation

- **Touchscreen:** Tap to select, swipe to scroll, pinch to zoom (where applicable).
- **Home Screen:** Displays time, date, notifications, and quick access icons.
- **Notifications:** Swipe down from the top of the screen to view notifications.
- **Quick Settings:** Swipe down again or from the top right to access quick settings like Wi-Fi, Bluetooth, brightness.
- **App Drawer:** Swipe up from the bottom or press the function button to access all installed applications.

6.2. Calls and Messages

With a 4G SIM card installed, you can make and receive calls and messages directly from your smartwatch.

- **Making Calls:** Open the 'Phone' app, dial a number, or select a contact.
- **Receiving Calls:** Tap the green icon to answer or the red icon to decline.
- **Messaging:** Use the 'Messages' app to send and receive SMS.

6.3. Using the Rotatable Camera

The integrated HD camera can be rotated up to 190 degrees for flexible photo and video capture.

1. Open the 'Camera' app.
2. Gently rotate the camera module on the side of the watch to your desired angle.
3. Tap the screen to focus and press the shutter button to take a photo or start/stop video recording.

6.4. GPS and Navigation

The smartwatch features built-in GPS for location tracking and navigation. Use compatible mapping applications downloaded from the app store.

6.5. Wi-Fi Connectivity

To connect to a Wi-Fi network:

1. Go to 'Settings' > 'Network & Internet' > 'Wi-Fi'.
2. Turn on Wi-Fi and select your desired network.
3. Enter the password if prompted.

6.6. App Installation

As an Android OS device, the H99 2025 supports a wide range of applications.

Image 4: The XINDADA H99 2025 Smartwatch screen showing a grid of popular application icons, illustrating its capability for massive app installation and downloads.

1. Open the 'Play Store' app (or equivalent app store).
2. Search for the desired application.
3. Tap 'Install' to download and install the app.

6.7. Facial Recognition

Set up facial recognition for secure unlocking of your smartwatch.

1. Go to 'Settings' > 'Security & Location' > 'Face Unlock'.
2. Follow the on-screen instructions to register your face.
3. Once set up, your watch can be unlocked by recognizing your face.

6.8. Media Playback

The large AMOLED screen supports video playback.

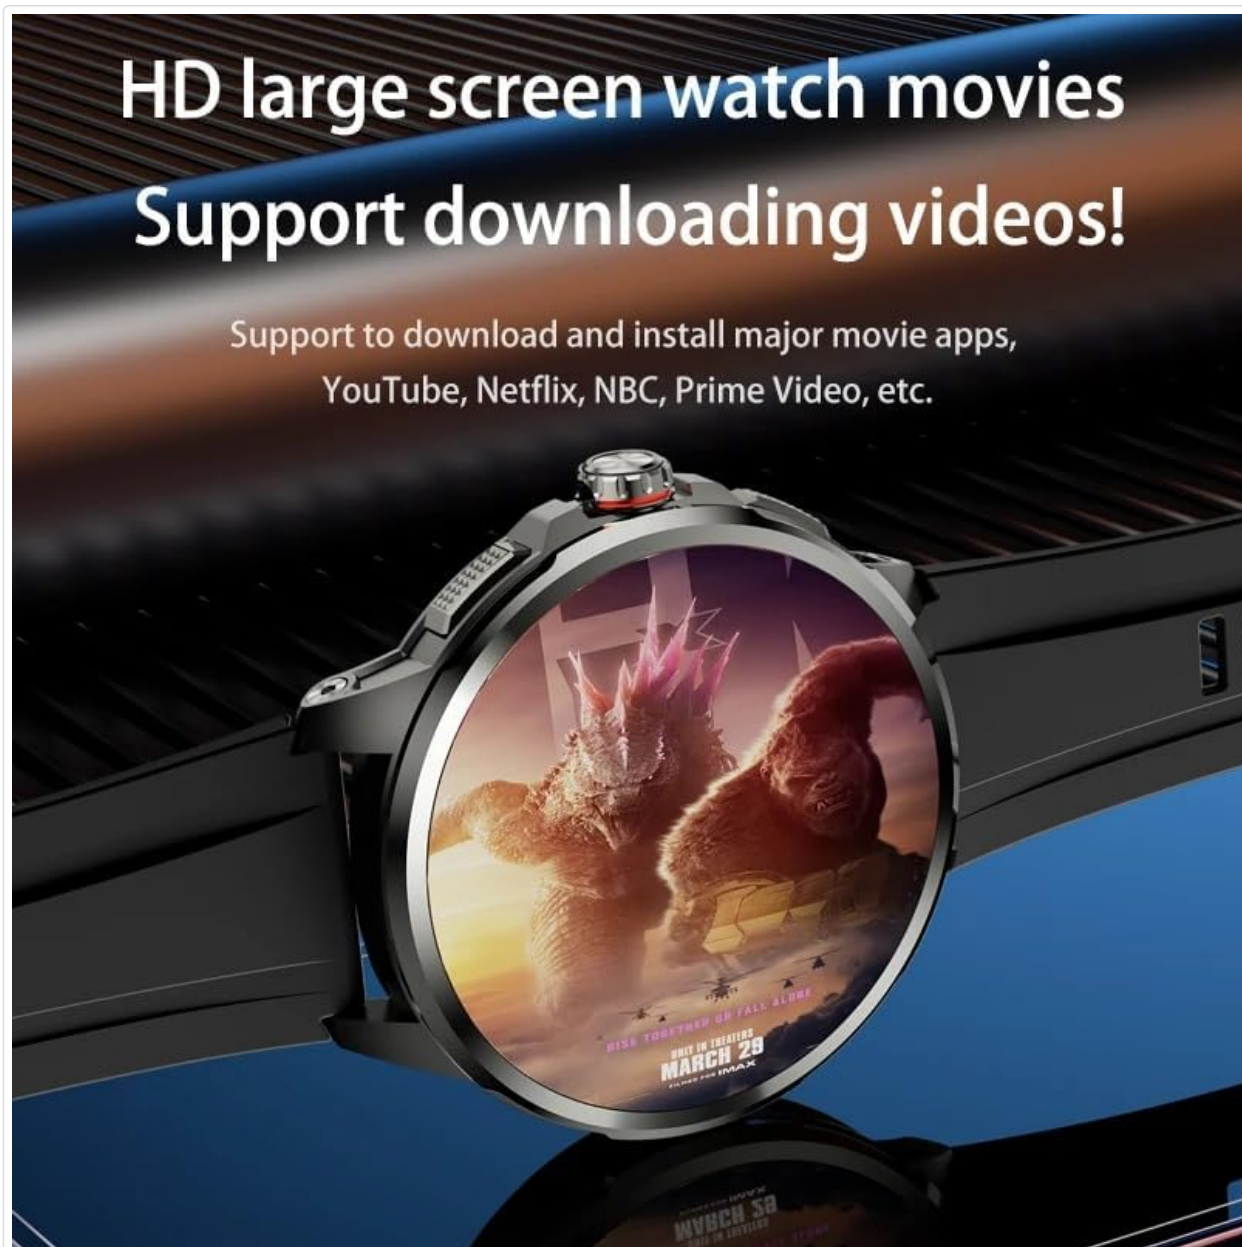

Image 5: The XINDADA H99 2025 Smartwatch displaying a movie on its HD large screen, demonstrating its capability to download and play videos from various platforms.

Download video streaming apps or transfer video files to the watch's storage to enjoy media on the go.

7. MAINTENANCE

7.1. Cleaning

- Wipe the screen and watch body with a soft, lint-free cloth.
- Avoid using harsh chemicals or abrasive materials.
- Ensure the charging contacts are clean and dry before charging.

7.2. Storage

When not in use for extended periods, store the smartwatch in a cool, dry place. Charge the battery periodically to prevent deep discharge.

7.3. Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new

features. Go to 'Settings' > 'About Watch' > 'Software Update'.

8. TROUBLESHOOTING

Issue	Possible Solution
Watch does not power on	Ensure the battery is charged. Connect to the charger for at least 30 minutes. If still unresponsive, perform a forced restart by holding the Power/Function button for 15 seconds.
Cannot connect to Wi-Fi/4G	Check Wi-Fi settings and password. Ensure the SIM card is correctly inserted and activated. Restart the watch and try again. Verify network coverage for 4G.
Touchscreen unresponsive	Restart the smartwatch. Ensure the screen is clean and dry. If the issue persists, contact support.
Apps crashing or freezing	Close and reopen the app. Clear the app's cache in 'Settings' > 'Apps'. Ensure the watch's software is up to date.
