Arya Airtivo Max / P2, P2-E5, P2-E7 Backpack

Arya OEM Airtivo Max / P2, P2-E5, P2-E7 Portable Oxygen Concentrator Backpack User Manual

Model Compatibility: Airtivo Max, P2, P2-E5, P2-E7

Introduction

This manual provides essential instructions for the proper setup, operation, and maintenance of your Arya OEM Airtivo Max / P2, P2-E5, P2-E7 Portable Oxygen Concentrator Backpack. Designed for convenience and protection, this backpack ensures your oxygen concentrator is secure and accessible during use. Please read this manual thoroughly before using the product.

Setup Instructions

1. Unpacking the Backpack

- Carefully remove the backpack from its packaging.
- Inspect the backpack for any signs of damage. If damage is found, do not use and contact customer support.
- Remove any internal packing materials.

2. Inserting the Oxygen Concentrator

1. Open the main compartment of the backpack.
2. Gently slide your Arya Airtivo Max, P2, P2-E5, or P2-E7 portable oxygen concentrator into the designated compartment. Ensure it sits snugly at the bottom.
3. Verify that all ports, controls, and the screen of the concentrator are accessible through the backpack's openings.
4. Secure any internal straps or fasteners designed to hold the concentrator in place.

Operating Instructions

1. Wearing the Backpack

- Place the backpack on your back, ensuring both shoulder straps are comfortably positioned.
- Adjust the cushioned shoulder straps to achieve a snug and balanced fit. The straps should distribute the weight evenly across your shoulders.
- If available, fasten the chest or waist straps for additional stability and comfort, especially during extended use or movement.

2. Accessing Concentrator Controls

The backpack is designed to allow full access to your oxygen concentrator's controls, battery, and screen without removing the device from the backpack. Utilize the strategically placed openings and zippers to operate your concentrator as needed.

Maintenance

1. Cleaning the Backpack

- Remove the oxygen concentrator from the backpack before cleaning.
- Wipe the exterior of the backpack with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners.
- Allow the backpack to air dry completely before reinserting the concentrator. Do not machine wash or tumble dry.

2. Storage

- Store the backpack in a cool, dry place away from direct sunlight when not in use.
- Ensure the backpack is clean and dry before storing to prevent mold or mildew.

Troubleshooting

Issue	Possible Solution
Oxygen concentrator does not fit into the backpack.	Verify that your concentrator model (Airtivo Max, P2, P2-E5, P2-E7) is compatible with this backpack. Ensure the concentrator is oriented correctly.
Backpack feels uncomfortable or unstable.	Adjust the shoulder straps and any chest/waist straps to achieve a balanced and snug fit. Ensure the concentrator is properly seated within the backpack.
Difficulty accessing concentrator controls.	Check that the concentrator is correctly positioned within the backpack, aligning with the access points. Ensure zippers and flaps are fully open.
