## Thacuok HLG048

# Thacuok Fluted 7-Drawer Dresser User Manual

Model: HLG048

## INTRODUCTION

This user manual provides comprehensive instructions for the assembly, operation, and maintenance of your Thacuok Fluted 7-Drawer Dresser. Please read this manual carefully before beginning assembly or use to ensure proper setup and to maximize the lifespan of your furniture. Keep this manual for future reference.

## SAFETY INFORMATION

### **WARNING: Furniture Tip-Over Hazard**

Serious or fatal crushing injuries can occur from furniture tip-over. To help prevent tip-over:

- Always install the anti-tipping device provided with the dresser.
- Never allow children to climb or hang on drawers, doors, or shelves.
- Do not place heavy objects in the top drawers.
- Do not open more than one drawer at a time.

Failure to follow these warnings may result in death or serious injury.

### PRODUCT OVERVIEW AND FEATURES

The Thacuok Fluted 7-Drawer Dresser is designed to provide both aesthetic appeal and practical storage solutions for various rooms in your home. Its sleek design and robust construction ensure long-lasting performance.

#### Design and Construction

This dresser features elegant fluted panels and a curved profile, complemented by durable metal handles and smooth metal drawer slides for silent operation. Constructed from premium P2 MDF engineered wood, it includes thickened panels to prevent warping and solid wooden legs for stability.

## SETUP AND ASSEMBLY

The Thacuok Fluted 7-Drawer Dresser requires assembly. All necessary parts and clear instructions are included in the packaging. It is recommended to assemble the dresser in the room where it will be used due to its weight and size.

### Before You Begin

- Review all parts and hardware against the provided list to ensure nothing is missing.

- Clear a spacious area for assembly.
- Have a Phillips head screwdriver and a hammer readily available (not included).

## Assembly Steps

1. Follow the step-by-step diagrams and instructions provided in the assembly manual included in your package.
2. Ensure all screws are tightened securely, but do not overtighten to avoid damaging the wood.
3. Pay close attention to the orientation of panels and drawer slides as indicated in the instructions.
4. Install the anti-tipping device to a wall stud using appropriate hardware after the dresser is fully assembled and in its final position.

For any assembly questions or difficulties, please refer to the "Support and Warranty" section.

## OPERATING INSTRUCTIONS

---

### Drawer Operation

The drawers are designed with smooth metal slides for easy opening and closing. To operate, gently pull the gold handles to open and push to close. Avoid forcing drawers if they feel stiff; check for obstructions or misalignment.

### Weight Capacity

Each drawer is designed to support up to 35 lbs (approximately 15.9 kg). The overall top surface of the dresser can support up to 180 lbs (approximately 81.6 kg). Distribute weight evenly to maintain stability and prevent damage.

## MAINTENANCE

Proper care and maintenance will help preserve the appearance and functionality of your dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent water damage or staining, especially on the waterproof surface.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the finish.
- **Humidity:** Maintain a stable humidity level in the room to prevent wood from expanding or contracting, which can lead to warping or cracking.
- **Hardware:** Periodically check and tighten all hardware connections to ensure stability.

## TROUBLESHOOTING

## Common Issues and Solutions

Problem	Possible Cause	Solution
Drawers are difficult to open or close.	Misaligned drawer slides, obstructions, or loose hardware.	Check that drawer slides are properly aligned and free of debris. Ensure all screws on the slides are tightened. Do not overload drawers.
Dresser feels wobbly or unstable.	Loose assembly hardware or uneven floor.	Tighten all assembly screws. If the floor is uneven, place shims under the legs to stabilize. Ensure the anti-tipping device is securely installed.
Surface scratches or minor damage.	Accidental impact or abrasive cleaning.	For minor scratches, use a furniture repair marker or polish matching the finish. Avoid abrasive materials for cleaning.

If you encounter issues not listed here or require further assistance, please contact customer support.
