## Keepplay K28024

# Keepplay City Corner K28024 Korean Barbecue Restaurant Building Set Instruction Manual

Model: K28024 | Brand: Keepplay

## INTRODUCTION

Welcome to the Keepplay City Corner K28024 Korean Barbecue Restaurant building set. This manual provides comprehensive, step-by-step instructions to guide you through the assembly process of this 324-piece modular construction toy. Designed for enthusiasts aged 6 and above, this set allows you to create a detailed micro-scale model perfect for display or integration into a larger city layout. All decorative details are printed directly onto the bricks for lasting quality.

## SAFETY WARNINGS

**WARNING: This product contains small parts which could be ingested. Choking hazard. Not suitable for children under 3 years. Adult supervision is recommended during assembly for younger users.**

## PACKAGE CONTENTS

Before beginning assembly, please ensure all components are present. The package should contain:

- 324 building bricks (various shapes and colors)
- Instruction Manual (this document)

If any parts are missing or damaged, please contact Keepplay customer support.

## SETUP AND ASSEMBLY

Follow these step-by-step instructions carefully to assemble your Keepplay City Corner K28024 Korean Barbecue Restaurant. It is recommended to sort your bricks by color and type before starting.

### Step 1: Base Construction

Begin by assembling the base plate and the foundational layers of the restaurant. Ensure all bricks are firmly connected.

*Image 1: Front view of the assembled Korean Barbecue Restaurant. This image illustrates the overall appearance and front details of the completed model, including the main entrance, windows, and various decorative elements.*

## **Step 2: Ground Floor Details**

Construct the walls, windows, and interior elements of the ground floor. Pay attention to the printed brick details for signage and decorative patterns.

## **Step 3: Second Floor and Interior**

Assemble the second floor, including its walls, windows, and any internal fixtures. This section often includes kitchen or dining area details.

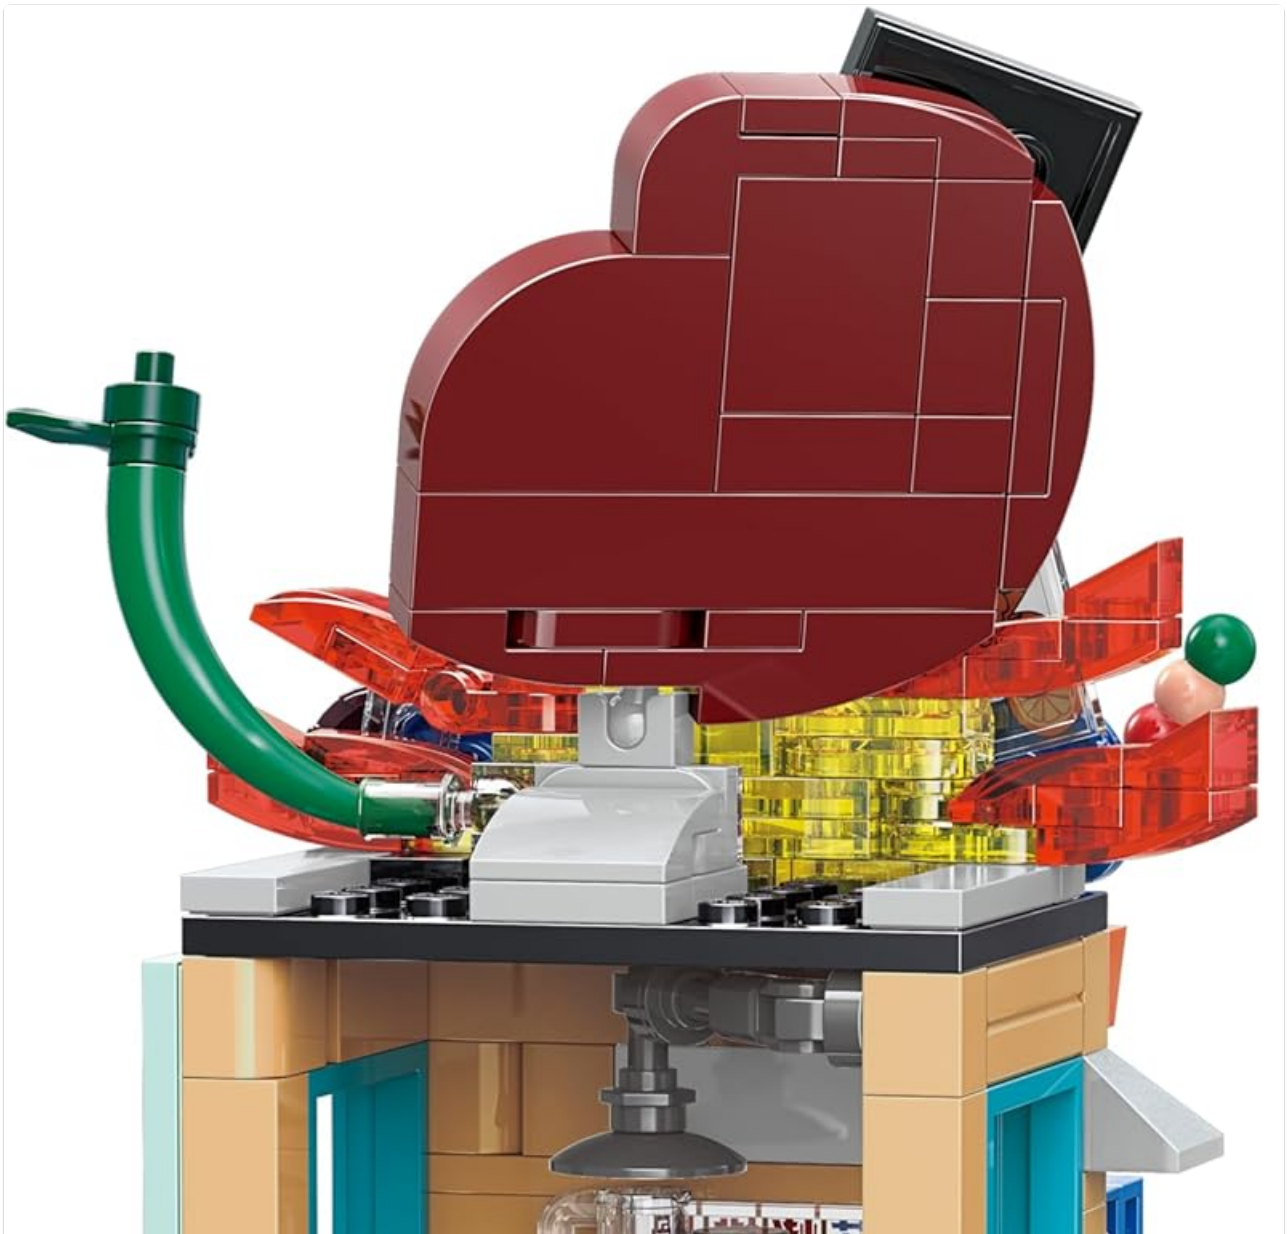

Image 2: Rear view of the assembled Korean Barbecue Restaurant. This image provides a perspective of the back of the model, highlighting interior elements and structural details not visible from the front.

#### Step 4: Rooftop and Decorative Elements

Complete the model by adding the rooftop structure, including any unique architectural features, signage, and small decorative pieces that give the restaurant its distinct character.

#### OPERATING AND DISPLAY

---

Once assembled, your Keepplay Korean Barbecue Restaurant is ready for display. This modular set can be placed individually or connected with other Keepplay City Corner sets to create a larger urban scene.

- **Display:** Place the model on a flat, stable surface away from direct sunlight and extreme temperatures to preserve brick integrity and color.
- **Interaction:** While designed for display, the model can be gently handled for imaginative play. Avoid excessive force to prevent disassembly.

#### MAINTENANCE

---

To keep your building set in excellent condition:

- **Cleaning:** Dust regularly with a soft, dry cloth or a soft brush. For deeper cleaning, gently wipe with a damp cloth and mild soap, then rinse with clean water and air dry completely. Do not use harsh chemicals or abrasive materials.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and protect from dust.

## TROUBLESHOOTING

- **Missing Pieces:** If you find any pieces missing, carefully re-check the packaging and surrounding area. If still missing, contact Keepplay customer support with the part number (if available) and a description of the missing piece.
- **Difficulty Connecting Bricks:** Ensure bricks are aligned correctly and apply firm, even pressure. Some new bricks may require slightly more force to connect initially.
- **Model Instability:** Double-check that all connections are secure and that you have followed the instructions precisely. Loose connections can lead to instability.
