WLIVE ASNG122/BL

WLIVE 9-Drawer LED Dresser Instruction Manual

Model: ASNG122/BL

PRODUCT OVERVIEW

The WLIVE 9-Drawer LED Dresser is a versatile storage solution designed for bedrooms, living rooms, and other spaces. It features integrated LED lighting with multiple modes, a built-in charging station, and ample storage capacity with flexible shelving options. Constructed from durable materials, this dresser is built for stability and long-term use.

SAFETY INFORMATION

WARNING: Furniture tip-over hazard. Serious or fatal crushing injuries can occur from furniture tip-over. To help prevent tip-over, this furniture must be permanently attached to the wall using the anti-tip device provided.

- Always use the anti-tip device.
- Never allow children to climb or hang on drawers, doors, or shelves.
- Place the heaviest items in the lowest drawers.
- Do not open more than one drawer at a time.

ANTI-TIP LOCK DETAILS

SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended that two people assemble the dresser. Please follow the detailed assembly guide provided in the product packaging. Ensure all parts are present before beginning assembly.

Included Components:

- Dresser panels (top, bottom, sides, back)
- Drawer components (fronts, sides, backs, bottoms)
- Metal handles
- Metal roller glides
- LED light strip and controller
- Power outlet and USB charging module

- Anti-tip device
- Hardware pack (screws, dowels, cam locks, etc.)
- Assembly tools (e.g., Allen wrench)

Assembly Tips:

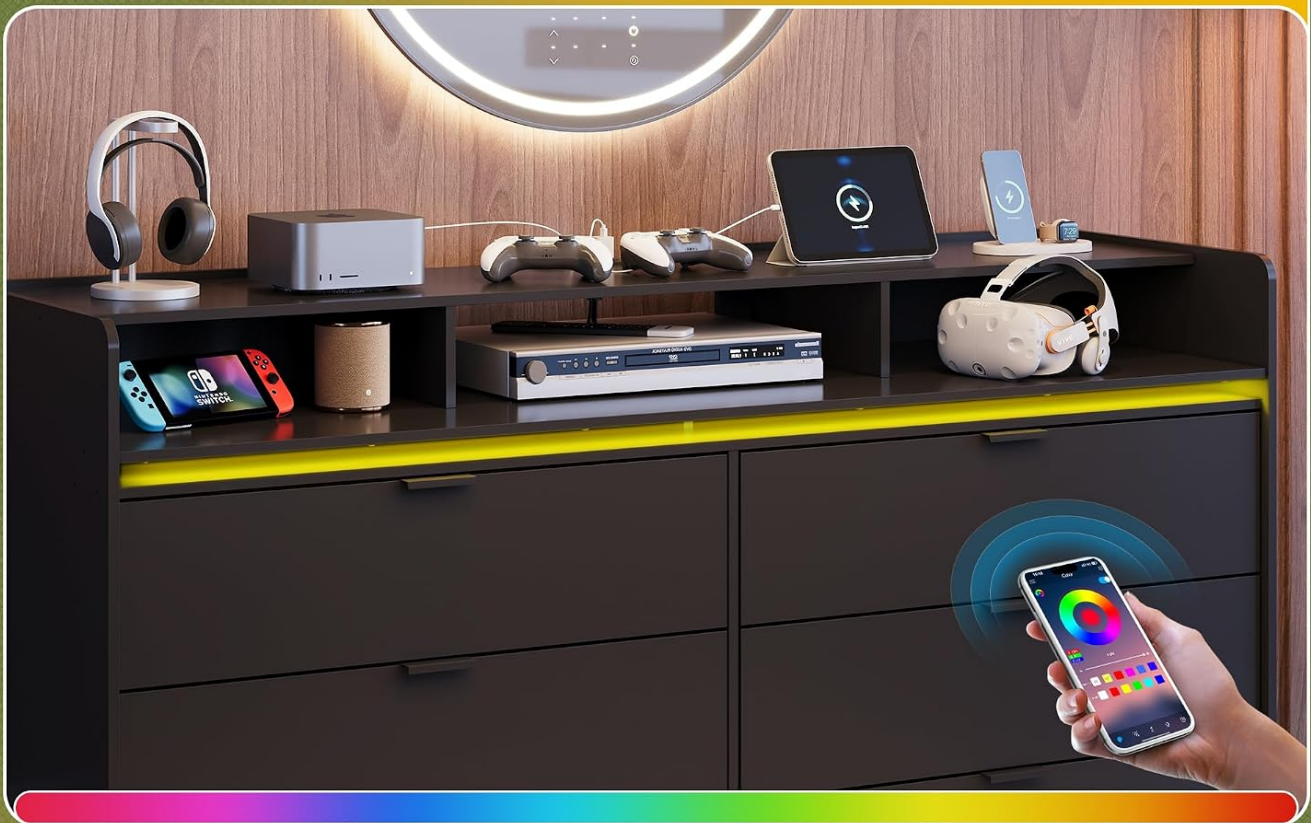

- Lay out all parts on a soft, clean surface to prevent scratches.
- Identify each part using the labels and diagrams in the assembly guide.
- Do not overtighten screws.
- Ensure all connections are secure before moving the dresser.

OPERATING INSTRUCTIONS

LED Lighting System:

The integrated LED lighting system offers customizable ambiance. Control the LED lights using the provided remote control or a compatible mobile application. The system supports 12 scene modes and 6000 colors, with adjustable speed and brightness. It can also synchronize with music for dynamic lighting effects.

Built-in Charging Station:

The dresser is equipped with a convenient charging station featuring 2 AC outlets (125V/12A) and 2 USB ports (5V/2A). This allows for easy charging of electronic devices and powering small appliances directly from the dresser. The power cord is 5 feet long and UL/ETL certified for safety.

Drawer Functionality and Flexible Shelves:

The dresser features 9 drawers, including 3 small fabric drawers and 6 larger wooden drawers. The drawers are equipped with smooth metal roller glides for easy opening and closing. An extra support plate at the bottom of each drawer enhances load-bearing capacity. The top three small drawers can be removed to create open shelves, providing versatile storage for entertainment equipment or decorative items.

MAINTENANCE

To maintain the appearance and longevity of your WLIVE dresser, follow these simple maintenance guidelines:

- **Cleaning:** The dresser is made of high-quality artificial wood with a scratch-resistant and water-resistant surface. Wipe clean with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Dusting:** Regularly dust the surface with a dry, soft cloth.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood surface.

- **Drawer Care:** Periodically check the metal roller glides for smooth operation. If needed, a small amount of silicone spray can be applied to the glides.
- **LED Lights:** The LED lights are designed for long-term use. If issues arise, refer to the troubleshooting section.

TRoubleshooting

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned glides, debris in glides, or overloaded drawer.	Check alignment of metal glides. Clean glides of any obstructions. Reduce weight in the drawer.
LED lights are not working.	Power connection issue, remote battery dead, or LED strip malfunction.	Ensure power adapter is securely plugged in. Check remote battery and replace if necessary. Contact customer support if problem persists.
Charging station not providing power.	Power cord not plugged in, circuit overload, or device compatibility.	Verify the dresser's power cord is fully plugged into a working wall outlet. Ensure total power draw does not exceed the station's capacity. Test with different devices.
Dresser feels unstable.	Uneven floor, loose assembly, or anti-tip device not installed.	Adjust furniture levelers if present, or place shims under the base. Retighten all assembly hardware. Install the anti-tip device as per instructions.
