SETUP AND ASSEMBLY

Assembly of the DERCASS Murphy Bed requires careful attention to detail and adherence to the provided installation manual. It is strongly recommended that two adults perform the assembly.

1. **Prepare the Area:** Clear a spacious, level area for assembly. Ensure you have all tools required (e.g., screwdriver, hammer, drill, level, measuring tape).
2. **Unpack Components:** Carefully unpack all boxes and identify each part. Refer to the included parts list in the separate installation manual.
3. **Assemble Wardrobes:** Begin by assembling the two side wardrobe units according to the detailed instructions in the installation manual.
4. **Assemble Main Bed Frame Unit:** Construct the main Murphy bed cabinet and frame. Pay close attention to the orientation of panels and hardware.
5. **Attach Slats:** Secure the bed slats to the frame.
6. **Integrate Wardrobes:** Attach the assembled wardrobes to the main bed unit.
7. **Wall Mounting:** This is a critical step. Position the assembled unit against the desired wall. Locate wall studs and securely anchor the unit using the provided wall mounting hardware. Use a level to ensure the unit is plumb and square. *Improper wall mounting can lead to instability and injury.*
8. **Install Mattress:** Once the unit is fully assembled and securely mounted, place your Queen-sized mattress (6-10 inches thick) onto the bed frame.
