IFANNY 10873-HU

IFANNY Metal Twin Over Full Bunk Bed Frame (Model 10873-HU) Instruction Manual

PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, safe operation, and maintenance of your IFANNY Metal Twin Over Full Bunk Bed Frame. Please read all instructions carefully before assembly and use to ensure safety and proper function.

An assembled IFANNY Metal Twin Over Full Bunk Bed in black, featuring a twin bed on top and a full bed on the bottom, with an integrated ladder and safety guardrails. The bed is shown in a modern bedroom setting with bedding and pillows.

IMPORTANT SAFETY INFORMATION

- Do not exceed weight capacity of **330 lbs (150 kg)** on the upper bunk and **440 lbs (200 kg)** on the lower bunk.
- Be cautious of sharp edges on the metal frame during assembly and use.
- Ensure all connections are tight before use and periodically check for tightness.
- The upper bunk is equipped with a 10-inch high full-length safety guardrail to prevent accidental falls. Ensure mattresses used on the upper bunk do not exceed the height of the guardrail.
- Only use mattresses with a recommended thickness of 3" - 4" (not included).
- Children under 6 years old should not use the upper bunk.
- Always use the integrated ladder for accessing the upper bunk.

ASSEMBLY INSTRUCTIONS

Your IFANNY bunk bed is designed for straightforward assembly. An installation manual is included with your product. Please follow the step-by-step instructions provided in the included manual for proper assembly.

General Assembly Tips:

- Lay out all components and hardware before beginning.
- Assemble on a soft, clean surface to prevent scratches.
- Do not fully tighten all screws until the entire frame is assembled.
- Two people are recommended for assembly.

Close-up images illustrating the heavy-duty metal frame construction, including robust metal slats, noise-free foam padding, and non-slip foot pads, highlighting the quality of components.

OPERATING YOUR BUNK BED

This bunk bed features a twin bed on the upper level and a full-size bed on the lower level, designed for efficient space utilization.

Weight Capacities:

- **Upper Bunk:** Maximum 330 lbs (150 kg)
- **Lower Bunk:** Maximum 440 lbs (200 kg)

Access and Safety:

- Use the angled, integrated ladder for safe access to the upper bunk.
- The upper bunk includes a 10-inch high full-length safety guardrail. Ensure the mattress height does not compromise the effectiveness of the guardrail.

Space-Saving Features:

- The design provides a 37.5-inch gap between bunks for comfortable access.
- An 11.5-inch under-bed storage area is available for storing items.

A diagram showing the dimensions of the IFANNY Metal Twin Over Full Bunk Bed, including overall length (78"), width (56.5"), height (63"), gap between bunks (37.5"), and under-bed clearance (11.5"). It also indicates weight capacities for upper (330 lbs) and lower (440 lbs) bunks.

Full-length Guardrails

Ensure a safe sleeping environment

User-friendly Design

Integrated Ladder

For easy and safe access to the top bunk

CARE AND MAINTENANCE

- **Cleaning:** Wipe the metal frame with a damp cloth and mild detergent. Avoid abrasive cleaners.
- **Inspection:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary.
- **Noise Reduction:** The bunk bed is equipped with mute bars. If any noise occurs, check for loose connections and ensure all slats are evenly distributed.
- **Floor Protection:** Non-slip foot pads are included to protect your floors from scratches.

TROUBLESHOOTING

- **Squeaking/Noise:** Ensure all assembly hardware is securely tightened. Check that the mattress is properly seated on the slats.
- **Instability:** Verify that the bed is assembled on a flat, level surface. Re-check all connections for tightness.

- **Difficulty with Ladder:** Ensure the ladder is correctly attached and stable before use.
