## MEDEHOO AIR46-M

# MEDEHOO Large Chicken Coop with Run

Model: AIR46-M

Instruction Manual

## 1. INTRODUCTION

Thank you for choosing the MEDEHOO Large Chicken Coop with Run. This manual provides essential information for the safe assembly, operation, and maintenance of your new chicken coop. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This outdoor chicken house is designed to accommodate 6-8 adult chickens, providing a secure and comfortable environment. It features a spacious run, multiple nesting boxes, and perches, along with design elements for easy cleaning and durability.

## 2. SAFETY INSTRUCTIONS

---

**WARNING: Failure to follow these safety instructions may result in injury or damage to the product.**

- Always assemble the coop on a flat, stable surface.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as needed.
- Keep children and pets away from the assembly area during construction.
- Wear appropriate safety gear, such as gloves, during assembly to prevent splinters or cuts.
- Do not overload the coop beyond its recommended capacity of 6-8 adult chickens.
- Regularly inspect the coop for any signs of wear, damage, or loose components. Repair or replace damaged parts immediately.
- Ensure the coop is placed in a location that provides adequate drainage and protection from extreme weather conditions.
- Be aware that the product comes in 2 carton boxes which may arrive at different times. Ensure all packages are received before starting assembly.

## 3. PRODUCT COMPONENTS

---

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Main Coop Structure (Fir Wood, Iron)
- Outdoor Run Panels
- Six Nesting Boxes
- Five Perches (Round Edge Design)
- Removable Leakproof Pull-on Tray
- Ramp for Chicken Access
- Divider for Nesting Boxes
- UV-Resistant Asphalt Roof Panels
- Heavy-Duty Wire Fencing
- Durable Spring Latches
- Metal Corner Brackets (Newly Upgraded Angle Iron)
- Assembly Hardware (Screws, bolts, etc.)
- Assembly Instructions Manual

# DURABLE MATERIAL

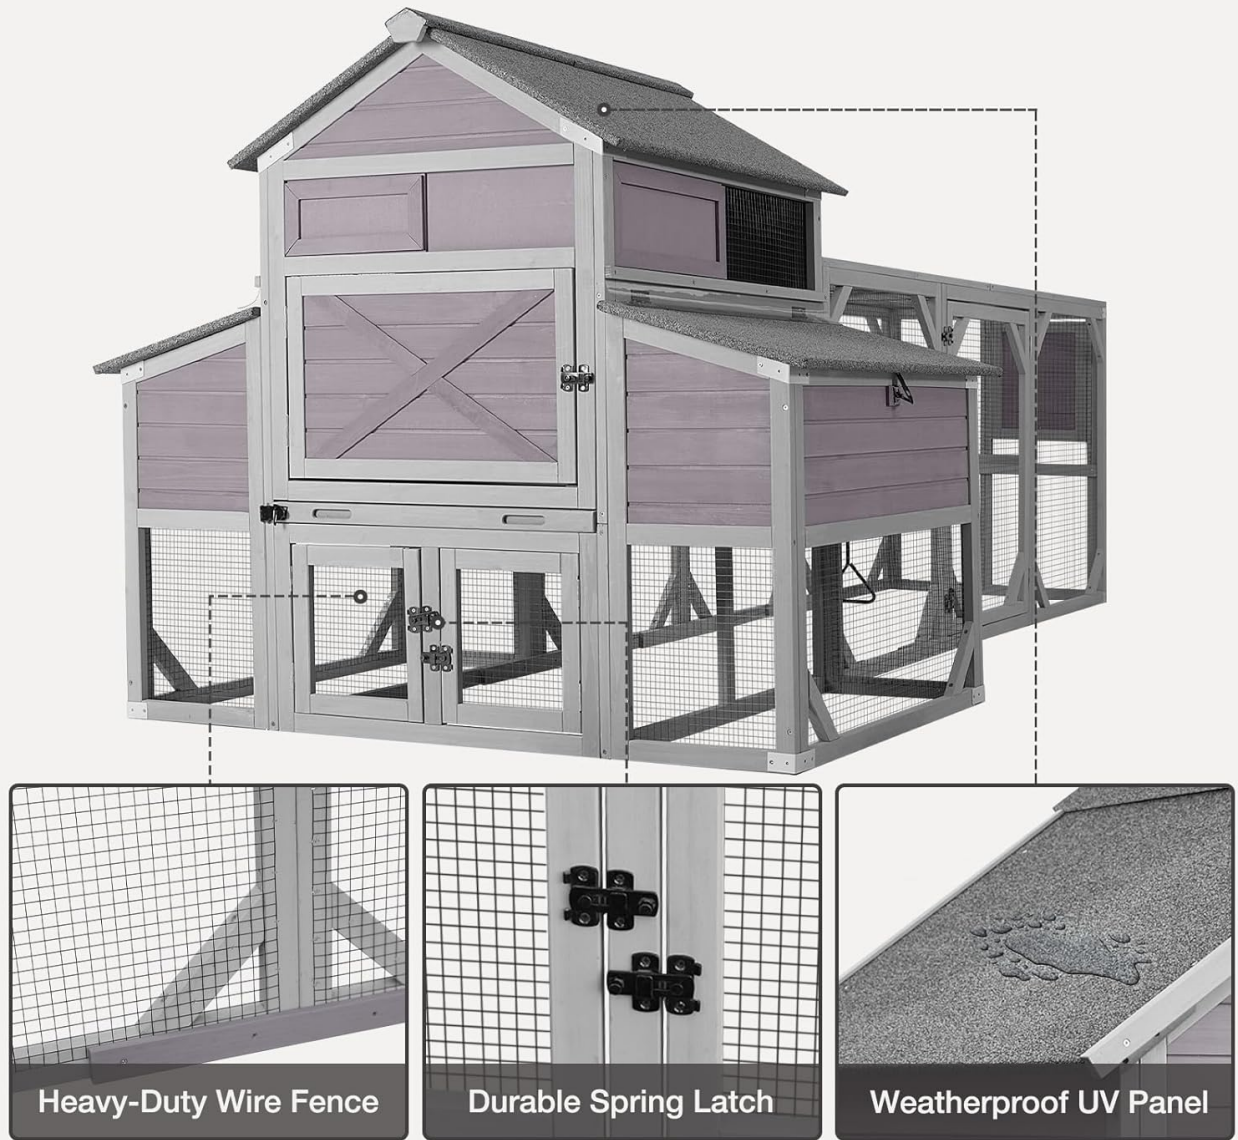

Image 3.1: Key durable components including heavy-duty wire fence, durable spring latch, and weatherproof UV panel on the roof.

## 4. ASSEMBLY AND SETUP

Assembly instructions are included with your product. Please refer to the separate detailed assembly guide for step-by-step instructions and diagrams. Ensure you have all necessary tools before starting.

### 4.1 Pre-Assembly Checklist:

1. Unpack all components and lay them out. Verify against the parts list in the separate assembly manual.
2. Ensure you have a clear, level assembly area.
3. Gather required tools (e.g., screwdriver, wrench).

### 4.2 Key Assembly Notes:

- The coop is constructed with natural fir wood and features newly upgraded metal corner brackets for

enhanced stability. Ensure these brackets are correctly installed as per the assembly guide.

- The roof is covered with asphalt and includes new PVC waterproof curtains above the nesting boxes for weather protection.
- The sliding door for an automatic door opener (not included) is located at the side. Ensure it moves freely during assembly.

## SLIDING DOOR FOR AUTOMATIC DOOR OPENER

A sliding door at the side which allow you to attach automatic door opener.

## 5. OPERATION

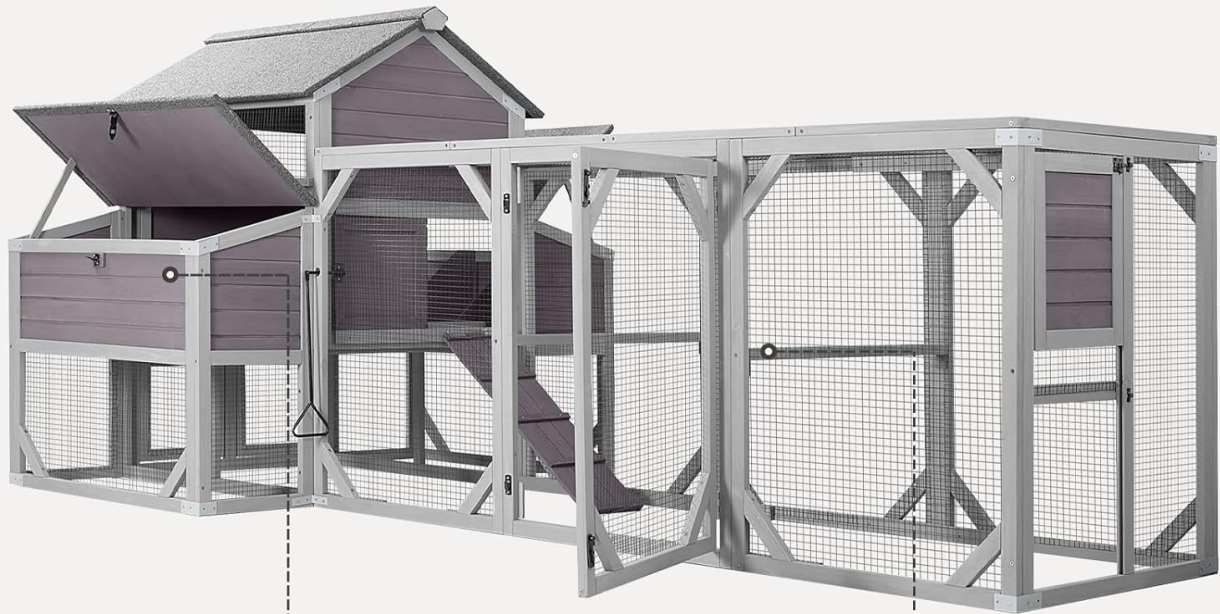

### 5.1 Housing Your Chickens:

The MEDEHOO chicken coop is designed to comfortably accommodate 6-8 adult chickens. Ensure your chickens have access to fresh food and water at all times.

### 5.2 Nesting Boxes and Perches:

The coop features six extra-large nesting boxes, which can be divided into six areas. There are four perches inside the house and two in the run, providing ample resting and sleeping space. The round edge perches are designed for chicken comfort.

## SIX NESTING BOXES & PERCH DESIGN

The nesting box keeps eggs clean & easy collection.

Design with six perches for chickens to roost.

Image 5.1: Close-up of the nesting boxes designed for easy egg collection and a chicken resting on a perch.

### 5.3 Utilizing the Run:

The extra-large playpen under the nesting box allows chickens to roost and roam freely, providing ample activity space. This design also helps prevent access by potential egg thieves.

# EXTRA LARGE ACTIVITY SPACE

Capacity: 6-8 adult chickens.  
Also suitable for chickens, rabbits, ducks and other small animals.

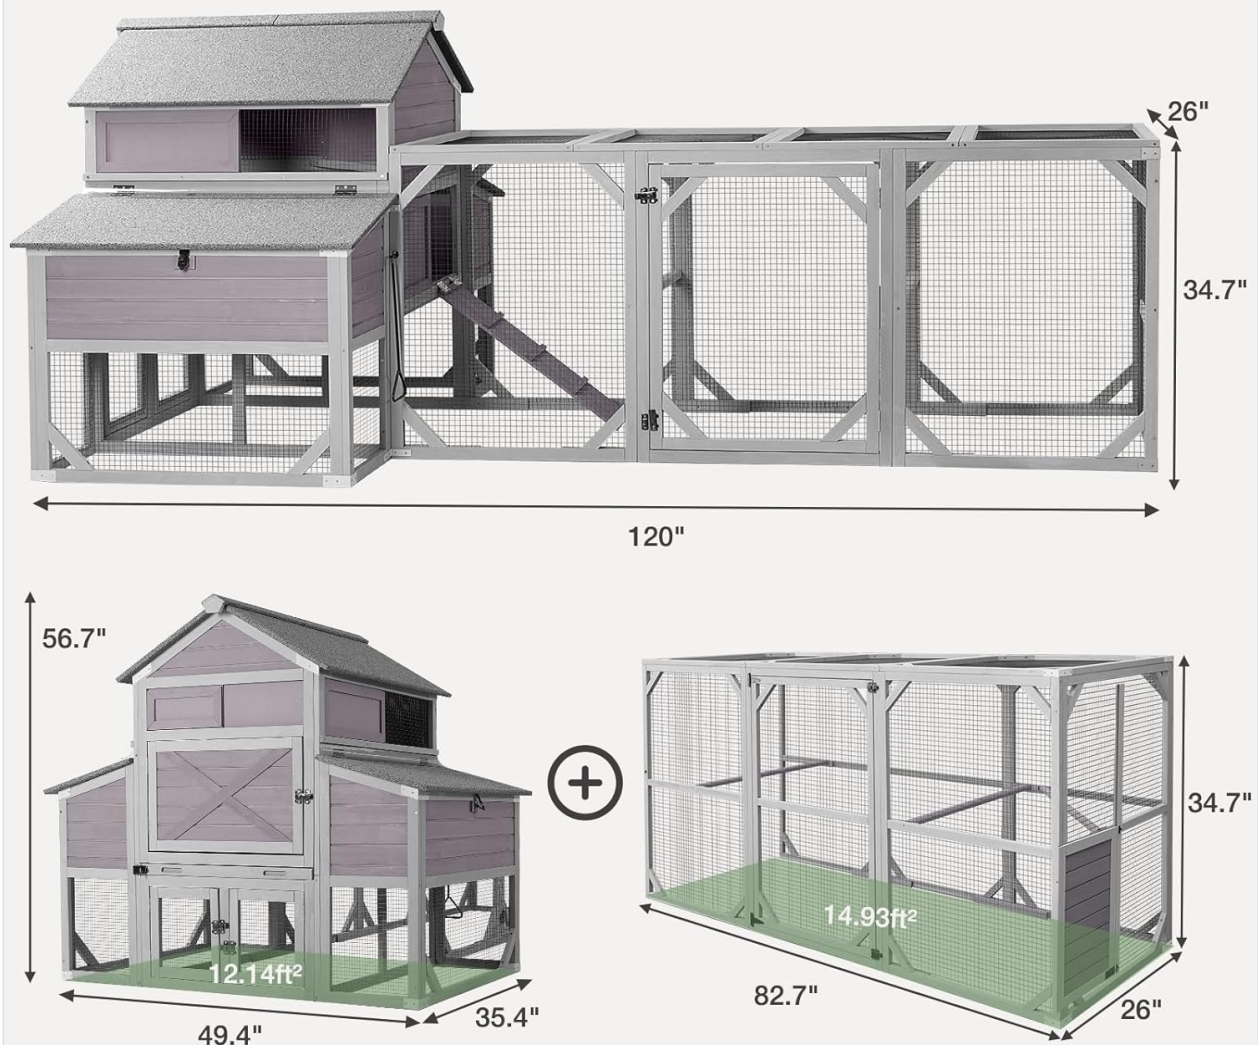

Image 5.2: Diagram illustrating the overall dimensions and activity space of the chicken coop, highlighting its suitability for 6-8 adult chickens.

## 6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will extend the life of your chicken coop and ensure a healthy environment for your chickens.

### 6.1 Daily Cleaning:

- The removable leakproof pull-on tray makes cleaning pet waste easy. Simply slide out the tray, empty it, and clean with water and a mild disinfectant.
- Multiple openable doors and access areas provide convenient access for cleaning the interior of the coop and run.

# EASY FOR CLEANING

6 access areas and removable leakproof tray are easy cleaning for chicken poop and urine.

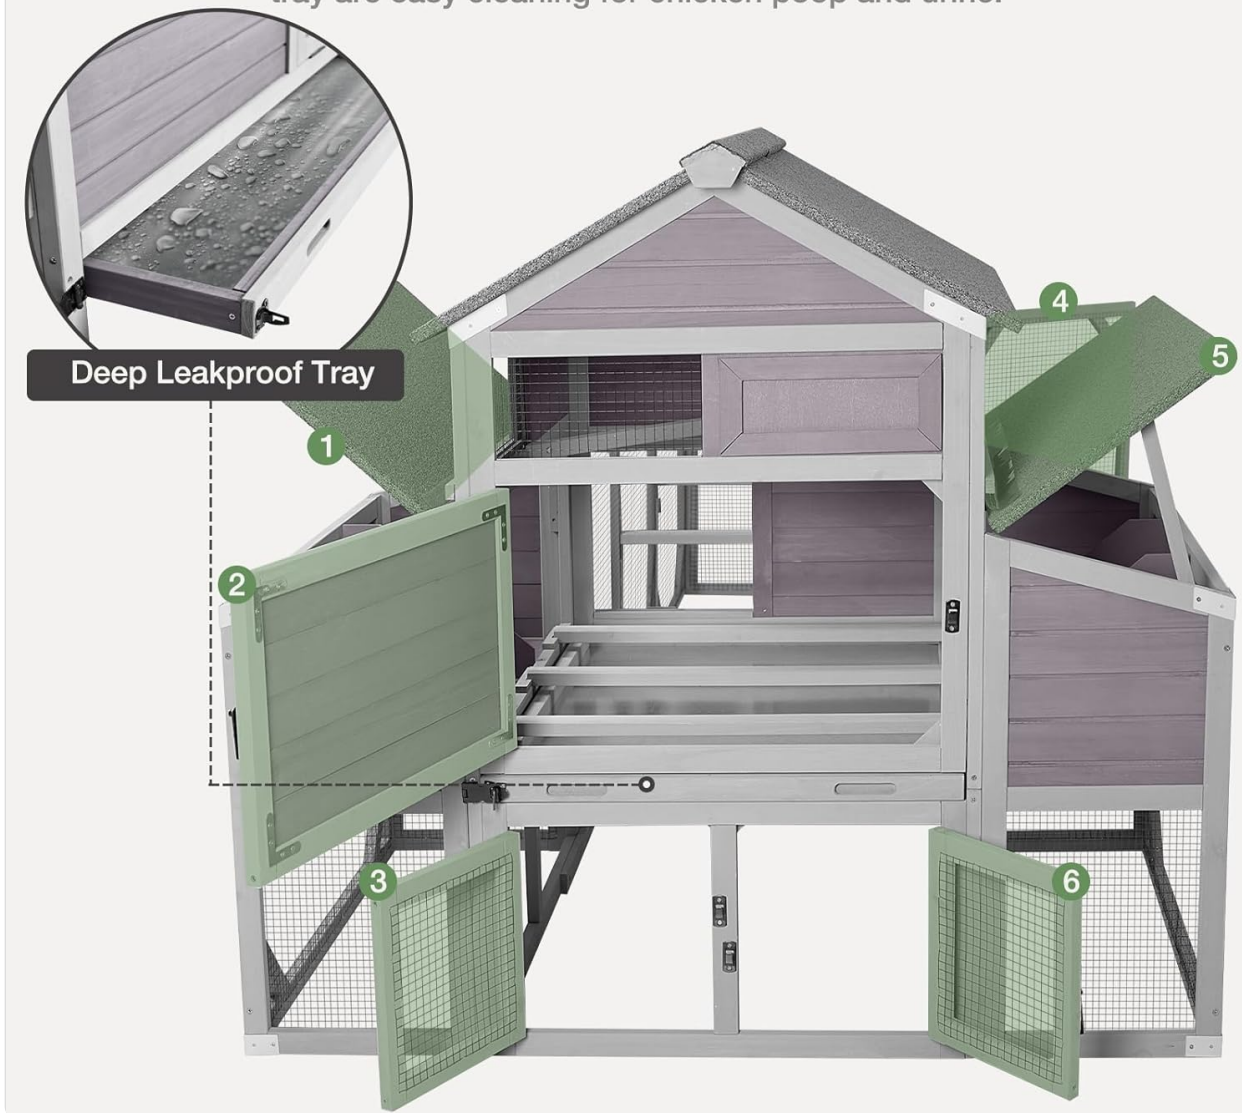

Image 6.1: Visual representation of the deep leakproof tray and various access points for easy cleaning.

## 6.2 Periodic Maintenance:

- Inspect the fir wood for any signs of rot, cracks, or damage. Apply a non-toxic wood sealant annually to prolong its life and maintain weather resistance.
- Check the asphalt roof for any tears or lifting. Repair as needed to maintain its UV-resistant and waterproof properties.
- Ensure all latches and hinges are functioning correctly and are securely fastened. The durable spring latches are designed to be difficult for wildlife to open.
- Clean the wire fencing to remove any accumulated debris or droppings.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Coop feels unstable.	Loose fasteners; uneven ground.	Ensure all screws and bolts are tightened. Relocate the coop to a level surface. Check metal corner brackets for proper installation.
Tray is difficult to slide out.	Accumulated debris; warped tray.	Clean the tray and its runners thoroughly. Ensure no large debris is obstructing the path. If warped, contact support for replacement.
Water pooling inside coop.	Damaged roof; improper sealing.	Inspect the asphalt roof for damage and repair. Ensure PVC waterproof curtains are properly positioned. Check for gaps in the structure.
Sliding door not operating smoothly.	Debris in track; misalignment.	Clear any debris from the door track. Check for proper alignment of the door and its runners.
