BTHFST 594

BTHFST Twin Loft Bed with Desk & Storage

Model: 594

1. INTRODUCTION

This manual provides essential instructions for the assembly, operation, maintenance, and safety of your BTHFST Twin Loft Bed, Model 594. Please read all instructions carefully before assembly and use to ensure safe and proper operation.

Figure 1: Overall dimensions of the BTHFST Twin Loft Bed.

2. IMPORTANT SAFETY WARNINGS

- Always assemble the bed strictly according to the provided instructions.
- Utilize the anti-tipping device to secure the bed to the wall and prevent accidental tipping.
- Do not permit children to play on the bed, especially on the upper bunk, without supervision.
- The upper guardrail height is 13.1 inches. Ensure this height is sufficient for the user's safety and mattress thickness.
- Always use the provided ladder for safe access to and from the upper bunk.
- No-slip pads are included to protect your floor and enhance stability. Ensure they are properly installed.

3. PACKAGE CONTENTS

Your BTHFST Twin Loft Bed is delivered in one package. Please verify all components are present and undamaged before beginning assembly. The package includes:

- All necessary metal frame components.
- MDF wooden desk and shelf components.
- Eight fabric drawers with handles.
- Built-in charging station unit.
- LED light kit with remote control.
- Metal mesh board with 7 hooks.
- Assembly hardware (screws, bolts, tools).
- Anti-tipping device.
- No-slip pads.
- Detailed step-by-step assembly instructions.

4. SETUP AND ASSEMBLY

Assembly of the BTHFST Twin Loft Bed requires careful attention to the included step-by-step instructions. It is recommended to have two adults for assembly. No box spring is required.

4.1 Key Assembly Steps

1. Unpack all components and lay them out, verifying against the parts list in your separate instruction booklet.
2. Assemble the main bed frame structure using the provided hardware.
3. Attach the desk and storage unit frames.
4. Install the wooden open shelves and insert the fabric drawers.
5. Secure the ladder to the bed frame.
6. Install the metal mesh board and hanging hooks.
7. Mount the anti-tipping device to the wall as instructed to ensure maximum stability.
8. Apply the no-slip pads to the bottom of the bed legs.
9. Install the LED light strip and connect the charging station.

5.2 Desk and Charging Station

- **Integrated Desk:** The practical 14.7-inch desktop offers ample space for work, study, or creative activities.
- **Built-in Charging Station:** The desk features a convenient charging station with 2 power outlets, 1 USB-A port,

and 1 USB-C port. Use these to charge phones, gaming equipment, computers, and other electronic devices.

Practical Desk

Wider desk provides generous desk for work or study

5.3 Smart RGB LED Lights

The multi-functional loft bed includes smart RGB LED lights to enhance the room's ambiance. These lights can be controlled via a remote or a dedicated mobile application.

- **Color Options:** Choose from various color options to suit your mood or decor.
- **Flashing Options:** Select different flashing modes for dynamic lighting effects.
- **Remote/APP Control:** Easily adjust settings using the included remote control or a compatible smartphone application.

6. MAINTENANCE

- **Cleaning:** Wipe down metal and MDF surfaces with a soft, damp cloth. Avoid harsh chemicals that may damage the finish.
- **Drawer Care:** The fabric drawers can be spot cleaned. Ensure they are completely dry before returning them to the unit.
- **Regular Checks:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and safety.
- **LED Lights:** If LED lights malfunction, check the power connection and remote control battery.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed feels unstable/wobbly	Loose bolts/screws; Anti-tipping device not installed or loose.	Ensure all assembly hardware is securely tightened. Install or re-secure the anti-tipping device to the wall.
LED lights not working	Power connection issue; Remote control battery dead; Light strip damaged.	Check power adapter connection. Replace remote control battery. Contact customer service if light strip is damaged.
Charging station not providing power	Power cable not plugged in; Device not compatible.	Ensure the charging station's power cable is securely plugged into a wall outlet. Verify device compatibility.
