## OLIXIS HDG-5C01

# OLIXIS 5-Drawer Mobile File Cabinet User Manual

Model: HDG-5C01

## INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your OLIXIS 5-Drawer Mobile File Cabinet. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product. The OLIXIS 5-Drawer Mobile File Cabinet is designed for versatile storage in home and office environments. It features five spacious drawers, smooth-rolling casters for mobility, and a durable engineered wood construction.

## SAFETY INFORMATION

Please observe the following safety precautions:

- Do not exceed the maximum weight capacity of **120 lbs (54.4 kg)** on the top surface.
- Ensure all screws and fasteners are securely tightened during assembly.
- Do not allow children to climb on or play with the cabinet.
- Use the locking casters to secure the cabinet in place when not moving it.
- Avoid placing hot items directly on the cabinet surface.

## PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Component	Quantity
Cabinet Panels (Top, Bottom, Sides, Back)	Various
Drawer Panels	Various (for 5 drawers)
Steel Ball-Bearing Slides	10 pairs (for 5 drawers)
Casters (Wheels)	4 (2 with brakes)
Assembly Hardware (Screws, Dowels, etc.)	1 set

Component	Quantity
Assembly Tool (Screwdriver)	1

## SETUP AND ASSEMBLY

---

Assembly is required for this product. It is recommended to have a clear, flat workspace. An electric screwdriver may expedite the process, though a manual screwdriver is included.

### Step 1: Prepare Components

Unpack all components and lay them out. Identify each part using the included diagram. Ensure all pieces are clearly marked and accounted for.

### Step 2: Assemble the Cabinet Frame

Connect the side panels to the top and bottom panels using the provided hardware. Ensure proper alignment for stability. The cabinet is constructed from high-strength engineered wood for durability.

### **Step 3: Attach Casters**

Secure the four casters to the bottom of the cabinet. Two casters include brakes for stability. Ensure they are firmly attached to allow for easy mobility without damaging floors.

*Image: Detail of the 360-degree rotating casters, highlighting the lockable wheel feature for secure placement.*

#### **Step 4: Assemble Drawers**

Assemble each of the five drawers. Pay close attention to the orientation of the drawer bottoms, as indicated by "Front" stickers, to ensure proper alignment of screw holes. Install the steel ball-bearing slides onto the drawer sides and the cabinet frame.

*Image: The OLIXIS 5-Drawer Mobile File Cabinet with multiple drawers extended, showing the recessed handles and smooth drawer operation.*

## Step 5: Insert Drawers

Carefully slide each assembled drawer into its corresponding slot on the cabinet frame. Ensure the slides engage smoothly for quiet and effortless operation.

## OPERATING INSTRUCTIONS

---

### Using the Drawers

The cabinet features five drawers with recessed handles for easy access. The steel ball-bearing slides ensure smooth and quiet opening and closing. Each drawer provides ample space for various items, including files, office supplies, crafts, and more.

# Easy To Move

## MAINTENANCE

---

Regular maintenance will help preserve the appearance and functionality of your cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners. The engineered wood surface is waterproof and scratch-resistant, making it easy to clean.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Drawer Slides:** If drawer movement becomes stiff, a small amount of silicone-based lubricant can be applied to the ball-bearing slides.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned slides or debris in tracks.	Check slide alignment. Clean tracks. Apply lubricant if needed.
Cabinet is wobbly or unstable.	Loose fasteners or uneven floor.	Tighten all assembly screws. Ensure cabinet is on a level surface.
Casters do not roll freely.	Brakes engaged or debris in wheels.	Disengage caster brakes. Clean any debris from wheels.
Missing parts during assembly.	Packaging error.	Contact OLIXIS customer service for replacement parts.
