

Blackview Wireless Earbuds US-LYP-Airbuds 8

Blackview Airbuds 8 Wireless Earbuds User Manual

Model: Wireless Earbuds US-LYP-Airbuds 8

1. INTRODUCTION

Thank you for choosing Blackview Airbuds 8 Wireless Earbuds. These earbuds are designed to provide a superior audio experience with advanced features such as Bluetooth 5.3 connectivity, effective noise cancellation, IPX7 waterproofing, and intuitive touch controls. This manual will guide you through the setup, operation, and maintenance of your new earbuds to ensure optimal performance and longevity.

2. SAFETY INFORMATION

Please read all safety warnings and instructions carefully before using this product to prevent injury or damage. Keep this manual for future reference.

- Do not expose the earbuds or charging case to extreme temperatures, direct sunlight, or high humidity.
- Avoid dropping, hitting, or disassembling the device.
- Keep out of reach of children and pets. Small parts may pose a choking hazard.
- Do not use abrasive cleaners or harsh chemicals to clean the earbuds.
- Listening at high volumes for extended periods can cause hearing damage. Adjust volume to a safe level.
- While IPX7 waterproof, the earbuds are not designed for swimming or submersion. Avoid exposure to saltwater or other corrosive liquids.

3. PACKAGE CONTENTS

Ensure all items are present in your package:

- Blackview Airbuds 8 Wireless Earbuds (L/R)
- Charging Case
- USB Charging Cable
- Ear Tips (S, M, L sizes)
- User Manual

4. PRODUCT OVERVIEW

The Blackview Airbuds 8 consist of two earbuds and a portable charging case. The charging case features a digital display indicating battery levels for both the case and the individual earbuds.

5. SETUP

5.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

- Place the earbuds into the charging case. Ensure they are correctly seated.

- Connect the USB charging cable to the charging port on the case and to a power source (e.g., USB wall adapter, computer USB port).
- The digital display on the charging case will show the charging status. A full charge provides up to 56 hours of total playtime with the case.
- A 10-minute charge of the earbuds can provide approximately 55 minutes of listening time.

All Day Comfort

This earbuds contains ear tips in 3 sizes (S/M/L)

5.2 Pairing with Your Device (One-Step Pairing)

The Airbuds 8 feature one-step pairing for quick and easy connection.

1. Open the lid of the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth.
3. Search for available Bluetooth devices and select "Airbuds 8" from the list.
4. Once connected, the earbuds will automatically pair with your device in the future when the case is opened and Bluetooth is enabled on your device.

6.2 Noise Cancellation Modes

The Airbuds 8 offer different listening modes to suit your environment:

- **Transparent Mode:** Allows you to hear your surroundings clearly without removing the earbuds, ideal for conversations or being aware of traffic.
- **Auto Noise Cancelling:** Provides immersive audio by actively reducing ambient noise, perfect for focused listening.
- **Normal Mode:** Standard audio playback without active noise cancellation, suitable for general use.

7. MAINTENANCE

7.1 Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Do not use liquids or sprays directly on the earbuds or charging case.

7.2 Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from direct sunlight.

7.3 IPX7 Waterproofing

The Airbuds 8 are IPX7 waterproof, meaning they can withstand immersion in up to 1 meter of water for 30 minutes. This protects them from sweat and rain, making them suitable for workouts and outdoor activities. However, they are not designed for swimming or prolonged submersion. Ensure the earbuds are dry before placing them back in the charging case to prevent damage.

All Day Listening

The image shows a black charging case for Blackview Airbuds 8. The case is open, and two black earbuds are visible. The case has a digital display on the front showing a battery level of 100%. The background is dark blue with a large, light blue '56H' graphic.

8. TROUBLESHOOTING

If you encounter issues with your Blackview Airbuds 8, refer to the following common problems and solutions:

- **Earbuds not pairing:** Ensure Bluetooth is enabled on your device and the earbuds are in pairing mode (open the case). Try forgetting the device on your phone and re-pairing.
- **Only one earbud working:** Place both earbuds back into the charging case, close the lid, wait a few seconds,

then open it again. This often re-syncs them.

- **No sound:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly connected to your device.
- **Charging issues:** Ensure the charging cable is securely connected and the power source is working. Clean the charging contacts on the earbuds and inside the case.
- **Poor sound quality:** Ensure the earbuds are clean and free of debris. Try different sized ear tips for a better seal. Move closer to your connected device to avoid interference.

If the issue persists, try resetting the earbuds (refer to manufacturer's website for specific reset instructions if not detailed here) or contact customer support.
