- MUNISOSA T24 Ultra Cell Phone
- Cell Phone Case
- Type-C cable
- Charger (Power Adapter)
- Protective film (Screen Protector)

- Instruction manual (this document)
- Wired Earphone
- Card Pins (SIM Ejector Tool)
- Audio Adapter
- Headset

A visual representation of the items included in the product packaging.

3. SETUP

3.1 Inserting SIM Card and SD Card

1. Locate the SIM card tray on the side of your phone.
2. Insert the provided card pin into the small hole next to the tray to eject it.
3. Place your Nano-SIM card(s) and/or microSD card (if applicable) into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully push the tray back into the phone until it clicks into place.

3.2 Initial Power On and Setup

1. Press and hold the Power button (usually on the right side) until the MUNISOSA logo appears.
2. Follow the on-screen prompts to select your language, region, and connect to a Wi-Fi network.
3. Sign in with your Google account or create a new one to access Google services and the Play Store.
4. Set up your preferred screen lock method, such as PIN, pattern, password, Face ID, or Fingerprint Lock.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

- **Home Screen:** Swipe left or right to navigate between home screens.

- **App Drawer:** Swipe up from the bottom of the screen to access all installed applications.
- **Notifications & Quick Settings:** Swipe down from the top of the screen to view notifications and access quick settings toggles.
- **Recent Apps:** Swipe up and hold from the bottom of the screen (or tap the square navigation button if enabled) to view and switch between recently used applications.

4.2 Security Features

The T24 Ultra supports advanced security options:

- **Face ID:** Register your face for quick and secure unlocking.
- **Fingerprint Lock:** Register your fingerprint(s) for convenient and secure access.

The intuitive Android 14.0 OS interface, designed for ease of use.

5. CAMERA FEATURES

Your MUNISOSA T24 Ultra is equipped with a powerful dual camera system, featuring a 108-megapixel

primary camera and a 48-megapixel macro lens. This setup, combined with advanced image processing technology, ensures vibrant colors and stunning details in every photo.

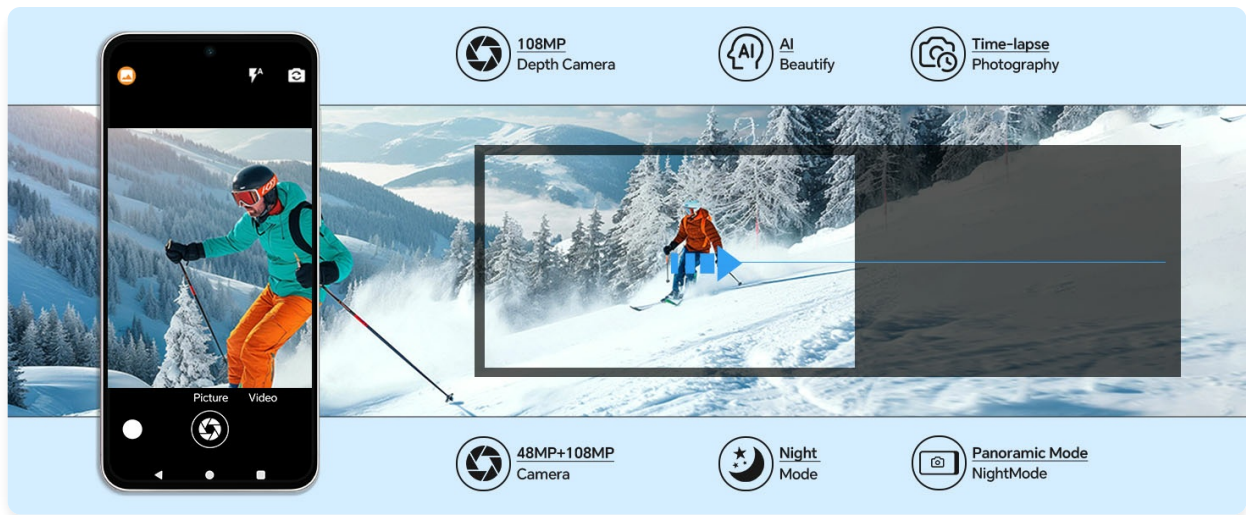

- **High-Resolution Photography:** Capture incredibly detailed images with the 108MP main sensor.
- **Macro Photography:** Explore close-up details with the dedicated 48MP macro lens.
- **AI Enhancements:** Benefit from AI scene recognition, AI backlight photo, and AI portrait composition for optimized shots.
- **Multiple Modes:** Access various shooting modes including Night Mode, Panoramic Mode, AI Beautify, and Time-lapse Photography.

5000mAh Battery

The combination of a large 5000mAh battery and advanced power management technology ensures that you can easily cope with your busy life, even under heavy use, keeping you connected to the world all day long with quiet, long-lasting power without fear of running out of juice.

The image shows a close-up of a Snapdragon 888 processor chip on a circuit board. The chip is gold and features the Snapdragon logo and '888' in red. To its right is a black memory chip labeled '12GB + 512GB'. Below the processor, there are two blue icons: a memory card icon labeled '12GB+512GB' and a processor icon labeled 'Snapdragon 888'.

The strong 8-core processor and ample memory ensure high-speed performance.

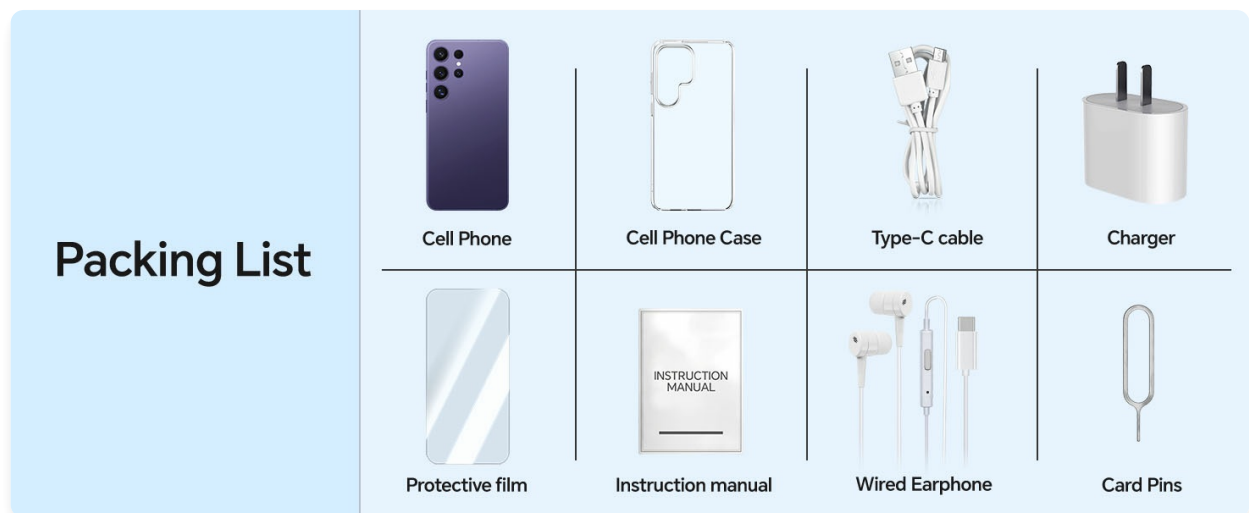

Experience ultra-smooth visuals with the 120Hz refresh rate.

8. GPS NAVIGATION

The MUNISOSA T24 Ultra includes integrated GPS functionality, providing accurate positioning and navigation services. This feature is essential for mapping, location-based apps, and finding directions.

- **Accurate Positioning:** Utilize GPS for precise location tracking.
- **Navigation:** Use pre-installed or downloaded navigation apps for turn-by-turn directions.
- **Indoor Navigation:** Supports indoor navigation functions for large venues like airports, high-speed rail stations, shopping malls, and other public places.

The GPS navigation feature provides reliable positioning and route guidance.

9. MAINTENANCE

To ensure the longevity and optimal performance of your MUNISOSA T24 Ultra, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.

- **Temperature:** Avoid exposing the phone to extreme temperatures (hot or cold) or direct sunlight for prolonged periods.
- **Water Resistance:** This device is not rated for water resistance. Avoid contact with liquids.
- **Software Updates:** Regularly check for and install system updates to ensure your phone has the latest features and security patches.
- **Storage Management:** Periodically clear unnecessary files and apps to maintain optimal performance and free up storage space.

10. TROUBLESHOOTING

If you encounter issues with your MUNISOSA T24 Ultra, refer to the following common troubleshooting steps:

Problem	Possible Solution
Phone does not turn on	Ensure the battery is charged. Connect to the charger for at least 15 minutes, then try powering on again. If it still doesn't turn on, perform a forced restart by holding the Power button for 10-15 seconds.
Battery drains quickly	Check background app usage in Settings > Battery. Reduce screen brightness, disable unnecessary features like GPS, Wi-Fi, Bluetooth when not in use. Close unused apps.
Apps are crashing or freezing	Clear the app's cache (Settings > Apps > [App Name] > Storage > Clear Cache). If the issue persists, try reinstalling the app. Ensure your phone's software is up to date.
Cannot connect to Wi-Fi/Mobile Data	Toggle Wi-Fi/Mobile Data off and on. Restart your phone. For Wi-Fi, forget the network and reconnect. For mobile data, check your SIM card insertion and network settings.
Fingerprint/Face ID not working	Ensure your finger/face is clean and dry. Re-register your fingerprint/face in Settings > Security. Ensure there are no obstructions on the sensor/camera.

If these steps do not resolve your issue, please contact customer support for further assistance.
