WHAT'S IN THE BOX

The Piluyaa M79 Open-Ear Headphones package includes the following items:

- Piluyaa M79 Clip-on Ear Headphones (Left and Right)

- Charging Case
- USB C Charging Cable
- User Manual

PRODUCT FEATURES

- **Open-Ear Design:** Comfortable C-shaped ear clip that fits securely without blocking the ear canal.
- **Lightweight:** Each earbud weighs approximately 5.3 grams for extended wear comfort.
- **Dual Sonic Directional Transmission:** Minimizes sound leakage for private listening.
- **ENC Noise Cancellation:** Enhances call clarity by reducing background noise.
- **Bluetooth 5.4:** Provides seamless connectivity with zero latency and efficient energy consumption.
- **Extended Battery Life:** Up to 6 hours of playback on a single charge, with a total of 24 hours using the charging case.
- **IPX5 Water Resistance:** Protects against splashes, rain, and sweat.
- **Touch Control:** Intuitive touch sensors for managing audio playback and calls.

SETUP INSTRUCTIONS

Initial Bluetooth Connection

1. When connecting to Bluetooth for the first time, ensure both headphones are in the charging box.
2. Take out both headphones from the charging box. After approximately 5 seconds, the headphones will connect to each other. One headphone's indicator light will stop flashing, while the other will continue to flash, indicating it is ready for pairing.
3. Turn on Bluetooth on your phone or device and search for the device name, typically "M79". Select it to pair.
4. If the headphones do not pair immediately, place them back into the charging box. Wait for about 3 seconds, then take them out again. After another 5 seconds, one headphone's light should stop flashing, indicating successful pairing between the earbuds and readiness for device connection.

Troubleshooting Initial Connection

- If only one headphone connects to Bluetooth, disconnect the Bluetooth connection on your device, turn Bluetooth off, then place both earbuds back into the charging box. Take them out again and follow the initial connection steps.
- For subsequent uses after the first successful pairing, the headphones should automatically connect to your device when removed from the charging case.
- If the earbuds' voice prompts are not in English upon first use, double-click either earbud when they are not connected to your phone to switch the language to English.

Action	Function	Earbud (L/R)
Click x1	Play/Pause	L/R
Click x3	Previous Song	L
Click x3	Next Song	R
Click x2	Answer Call	L/R
Click x3	Volume Down	L
Click x3	Volume Up	R
Hold 2s	Voice Assistant	L/R
Hold 2s	Reject Call	L/R

MAINTENANCE

Cleaning

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Avoid using abrasive materials, alcohol, or chemical cleaners.
- Ensure charging contacts on both earbuds and case are clean and dry.

Water Resistance

The Piluyaa M79 headphones are rated IPX5 water-resistant, meaning they can withstand splashes, light rain, and sweat. They are not designed for submersion in water. Avoid using them in heavy rain or while swimming.

Extra Long Range Music continuous line

Built in new energy battery
Full battery life for a whole day

TROUBLESHOOTING

- **No Sound:** Ensure headphones are charged, connected to your device, and volume is up on both the

headphones and your device.

- **Connection Issues:** If pairing fails, try resetting the headphones by placing them back in the case, then removing them. Clear the Bluetooth pairing record on your device and attempt to pair again.
- **One Earbud Not Working:** Ensure both earbuds are charged. Place both back in the charging case, close the lid, then open and remove them to re-establish the connection between the two earbuds.
- **Charging Problems:** Ensure the USB-C cable is securely connected to both the charging case and a power source. Verify that the charging contacts on the earbuds and inside the case are clean and free of debris.
- **Low Volume/Poor Sound Quality:** Check for any obstructions in the earbud speakers. Ensure the earbuds are positioned correctly on your ears.
