SAFETY INFORMATION

Always observe the following safety precautions to reduce the risk of electric shock, injury, or fire:

- Do not immerse the devices in water.
- Keep away from children.
- Do not use if the device or cord is damaged.
- Use only with the provided charging cable.
- Unplug before cleaning.
- Do not use on irritated or damaged skin.

Legal Disclaimer: Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

SETUP AND CHARGING

Initial Charge

Before first use, fully charge each device. The LED display will indicate charging status.

- **VGR V-640 Clipper:** Connect the USB charging cable to the clipper and a suitable USB power source. A full charge takes approximately 3 hours and provides up to 250 minutes of work time.
- **VGR V-378 Foil Shaver:** Connect the Type-C charging cable to the shaver and a suitable USB power source. A full charge takes approximately 2 hours and provides up to 100 minutes of running time.
- **Precision Trimmer:** Similar to the clipper, it uses a USB charging cable. A full charge provides up to 240 minutes of running time.

Ceramic and precision blade

OPERATING INSTRUCTIONS

VGR V-640 Hair Clipper

- **Power On/Off:** Use the ON/OFF switch located on the side of the clipper.
- **Adjusting Cutting Length:**
 - Use the adjustable taper lever on the side for fine-tuning cutting length from 0.5mm to 2.5mm without a comb.
 - Attach one of the 6 guide combs (1.5mm, 3mm, 4.5mm, 6mm, 9mm, 12mm) for desired hair length. Ensure the comb is securely attached.
- **Motor Speed:** The intelligent torque motor offers dual-speed adjustments up to 9000 RPM for various hair types.
- **LED Display:** The integrated LED display shows battery levels and other operational information.

ON/OFF SWITCH

Easy to operate, convenient and practical

USB CHARGING

USB cable provide you to charging wherever you need.

LONGER WORK TIME

Rechargeable Li-ion battery 5V 2500mAh.

TAPER LEVER

Adjustable taper control cutting length

Image: The VGR V-640 clipper highlighting its key features: easy-to-operate ON/OFF switch, convenient USB charging, long work time from its 2500mAh Li-ion battery, and the adjustable taper lever for cutting length control.

FIX BLADE

CERAMIC
MOVING BLADE

Cutting more fast and smooth

Image: A close-up of the VGR V-640 clipper's ceramic and precision blade, along with an illustration of its turbo function, offering 7000 RPM and 9000 RPM speeds for fast and smooth cutting.

VGR Precision Trimmer

- **Usage:** Ideal for sharp lines, fades, beard detailing, and hairline shaping.
- **Guide Combs:** Use the 3 guide combs (1mm, 2mm, 3mm) for precise trimming lengths.
- **Zero-Gapped T-blade:** Designed for precision edging and intricate designs.

VGR V-378 Foil Shaver

- **Power On/Off:** Use the ON/OFF button.
- **Shaving:** Designed for close, irritation-free shaving of short stubble, fades, and fine detailing.
- **Motor Speed Adjustment:** Features an adjustable motor speed from 7000 to 9000 RPM via a 21-level rotary knob for customized shaving.
- **LED Display:** Shows RPM and remaining usage time.

to select motor speeds between 7000 and 9000 RPM for a customized shave.

MAINTENANCE AND CLEANING

Regular cleaning and maintenance will ensure optimal performance and extend the lifespan of your VGR grooming tools.

- **Cleaning Blades:** After each use, brush off hair clippings from the blades using the provided cleaning brush.
- **Lubrication:** Apply a few drops of the included lubricating oil to the blades of the clipper and trimmer after every few uses, or as needed, to maintain smooth operation.
- **Foil Shaver Head:** The VGR V-378 shaver features a detachable head. Press and hold the release button to pull out the shaver head for easy cleaning of stubble and debris with the brush.
- **Waterproof Feature:** The devices are waterproof, allowing for easy rinsing under running water. Ensure the charging port covers are securely closed before rinsing.
- **Storage:** Store the devices and accessories in the premium storage bag provided to protect them from dust and damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not turning on.	Low battery; device not charged.	Charge the device fully. Check charging cable and power source.
Poor cutting/shaving performance.	Blades are dull or clogged with hair; insufficient lubrication.	Clean blades thoroughly. Apply lubricating oil. If blades are dull, consider professional sharpening or replacement if available.
Device making unusual noise.	Blades need lubrication; internal issue.	Apply lubricating oil to blades. If noise persists, contact customer support.
LED display not working.	Device off; internal malfunction.	Ensure device is powered on. If issue persists, contact customer support.
