Tedajo Y7

Tedajo AI Portable Waist Fan

Model: Y7

User Instruction Manual

Introduction

Thank you for choosing the Tedajo AI Portable Waist Fan. This innovative 4-in-1 cooling device is designed to provide powerful and hands-free personal cooling in various settings. Whether you're working outdoors, traveling, or simply need a refreshing breeze, the Y7 fan offers exceptional performance and convenience. This manual will guide you through the setup, operation, and maintenance of your new fan.

What's Included

- Waist Clip Fan (Model Y7)
- Neck Lanyard
- Type-C Charging Cable
- Instruction Manual

Key Features

- **4-in-1 Versatility:** Functions as a waist fan, neck fan, desk fan, and handheld fan.
- **Powerful Airflow:** Equipped with a 16,000 RPM brushless motor and 5-blade turbo fan, delivering airflow speeds up to 33 ft/s.
- **6 Adjustable Speeds:** From a gentle breeze (8000 RPM) to a powerful gust (16000 RPM) for customized cooling.
- **Extended Battery Life:** 6000mAh industrial-grade battery provides 10-40 hours of cooling on a single charge, with 2A fast charging.
- **Dual-Clip Design:** Features a large clip for belts and a small clip for shirts, ensuring secure attachment.
- **Enhanced Air Intake:** Dual air inlets on the bottom and sides prevent clogging and optimize airflow.
- **Ultra-Portable & Lightweight:** Weighs only 0.4lb, making it easy to carry and wear.
- **Safety Certified:** Built-in AI smart safety chip and multiple certifications (CE/FCC/RoHS) ensure safe operation.

Image: The Tedajo Portable Waist Fan is available in multiple colors, showcasing its widespread appeal.

Image: The fan offers 6 speed settings, from 8000 RPM (40H) to 16000 RPM (10H), providing versatile cooling options.

Setup

Charging the Fan

Before first use, fully charge the fan. Connect the provided Type-C charging cable to the fan's charging port and the other end to a USB power source (e.g., wall adapter, computer USB port). The charging indicator light will turn red while charging and green when fully charged.

Image: The fan features a 6000mAh large capacity battery and charges via a Type-C cable.

Attaching the Neck Lanyard

1. Locate the lanyard holes on the top of the fan.
2. Thread the thin loop of the lanyard through one of the lanyard holes.
3. Pass the main strap of the lanyard through the loop you just created and pull to secure.
4. Repeat for the other side.

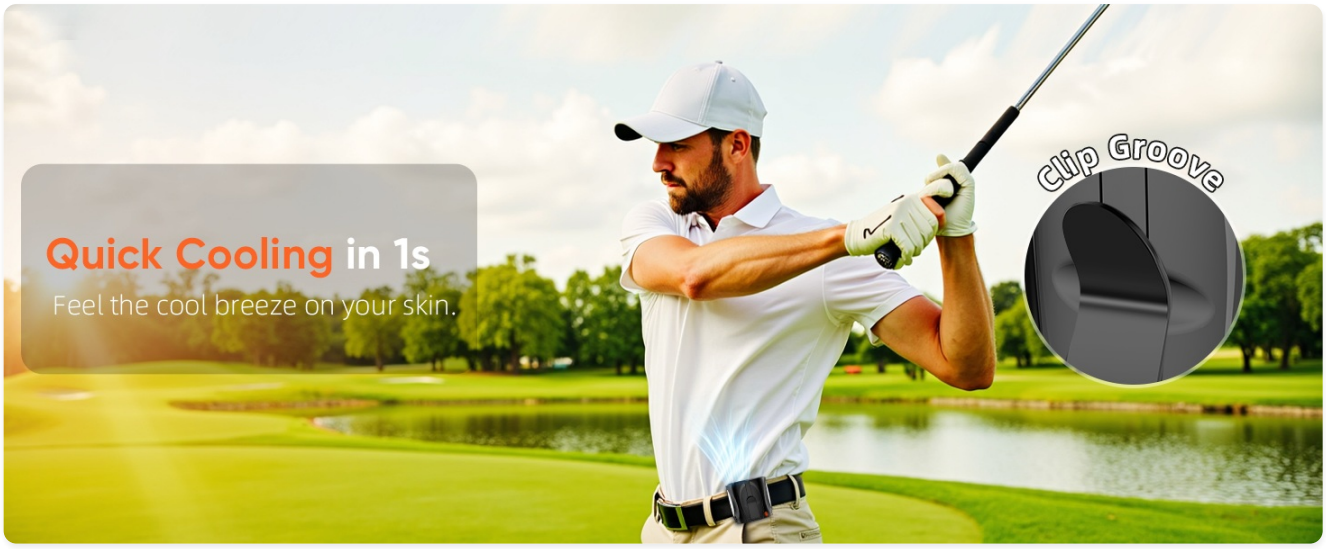

Image: The fan can be worn around the neck using the included lanyard for 100% hands-free cooling.

Operating Instructions

Power On/Off and Speed Adjustment

1. To turn on the fan, press the orange Switch Button located on the side. The working indicator light will turn blue.

2. Each subsequent short press of the Switch Button will cycle through the 6 available speed settings.
3. To turn off the fan, press and hold the Switch Button for 2 seconds.

Wearing Styles

- **Waist Fan:** Clip the large Belt Clip onto your belt or waistband. Use the small Shirt Clip to secure your shirt, ensuring the fan's air outlet is directed upwards for optimal cooling.
- **Neck Fan:** Attach the provided Neck Lanyard to the fan and wear it around your neck.
- **Handheld Fan:** Simply hold the fan in your hand and direct the airflow as needed.
- **Desk Fan:** Place the fan on a flat surface, ensuring stable positioning and unobstructed air inlets/outlets.

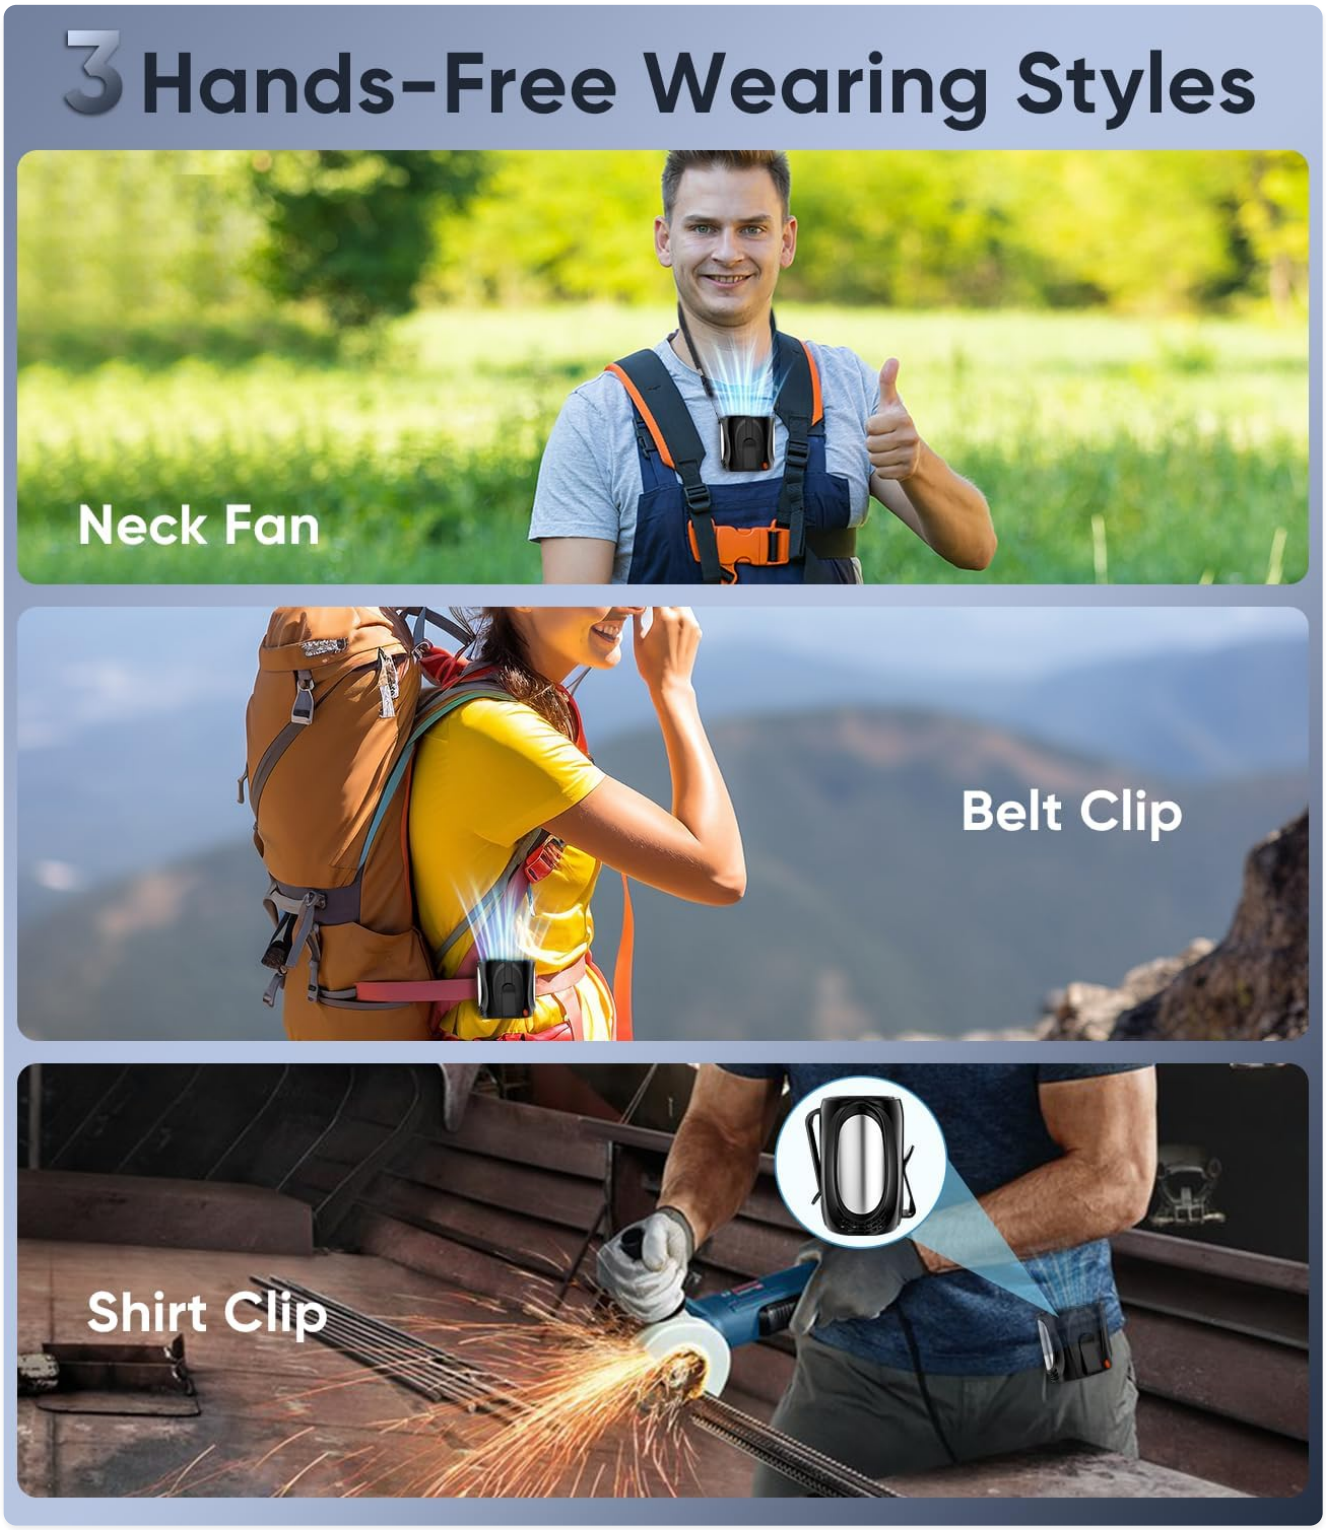

Image: The fan supports three hands-free wearing styles: Neck Fan, Belt Clip, and Shirt Clip.

Video: This video demonstrates the versatility of the Tedajo Portable Waist Fan, showcasing its use in various outdoor activities and how it provides hands-free cooling.

Maintenance

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the fan. Do not use abrasive cleaners or immerse the fan in water.
- **Storage:** When not in use for extended periods, store the fan in a cool, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the fan regularly, even if not in constant use.

Troubleshooting

Problem	Possible Cause	Solution
Fan does not turn on	Low battery; Power button not pressed correctly	Charge the fan fully; Press and hold the power button for 2 seconds.
Weak airflow	Low speed setting; Obstructed air inlets/outlets	Increase speed setting; Ensure air inlets/outlets are clear of obstructions.
Fan not charging	Cable issue; Power source issue	Try a different Type-C cable; Try a different USB power source.
Fan makes unusual noise	Internal obstruction; Damaged fan blades	Turn off and check for obstructions (do not disassemble); Contact customer support if noise persists.

Specifications

Specification	Detail
Brand	Tedajo
Model Name	Y7
Color	Black
Power Source	Battery Powered
Battery Capacity	6000mAh
Max RPM	16000 RPM
Number of Speeds	6
Product Dimensions	4.5"D x 3"W x 3"H
Item Weight	8.1 ounces
Charging Port	USB Type C
Safety Certifications	CE, FCC, RoHS
