Lxlu XHD15S03

Lxlu Smart Electric Heated Bidet Toilet Seat Instruction Manual

Model: XHD15S03
Brand: Lxlu

Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of your Lxlu Smart Electric Heated Bidet Toilet Seat, Model XHD15S03. Please read this manual thoroughly before installation and use to ensure proper function and safety. Keep this manual for future reference.

Safety Warnings and Precautions

Observe the following safety guidelines to prevent injury or damage to the product:

- Ensure the power outlet is properly grounded and matches the product's voltage requirements (AC110V~50Hz).
- Do not immerse the unit in water or spray water directly onto electrical components. The product has an IPX4 waterproof rating, protecting against splashes.
- Unplug the bidet seat from the power outlet before cleaning or performing any maintenance.
- Do not allow children or individuals with reduced physical, sensory, or mental capabilities to use the bidet seat without supervision.
- Avoid placing heavy objects on the bidet seat or lid. The soft-close lid is designed for gentle closing.
- Do not use abrasive cleaners or harsh chemicals on the bidet seat.
- Ensure proper water pressure (0.1MPa - 0.75MPa) for optimal performance.
- The smart seat sensor prevents misoperation; ensure proper seating for functions to activate.

Package Contents

Verify that all components are present before beginning installation:

- Bidet Toilet Seat (Main Unit)
- Wireless Remote Control
- Fixed Plate
- Instruction Manual
- Casket
- Connecting Bolts (2)
- Expansion Nuts (2)
- Tee Connector (G1/2", G3/8", G7/8" options)
- Water Inlet Hose

- Adjustment Plastic Seat
- Certificate of Conformity

Image: Component Description. This diagram illustrates all parts included in the package, such as the bidet seat, remote control, fixed plate, instruction manual, connecting bolts, expansion nuts, tee connector, water inlet hose, adjustment plastic seat, and certificate of conformity.

Installation Guide

Follow these steps for a quick and easy installation:

1. **Prepare the Toilet:** Remove the old toilet seat and clean the toilet bowl area.
2. **Install the Fixed Plate:** Place the installation template on the ceramic toilet bowl. Insert the expansion nuts into the toilet seat holes, then secure the fixed plate using the connecting bolts.
3. **Attach the Bidet Seat:** Slide the bidet toilet seat onto the fixed plate until it clicks into place.
4. **Connect Water Supply:**
    - Turn off the main water supply to the toilet.
    - Disconnect the existing water supply hose from the toilet tank.
    - Install the T-connector to the toilet tank's water inlet.
    - Connect the water inlet hose from the bidet seat to the T-connector.
    - Reconnect the original water supply hose to the T-connector.
    - Turn on the main water supply and check for leaks.
5. **Connect Power:** Plug the bidet toilet seat into a properly grounded electrical outlet.

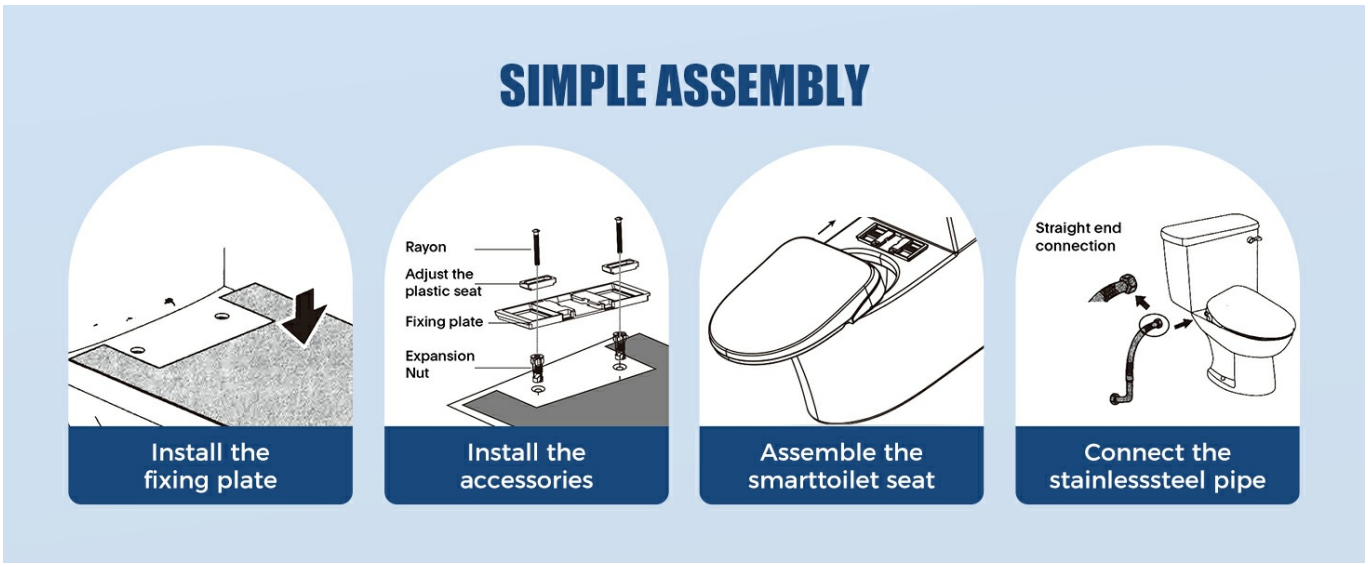

Image: Simple Assembly. This image visually guides through the four main steps of installation: installing the fixing plate, installing accessories, assembling the smart toilet seat, and connecting the stainless steel pipe.

Image: Quick Installation Guide. This detailed diagram shows the nine steps for installing the bidet seat, including removing the old cover plate, placing the template, disassembling the keypad, pushing the cover plate, braided hose installation, installation procedure for T-shaped connections, opening the angle valve, holding the sensing area, and connecting to power supply.

Operating Instructions

Your Lxlu Smart Bidet Toilet Seat offers various functions for personalized hygiene and comfort. Control options include a wireless remote and a side control knob.

Wireless Remote Control

The wireless remote provides full control over all bidet functions. It can be used handheld or mounted on the wall for convenience.

- **AUTO:** Activates an automatic wash and dry cycle.
- **REAR/MOVE:** Initiates a posterior wash. Press again for oscillating spray.
- **FEMININE/MOVE:** Initiates a feminine wash. Press again for oscillating spray.
- **DRYER:** Activates the warm air dryer.
- **+/- (Water Pressure):** Adjusts water pressure for washing.
- **STOP:** Stops all active functions.
- **CLEAN:** Activates the self-cleaning nozzle function.
- **ECO:** Engages energy-saving mode.
- **LIGHT:** Controls the night light.
- **WATER TEMP:** Adjusts water temperature (4 levels).
- **SEAT TEMP:** Adjusts heated seat temperature (4 levels).
- **AIR TEMP:** Adjusts warm air dryer temperature (4 levels).

Side Control Knob

The side control knob offers quick access to essential functions:

- **Twist Knob:** Activates washing functions (rear/feminine) and adjusts water pressure.
- **Press Buttons:** Controls seat temperature, water temperature, and air dryer.

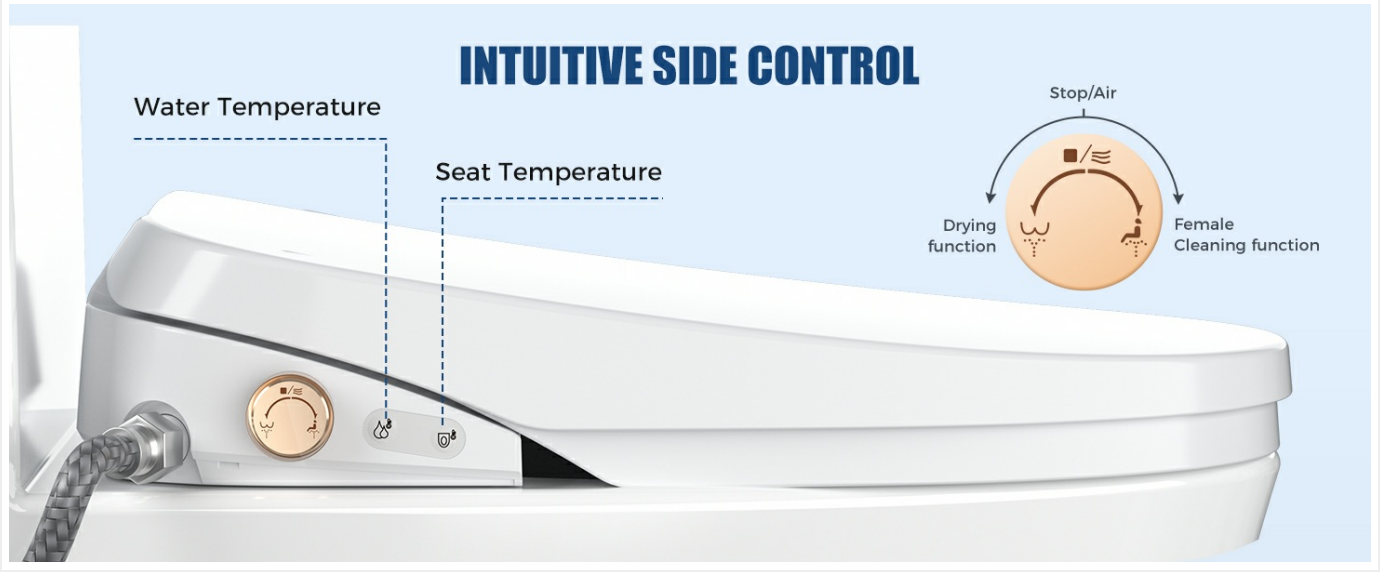

Image: Intuitive Side Control. This image highlights the side control knob and buttons on the bidet seat, indicating controls for water temperature, seat temperature, drying function, and feminine cleaning function.

Key Features

- **Heated Seat:** Adjustable warmth for comfort in all seasons.
- **Instant Warm Water:** Provides unlimited fresh warm water with 4 adjustable temperature levels.
- **Feminine & Rear Wash:** Gentle feminine wash and targeted posterior wash with adjustable water pressure.
- **Warm Air Dryer:** Quick warm air dryer with 4 adjustable temperature levels to reduce toilet paper use.
- **Self-Clean Nozzle:** Retractable nozzles automatically rinse before and after each use.
- **Soft-Close Lid & Seat:** Prevents slamming and reduces noise.
- **Night Light:** Soft-glow night light for safe navigation in the dark.
- **Smart Seat Sensor:** Built-in sensor ensures functions only activate when seated.
- **ECO Smart Mode:** Optimizes water heating and seat warmth, reducing power consumption when idle.

Maintenance

Regular maintenance ensures the longevity and hygienic operation of your bidet seat.

- **Nozzle Cleaning:** The self-cleaning nozzle feature automatically rinses the nozzle. For deeper cleaning, activate the manual cleaning function via the remote.
- **Exterior Cleaning:** Wipe the exterior surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners, solvents, or harsh chemicals.
- **Filter Cleaning:** Periodically check and clean the water inlet filter to prevent blockages and maintain optimal water flow.
- **Disassembly for Cleaning:** The bidet seat can be easily detached from the fixed plate for thorough cleaning of the toilet bowl area.

Specifications

Model Number	XHD15S03
Brand	Lxlu
Material	Polypropylene 2.0
Color	White
Style	Modern
Shape	V-Shape (Elongated)
Item Weight	9.73 pounds (4.42 Kilograms)
Product Dimensions	1 x 1 x 1 inches (Note: Product images suggest larger dimensions for elongated seats, typically 18-20 inches long)
Rated Voltage	AC110V~50Hz
Rated Power	1250W
Pressure Range	0.1MPa - 0.75MPa
Waterproof Grade	IPX4

Image: Please Confirm Your Toilet Size. This image provides critical dimensions for both elongated and round toilets, indicating that this bidet seat is designed for elongated toilets (18-20 inches from bolt holes to front rim).

Troubleshooting

If you encounter issues with your bidet toilet seat, refer to the following common troubleshooting steps:

- **No Power/Functions Not Working:**
  - Check if the power cord is securely plugged into a working outlet.
  - Ensure the circuit breaker has not tripped.
  - Verify the smart seat sensor is engaged (you must be seated for most functions to activate).
- **No Water/Low Water Pressure:**
  - Confirm the main water supply valve to the toilet is fully open.
  - Check for kinks in the water inlet hose.
  - Clean the water inlet filter for any blockages.

- **Water Leaks:**
  - Ensure all water connections (T-connector, hoses) are tightened securely. Do not overtighten.
  - Check that all gaskets and seals are properly installed.
- **Heated Seat/Water Not Warming:**
  - Verify that the temperature settings on the remote or side control are adjusted to your preference.
  - Ensure the ECO mode is not active if you desire immediate heating.

If issues persist after following these steps, please contact customer support.

Warranty and Customer Support

For warranty information, technical assistance, or customer support, please refer to the contact details provided in your product packaging or visit the official Lxlu website. Keep your purchase receipt as proof of purchase for warranty claims.
