including the mirror, shelves, drawers, and overall height and width.

3. SETUP

The HarmoHaby Vanity Desk requires assembly. Please follow the included assembly instructions carefully. Ensure all components are present before beginning. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

Assembly Steps (General Guidance):

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the parts list in your separate assembly manual.
2. **Assemble Base Structure:** Begin by assembling the main desk frame and leg supports.
3. **Install Drawers:** Assemble and insert the six drawers into their designated slots.
4. **Attach Mirror and Shelves:** Securely attach the mirror unit and the side storage shelves to the main desk.
5. **Connect Charging Station:** Ensure the charging station's power cord is routed correctly and accessible.
6. **Assemble Stool:** Put together the accompanying stool.
7. **Final Placement:** Position the vanity desk in your desired location, ensuring it is stable and level.

4. OPERATING INSTRUCTIONS

4.1. LED Mirror Lighting

The mirror features integrated LED lighting with adjustable colors and brightness.

- **Power On/Off:** Locate the touch sensor on the mirror surface. A short press will turn the lights on or off.
- **Change Lighting Mode:** With the lights on, a short press on the touch sensor will cycle through the three lighting modes: Cool White, Warm White, and Warm Yellow.
- **Adjust Brightness:** With the lights on, a long press on the touch sensor will gradually adjust the brightness level. Release when the desired brightness is achieved.

4.2. Charging Station

The built-in charging station provides convenient power access for your electronic devices and beauty tools.

- **AC Outlets:** Plug in your hair dryer, curling iron, or other AC-powered devices into the two 125V/12A outlets.
- **USB Ports:** Connect your smartphones, tablets, smartwatches, or other USB-powered devices to the two 5V/2A USB ports for charging.
- **Power Connection:** Ensure the vanity's main power cord is securely plugged into a wall outlet for the charging station to function.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your vanity desk.

- **Cleaning Surfaces:** Wipe down all surfaces, including the imitation marble finish and engineered wood, with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Mirror Cleaning:** Use a glass cleaner specifically designed for mirrors and a lint-free cloth to clean the mirror surface. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the LED components.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If needed, clean any dust or debris from the tracks.
- **Electrical Components:** Ensure the charging station and mirror light connections remain dry and free of dust. Do not attempt to service electrical components yourself.
- **Avoid Excessive Moisture:** While the surface is durable, prolonged exposure to water or high humidity

should be avoided to prevent damage to the engineered wood.

6. TROUBLESHOOTING

If you encounter issues with your vanity desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Mirror lights not turning on.	No power, loose connection, faulty sensor.	Ensure the vanity is plugged into a working outlet. Check all electrical connections. Try pressing the touch sensor firmly.
Charging station not working.	No power, device not compatible, faulty port.	Verify the vanity is plugged in. Test with a different device and cable. Ensure the device's power requirements are within the station's specifications (125V/12A for AC, 5V/2A for USB).
Drawers are stiff or difficult to open/close.	Misalignment, debris in tracks, overloaded drawer.	Check if drawers are properly aligned on their slides. Clean tracks of any dust or obstructions. Reduce the weight in the drawer.
Vanity feels unstable.	Loose assembly, uneven floor.	Retighten all assembly screws. Use shims under the legs if the floor is uneven.

If the problem persists after attempting these solutions, please contact customer support.
