luckystyle HX-818A

luckystyle Smart RGB+IC Corner Floor Lamp User Manual

Model: HX-818A

Brand: luckystyle

INTRODUCTION

Thank you for choosing the luckystyle Smart RGB+IC Corner Floor Lamp. This manual provides essential information for the safe and efficient operation of your new lamp. Please read it thoroughly before use and retain it for future reference.

WHAT'S IN THE BOX

Carefully unpack all components and ensure you have the following items:

- RGB Floor Lamp * 1
- Remote Control
- Adapter
- User Manual

SETUP

Follow these steps to assemble and set up your luckystyle Smart RGB+IC Corner Floor Lamp:

1. **Unpack the Base:** Remove the foldable base from its packaging and unfold it to create a stable foundation for the lamp.
2. **Assemble Lamp Poles:** The lamp consists of multiple light bar segments. Connect these segments by aligning the male and female slots and ensuring the three metal pins are inserted correctly. Securely connect the lamp pole to the base.
3. **Connect Power:** Plug the adapter into the lamp and then into a power outlet.

Easy to Install

1.Take out base	2.Unfold base	3.Install the bottom lamp pole	4.Insert the lamp pole firmly

OPERATING INSTRUCTIONS

Your luckystyle Smart RGB+IC Corner Floor Lamp offers multiple control methods and dynamic lighting features.

Control Methods

- **Control Box:** A small control box on the power cord allows for basic functions like turning the lamp on/off and cycling through some settings.
- **Remote Control:** Use the included remote control to adjust colors, brightness, modes, and speed. Ensure the remote's batteries are installed. If controlling multiple lamps, pair each remote separately to its respective lamp.
- **Bluetooth APP (Magic Lantern):** For full functionality, download the "Magic Lantern" app on your smartphone.

Connecting to the Magic Lantern App

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Magic Lantern app. The app should automatically detect and connect to the lamp.
3. Within the app, you can select from 16 million colors, multiple dynamic and static modes, adjust brightness, and light speed.
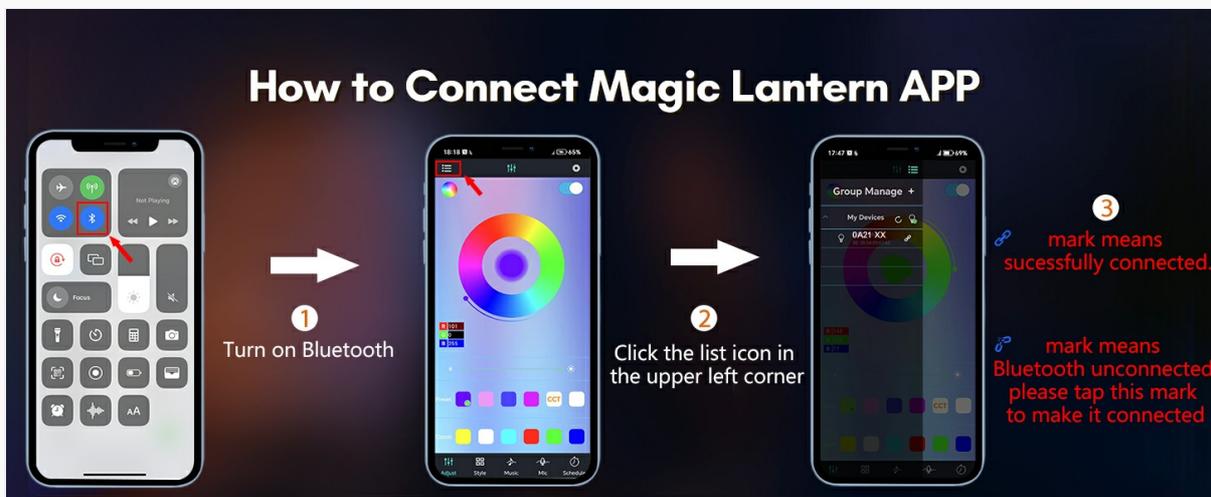

How to Connect Magic Lantern APP

① Turn on Bluetooth

② Click the list icon in the upper left corner

③ 🔗 mark means successfully connected.

🔗 mark means Bluetooth unconnected, please tap this mark to make it connected

Key Features

- **Synchronized with Music:** The lamp can change color and light patterns in sync with music rhythms or game sound effects, creating an immersive audio-visual experience.
- **Dynamic RGB+IC Technology:** Built-in high-quality RGB+IC technology provides smooth color gradients and increased brightness compared to traditional lamp beads.
- **Timing Function:** Set specific on and off times for the lamp according to your schedule.

MAINTENANCE

To ensure the longevity and optimal performance of your lamp, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the lamp's surface. Avoid abrasive cleaners or solvents that may damage the finish.
- **Environment:** Do not use the lamp in damp environments. It is designed for indoor use only and is not water resistant.
- **Power Supply:** Always use the original power supply included in the package to prevent damage.

TROUBLESHOOTING

If you encounter any issues with your lamp, refer to the following troubleshooting tips:

- **Lamp Not Lighting Up:** Ensure that the lamp pole and base, as well as the lamp poles themselves, are securely connected. Verify that the male and female slots on the lamp pole are aligned and that the three metal pins are inserted correctly.
- **Remote Control Issues:** If you wish for one remote to control only one floor lamp, you may need to pair the code separately. Refer to the remote control's specific pairing instructions if available.
- **App Connectivity Problems:** Ensure your phone's Bluetooth is on and the lamp is within range. Restarting the app or your phone may resolve connectivity issues.

SPECIFICATIONS

Feature	Detail
Model Name	HX-818A-001
Product Dimensions	7.87"D x 0.98"W x 56.5"H
Item Weight	1.37 pounds (620 Grams)
Light Source Type	LED (RGB+IC)
Wattage	17 watts
