

Oraolo R2210

Oraolo Portable Bluetooth Speaker User Manual

Model: R2210

1. PRODUCT OVERVIEW

The Oraolo Portable Bluetooth Speaker (Model R2210) delivers an impressive 15W peak output power with a wide frequency response range of 100Hz-20KHz, ensuring crisp and vibrant audio. Designed for versatility, it features IPX7 waterproof rating, extended 30-hour playtime, dynamic LED lighting effects, and advanced Bluetooth 5.3 with TWS pairing for an immersive stereo experience. Its compact design and intuitive controls make it an ideal companion for both indoor and outdoor use.

Image: The Oraolo Portable Bluetooth Speaker, shown partially submerged in water, highlighting its IPX7 waterproof capability. This feature ensures the speaker can withstand splashes and brief immersion, making it suitable for poolside or beach use.

RGB Party Lights Show

Fantastic colorful lights effects, illuminate beat space

Image: Multiple Oraolo speakers showcasing their dynamic RGB party lights. The speakers can illuminate the surrounding space with various colorful effects, enhancing the ambiance for parties or gatherings.

True Wireless Pairing

Pair 2 Oraolo speakers to get 30W powerful 360° surround sound

Bluetooth 5.3

Image: The speaker is shown in an outdoor setting with a person, emphasizing its 30-hour extended playtime. This long battery life allows for prolonged music playback, ideal for extended trips or outdoor activities without frequent recharging.

30H Extended Playtime

Provides up to 30 hours of playtime at 50% volume

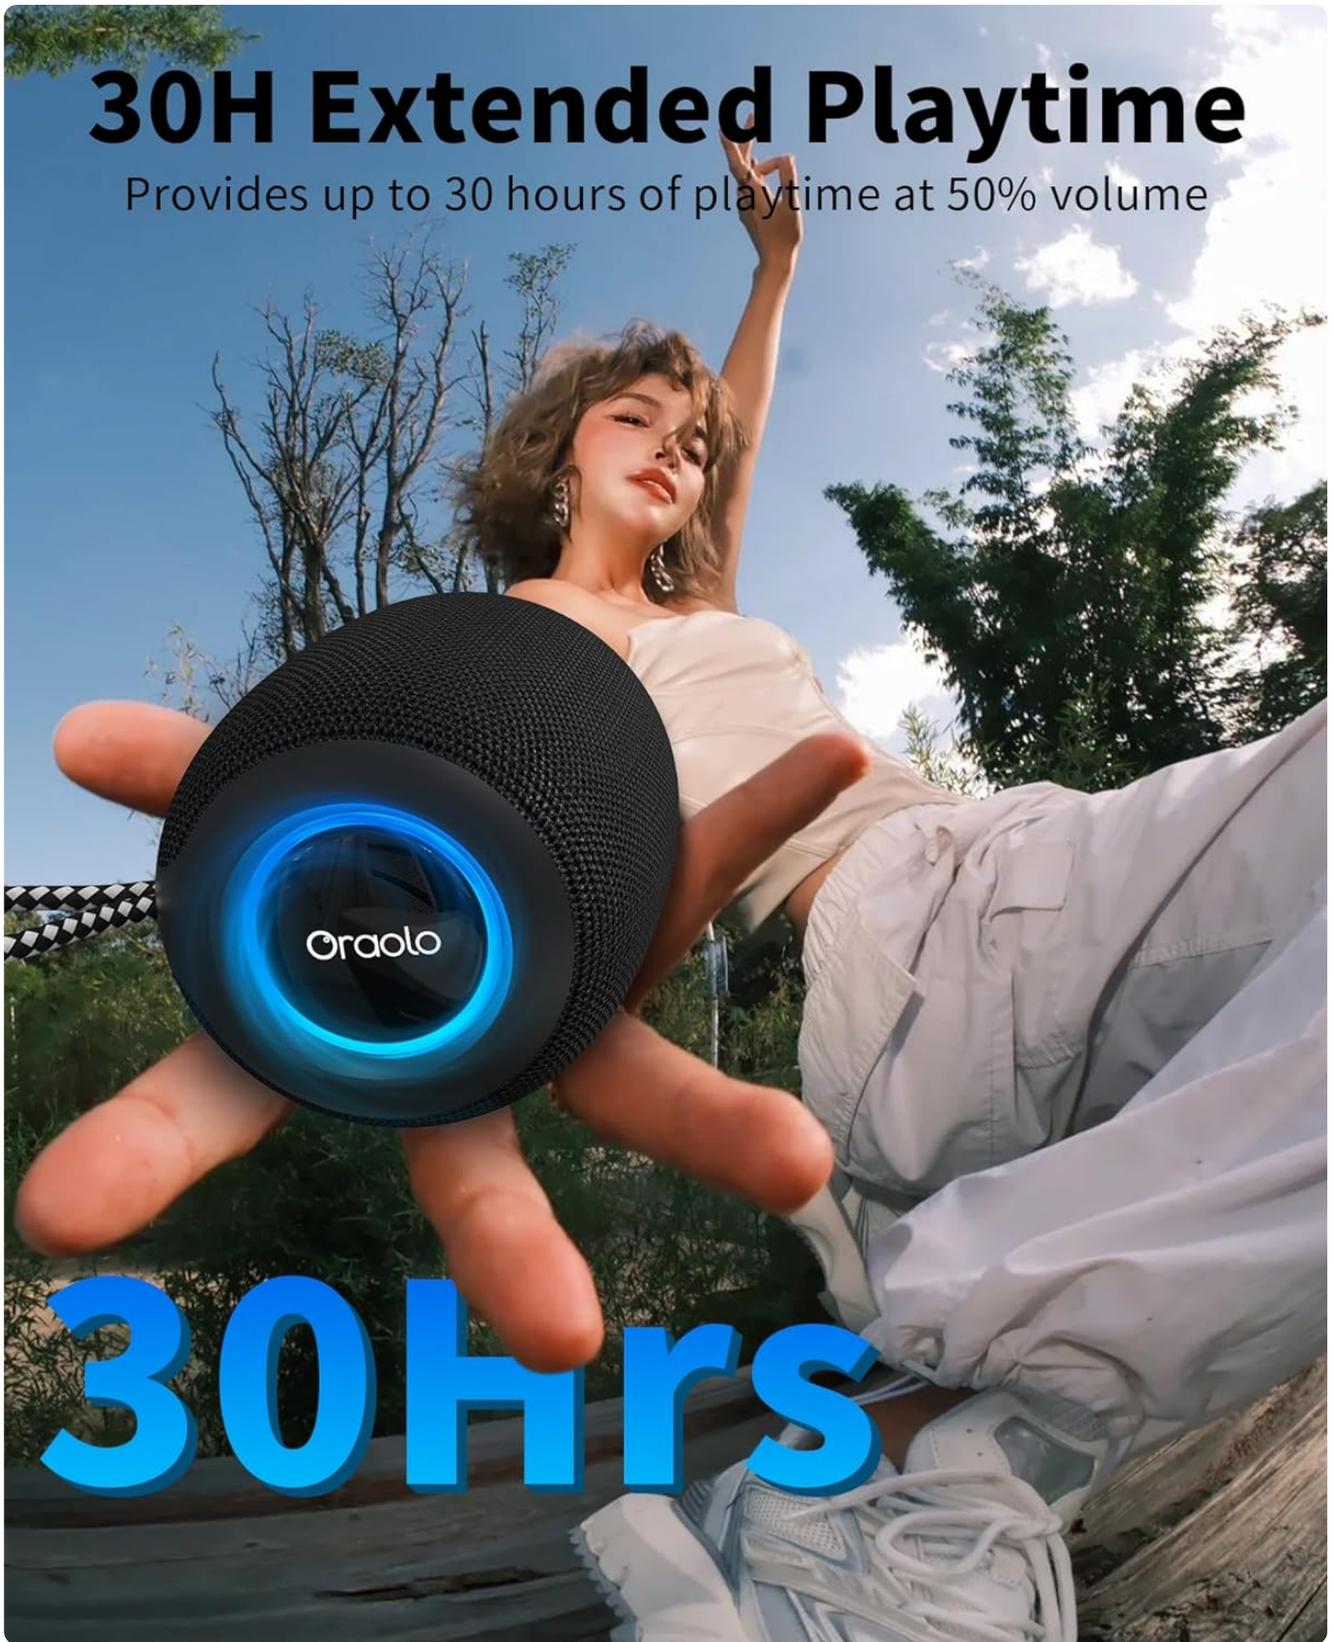

Image: The speaker is depicted hanging from a backpack, illustrating its portable lanyard design. This feature allows for easy carrying and attachment to bags, making it convenient for travel, hiking, or cycling.

Compact Portable Design

Free your hands with the braided lanyard

2. WHAT'S IN THE BOX

- Oraolo Bluetooth Speaker

- Power Cable
- Quick Start Guide

3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge your Oraolo Bluetooth Speaker. Connect the provided Power Cable to the speaker's charging port and a compatible USB power source. The speaker charges super fast, ensuring minimal downtime.

3.2 Powering On/Off

To power on the speaker, locate the power button on the silicone control panel at the bottom of the device. Press and hold the power button until you hear an audible sound, indicating the speaker is turning on. The LED light show effect will also begin. To power off, press and hold the power button again.

3.3 Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing LED light).
2. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
3. Select "Oraolo BS01" from the list of found devices.
4. Once connected, the speaker will provide an audible confirmation, and the LED light will stabilize.

3.4 True Wireless Stereo (TWS) Pairing

For an enhanced stereo sound experience, you can pair two Oraolo BS01 speakers together:

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker, press and hold the TWS pairing button (refer to the Quick Start Guide for exact button location if not clearly marked on the control panel diagram).
3. The speakers will automatically search for and connect to each other. An audible prompt will confirm successful TWS pairing.
4. Once TWS paired, connect your device to one of the speakers via Bluetooth as described in Section 3.3. Both speakers will now play audio simultaneously.

4. OPERATING INSTRUCTIONS

The Oraolo speaker features a minimalistic control panel on its base for easy operation:

- **Power On/Off:** Press and hold the power button.
- **Volume Up/Next Song:** Press the '+' button for volume up. Press and hold the '+' button to skip to the next song.
- **Volume Down/Previous Song:** Press the '-' button for volume down. Press and hold the '-' button to go back to the previous song.
- **Play/Pause:** Press the central play/pause button.

- **Switch Light Modes:** Press the light bulb button to cycle through different dynamic lighting effects.
- **Play Mode (M):** Press the 'M' button to switch between different playback modes (e.g., Bluetooth, TF Card if supported).
- **Answer/End Call:** Press the central play/pause button during an incoming call to answer or end it.

5. MAINTENANCE

5.1 Cleaning

Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the charging port cover is securely closed before exposing the speaker to water.

5.2 Storage

Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, charge the battery periodically to maintain its lifespan.

5.3 Battery Care

To prolong battery life, avoid fully discharging the speaker frequently. Charge the speaker when the low battery indicator is active. Do not expose the battery to excessive heat or attempt to disassemble it.

6. TROUBLESHOOTING

- **Speaker won't turn on:** Ensure the battery is charged. Connect the speaker to a power source using the provided cable.
- **No sound:** Check the volume level on both the speaker and your connected device. Ensure the speaker is properly paired via Bluetooth.
- **Bluetooth connection unstable:** Move the speaker closer to your device. Ensure there are no obstructions between the speaker and the device. Disconnect and re-pair the Bluetooth connection.
- **TWS pairing failed:** Ensure both speakers are fully charged and not connected to any other device. Power off both speakers, then try the TWS pairing process again.
- **Lights not working:** Press the light bulb button to cycle through light modes. If the issue persists, ensure the speaker is charged.
