Follow these simple steps to set up your OTTOCAST MINI adapter and enjoy wireless CarPlay or Android Auto.

Follow these steps for a quick and hassle-free setup:

1. **Plug In:** Connect the OTTOCAST MINI adapter to your car's USB port. Use the appropriate USB-A or USB-C adapter if needed.
2. **Activate Phone Settings:** On your smartphone, ensure both Wi-Fi and Bluetooth are enabled.
3. **Pair Device:** Go to your phone's Bluetooth settings and search for available devices. Select the device named "CAR2-XXXX" (the exact name may vary slightly) and confirm the pairing request.
4. **Connect Automatically:** Once paired, your device will automatically connect to the car's infotainment system, launching wireless CarPlay or Android Auto. After the initial successful connection, the adapter will automatically synchronize each time you start your car.

5. OPERATING INSTRUCTIONS

Voice, Wheel, Touch – You Pick

Maintain full control using your car's original interface. The OTTOCAST MINI supports voice commands (Siri, Google Assistant), rotary knob, touchscreen, and steering wheel controls for a familiar and safe experience.

Once connected, operating your wireless CarPlay or Android Auto is intuitive:

- **Automatic Connection:** The adapter will automatically connect to your paired smartphone every time you start your car, eliminating manual setup.
- **Voice Control:** Utilize your car's built-in voice assistant (Siri for CarPlay, Google Assistant for Android Auto) to control navigation, make calls, send messages, and play music hands-free. Simply activate the voice command feature as you normally would.
- **Native Car Controls:** Continue to use your car's original controls, including steering wheel buttons, touchscreen, and rotary knobs, to navigate and interact with the CarPlay or Android Auto interface.

- **Smart Button:** The adapter features a smart button. Press it to instantly disconnect the current connection, allowing another user to pair their phone or to reset the connection.

6. COMPATIBILITY

Works with 98% of Cars – No Worries
(Not compatible with BMW & Tesla)

iOS 10+ or Android 11+ – We Got You

8. TROUBLESHOOTING

If you encounter any issues with your OTTOCAST MINI adapter, please refer to the following common solutions:

- **Connection Issues:**
 - Ensure Bluetooth and Wi-Fi are enabled on your smartphone.
 - Verify the adapter is securely plugged into the car's USB port.
 - Try restarting your phone and the car's infotainment system.
 - If the adapter has a smart button, press it to reset the connection.
- **No Audio or Intermittent Audio:**
 - Check your car's audio source settings to ensure it's set to the correct input (e.g., USB, CarPlay/Android Auto).
 - Ensure your phone's volume is turned up.
 - Disconnect and reconnect the adapter.
- **Performance Lags or Delays:**
 - Ensure your phone's operating system is up to date.
 - Check for firmware updates for the adapter (FOTA updates) via the OTTOCAST app or website.
 - Close unnecessary applications running in the background on your phone.
- **Compatibility Concerns:**
 - Double-check your car model and phone OS against the compatibility requirements listed in

Section 6.
