Mould King 27015

Mould King Speed Champion RX-7 Initial D Building Set - Model 27015 Instruction Manual

Model: 27015

INTRODUCTION

This manual provides detailed instructions for assembling and maintaining your Mould King Speed Champion RX-7 Initial D Building Set, Model 27015. This set consists of 369 pieces, allowing you to construct a detailed replica of the classic RX-7 FC35 racing car, complete with realistic taillights and a spoiler. The set also includes a transparent acrylic display case to protect and showcase your finished model.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present. The package should contain:

- 369 building block pieces for the RX-7 FC35 model.
- Assembly instruction booklet.
- Transparent acrylic display case.
- Sticker sheet for detailing.

If any parts are missing, please refer to the "Support" section for assistance.

SETUP AND ASSEMBLY

Follow the included assembly instruction booklet carefully. The building blocks are designed for a robust and accurate build. Components are typically packaged separately per step to facilitate clear understanding and ease of assembly.

1. **Preparation:** Clear a well-lit, flat workspace. Organize the packaged components according to the steps outlined in the instruction booklet.

2. **Step-by-Step Assembly:** Proceed through the instruction booklet one step at a time. Ensure each piece is securely connected before moving to the next step.
3. **Detailing:** Apply the provided stickers as indicated in the instructions to add authentic details to your model. Tweezers may be helpful for precise placement of smaller decals.
4. **Display Case Assembly:** Once the model is complete, assemble the transparent acrylic display case according to its separate instructions (if provided). The case is designed to shield your model from dust and damage.

OPERATING AND DISPLAY

The Mould King RX-7 FC35 model is primarily a display piece. Once assembled, it can be placed within its transparent acrylic holder. This holder not only protects the model but also enhances its presentation, making it suitable for display in various settings such as a home, office, or bookshelf.

- **Placement:** Choose a stable, flat surface for displaying your model.
- **Interaction:** While the model is robust, avoid excessive handling to preserve its integrity and the placement of its pieces.
- **Display Case:** The acrylic case is designed for static display. Ensure the model is properly seated within the case before closing it.

Display Collection

MAINTENANCE

To ensure the longevity and appearance of your Mould King RX-7 model and its display case, follow these maintenance guidelines:

- **Cleaning the Model:** Use a soft, dry cloth or a soft brush to gently remove dust from the building blocks. Avoid using harsh chemicals or abrasive materials, which can damage the plastic.
- **Cleaning the Display Case:** The transparent acrylic case can be cleaned with a soft, damp cloth and mild soap if necessary. Dry immediately with a clean, soft cloth to prevent water spots. Avoid ammonia-based cleaners, which can cloud acrylic.
- **Storage:** When not on display, store the model and case in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.

TROUBLESHOOTING

This section addresses common issues you might encounter during assembly or with the product.

Missing Parts

If you discover any missing pieces during assembly:

- Double-check all packaging materials and the surrounding workspace to ensure no small pieces were overlooked.
- Refer to the "Support" section for instructions on how to contact Mould King for replacement parts.

Difficulty with Assembly

- Ensure you are following the instruction booklet step-by-step. Sometimes a small detail can be missed.
- Verify that you are using the correct pieces for each step. The pieces are designed to fit together tightly but should not require excessive force.
- If a step seems unclear, review the diagrams carefully.

SPECIFICATIONS

Feature	Detail
