Velmina Sound Box User Manual

Model: Generic01 | Brand: Generic

INTRODUCTION

The Velmina Sound Box is a versatile 3-in-1 device designed to enhance your environment with soothing sounds, ambient lighting, and Bluetooth audio. It functions as a sleep aid machine, a smart speaker with RGB color options, and a wireless Bluetooth speaker. Featuring 8 distinct ambient sounds, it helps create a calming atmosphere for relaxation, meditation, improved concentration, or better sleep.

SAFETY INFORMATION

Caution:

- This device operates on DC5V/1A. Ensure proper power supply is used.
- Color of the product may vary slightly due to different display settings and lighting conditions.
- Do not expose the device to water or excessive moisture.
- Avoid extreme temperatures.
- Do not attempt to disassemble or repair the device yourself. Refer to qualified service personnel.
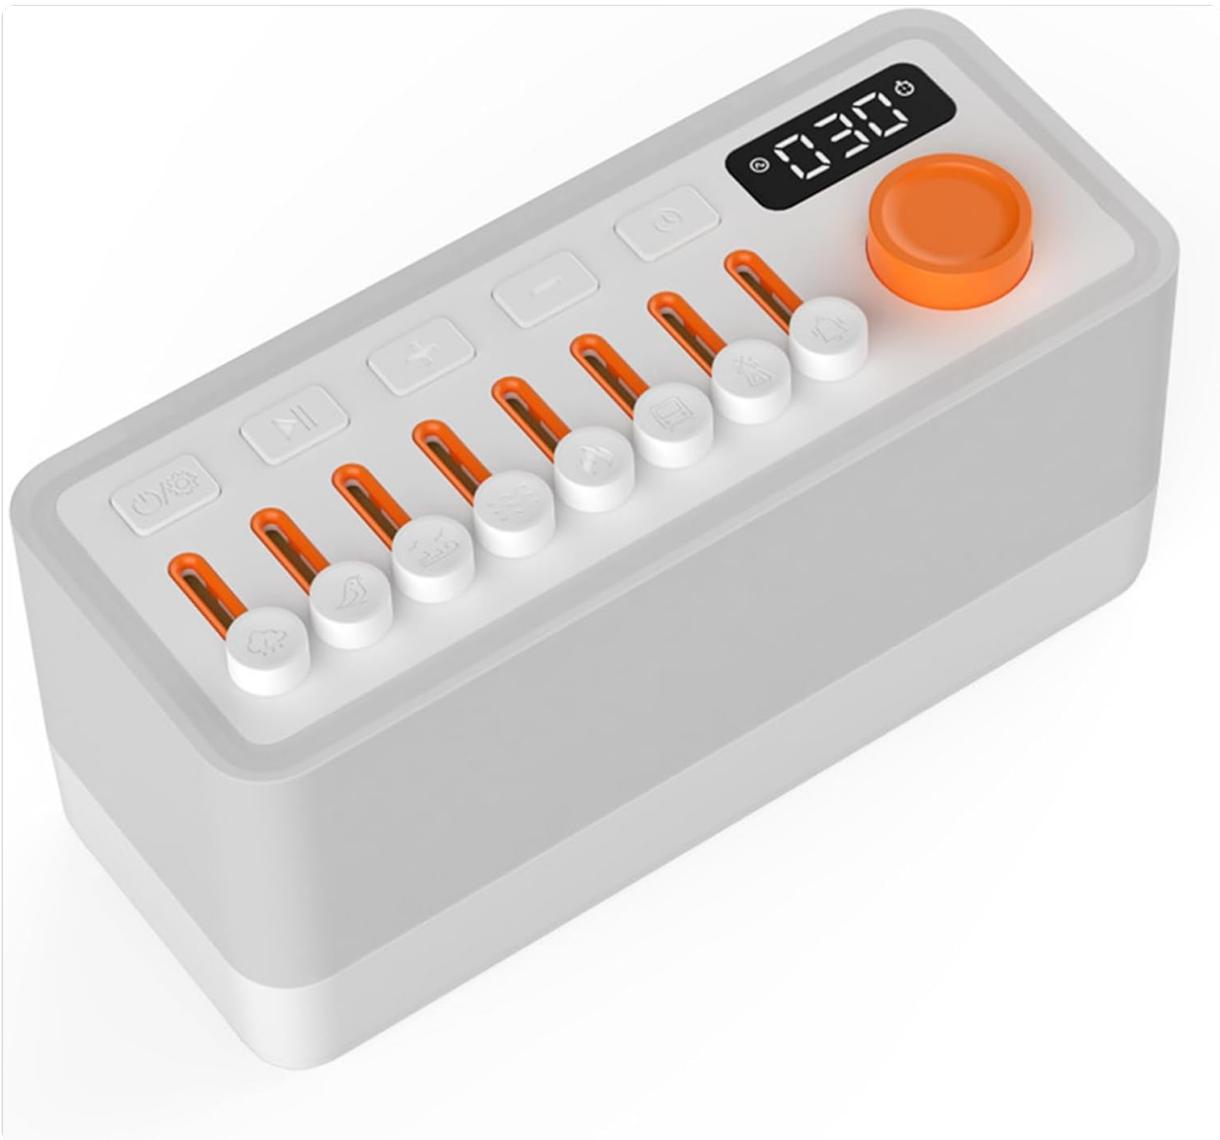

PRODUCT OVERVIEW

Figure 1: Top view of the Velmina Sound Box, showing the control panel with individual sound faders, timer display, and main control knob.

The Velmina Sound Box features an intuitive control panel on its top surface, including individual faders for mixing ambient sounds, a digital display for timer settings, and a main rotary knob for overall volume and power. The device also incorporates a gentle warm light feature at its base.

SETUP

1. **Charging:** Before first use, fully charge the Velmina Sound Box using the provided USB cable. Connect the cable to the DC5V/1A input port on the device and a compatible USB power adapter (not included). The charging indicator will show status.

2. **Power On:** Press and hold the power button (usually integrated with the main control knob or a dedicated button) to turn on the device. The display will illuminate.

3. **Placement:** Place the Sound Box on a stable, flat surface away from direct sunlight, heat sources, and moisture.

OPERATING INSTRUCTIONS

1. Sound Selection and Mixing

Figure 2: The Velmina Sound Box offers 8 distinct nature sounds, allowing for up to 256 unique sound combinations by adjusting individual faders.

- The Velmina Sound Box features 8 distinct ambient sounds. Each sound has a dedicated fader on the top panel.
- To activate a sound, slide its corresponding fader upwards. The higher the fader, the louder that specific sound will be.
- Mix multiple sounds simultaneously by adjusting their individual faders to create your desired soundscape.
- To turn off a sound, slide its fader all the way down.

2. Volume Adjustment

- Use the main rotary knob (often labeled with a volume icon) to adjust the overall master volume of all active sounds.
- Rotate clockwise to increase volume, counter-clockwise to decrease.

3. Timer Function

Figure 3: The intelligent timing feature allows automatic shutdown after a set duration, with a range of 5 to 180 minutes.

- Press the timer button (indicated by a clock icon) to cycle through available timer settings.
- The timing range is typically 5 to 180 minutes. The selected duration will be displayed on the digital screen.
- Once the set time is reached, the sound will gradually fade out and the device will automatically power off.

4. Ambient Light Control

- The Velmina Sound Box features 22 warm light LEDs. Look for a dedicated light button or a function integrated with another control.
- Press the light button to turn the warm light on/off or to cycle through different light modes/colors if available.

5. Bluetooth Connectivity

- To use the Velmina Sound Box as a Bluetooth speaker, activate Bluetooth pairing mode on the device (refer to specific button if available, often a Bluetooth icon).
- On your smartphone or other Bluetooth-enabled device, search for "Velmina Sound Box" or a similar name in the Bluetooth settings.
- Select the device to pair. Once connected, you can stream audio wirelessly from your device.

FEATURES

- **Immersive Audio Experience:** The Sound Box is equipped with powerful dual 5W speakers and a dedicated bass diaphragm, delivering rich, clear, and immersive sound.

Figure 4: The internal design features a double speaker horn and wide area cavity for enhanced audio output.

- **Versatile Ambient Sounds:** Enjoy 8 distinct ambient sounds, including nature sounds, perfect for meditation, sleep, or creating a calming atmosphere. The individual faders allow for up to 256 unique sound combinations.
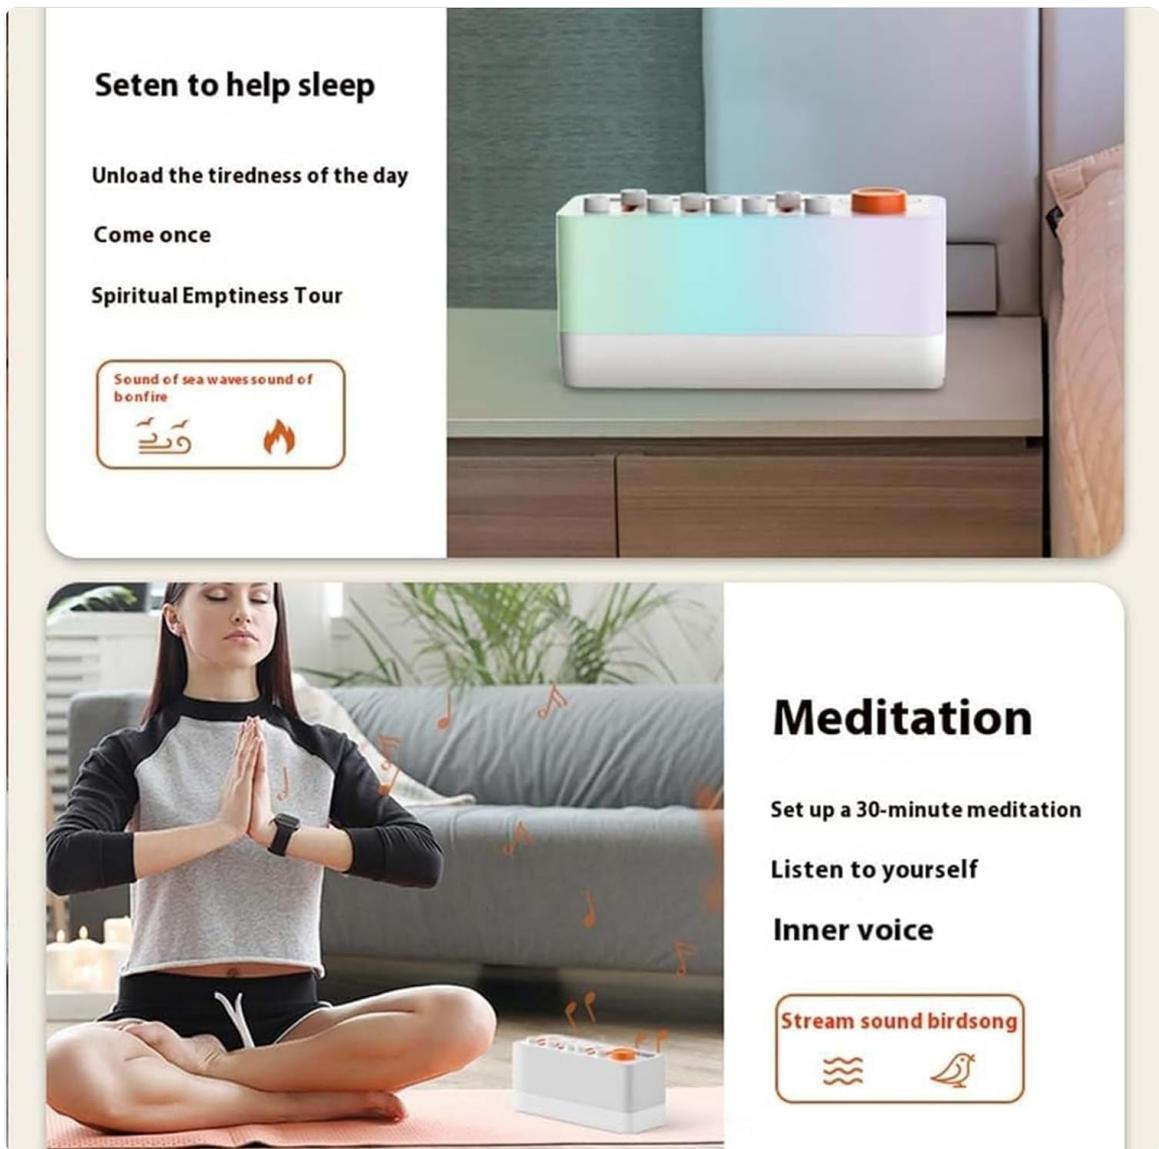

Figure 5: The Velmina Sound Box is ideal for creating a serene environment for sleep or meditation.

- **Long-lasting Battery Life:** A robust 2600 mAh battery ensures extended hours of continuous playtime, providing uninterrupted relaxation.
- **User-Friendly Design:** Compact and lightweight (approximately 485g) with dimensions of 180x73x80mm, making it easy to carry and set up anywhere.

Figure 6: The intelligent white noise speaker can help improve learning concentration.

- **Gentle Warm Light:** Integrated with 22 warm light LEDs, providing a soft glow that complements the soothing sounds, perfect for nighttime relaxation or creating ambiance.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the device. Do not use abrasive cleaners, waxes, or solvents.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in constant use.

TROUBLESHOOTING

- **No Power:**
  - Ensure the device is fully charged.
  - Verify the power button is pressed and held correctly to turn on.
- **No Sound:**
  - Check if individual sound faders are raised.

- Ensure the master volume knob is turned up.
- If using Bluetooth, ensure it is properly paired and connected, and the volume on your connected device is also up.

- **Bluetooth Not Connecting:**

  - Ensure the Sound Box is in pairing mode.
  - Turn off and on Bluetooth on your source device.
  - Move the Sound Box closer to your source device.
  - Clear previous Bluetooth connections on your source device and try pairing again.

- **Light Not Working:**

  - Ensure the device is powered on.
  - Press the light control button to activate the light feature.
