## Puqo EV68

# Puqo EV68 AI Translation Earbuds User Manual

Model: EV68

## INTRODUCTION

The Puqo EV68 AI Translation Earbuds are designed to facilitate real-time language translation, music playback, and call management. These earbuds integrate advanced technology to provide seamless communication across various languages and enhance your audio experience. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance of your device.

### AI Dialogue Mode

Turn on "AI Conversation Mode" through the app to get instant answers to your everyday or work-related queries, and explore the power of cutting-edge technology and smart solutions.

## WHAT'S IN THE BOX

Please check the package contents upon unboxing to ensure all items are present:

- 2 x Wireless Earbuds
- 1 x Fast Charging Case
- 1 x Type-C Charging Cable
- 3 x Pairs of Eartips (S, M, L)
- 1 x Instruction Manual

# Natural and Instant Translation

Online translation in 164 languages and accents with a perpetual subscription.

## SETUP

### 1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C charging cable to the charging case and a compatible USB power source. The LED display on the case will indicate the charging status. A full charge provides up to 8 hours of use for the earbuds and up to 48 hours with the charging case.

## 3-in-1 Translation Earbuds

Combining music, calls, and translation, these earbuds offer real-time two-way translation in 134 languages, ensuring effortless communication wherever you go, without any language barriers.

Image: The Puqo EV68 charging case displaying battery levels and indicating a prolonged battery life of up to 48 hours with the case, and 1.5 hours for quick charging via Type-C.

## 2. App Download and Connection

The Puqo EV68 earbuds require a companion application for translation functions. Follow these steps to download and connect:

1. Scan the 2D Code provided in the user manual or on the packaging to download the dedicated application.
2. Enable Bluetooth on your mobile phone and select "EV68" from the list of available devices to complete the initial Bluetooth connection.
3. Open the "Ear Dance" App and allow it to automatically connect to the device.
4. After connecting, navigate to the "My" page within the App and click "Bind Device".
5. Scan or manually enter the authorization code (2D code) found on the packaging box.
6. Upon successful authorization, you can begin using the translation features.

## Academic Exchange

At global conferences, the EV68 offers real-time translation, enabling participants to easily follow and engage in discussions without language barriers.

## OPERATING INSTRUCTIONS

### Translation Modes

The Puqo EV68 offers multiple translation modes to suit various communication scenarios:

- **Free Speak Mode:** Wear the earbuds, and the device will automatically recognize your language,

providing real-time translation of short sentences for smooth, natural conversations.

- **Translator Mode:** After setting up the app, the device functions as a classic translator, offering seamless multilingual translation for easy communication.
- **Headset + Mobile Mode:** One person double-clicks the headset to speak, while the other taps a button on the phone, enabling smooth two-way conversation.
- **Image Translation Mode:** Utilize the app's photo translation feature to instantly recognize and translate text captured through your phone's camera.

## Free Talk Mode

Simply wear the headphones, and the device will automatically recognize your language, providing real-time translation of short sentences. Powered by advanced natural language processing, it ensures smooth and natural conversations.

## Emergency Assistant

In urgent situations like being lost, the EV68 offers expert language translation, helping you communicate clearly with the right people and ensuring precise information exchange.

Image: A depiction of the real-time translation interface within the companion app, showing spoken phrases being translated between languages.

## AI Conversation Mode

Activate the "AI Conversation Mode" through the app to receive intelligent answers to everyday or work-related questions, leveraging AI for seamless interactions.

## Business Communication

In international meetings, the EV68 provides real-time translation, ensuring smooth communication across different languages and facilitating efficient discussions.

### Fingerprint Touch Controls

The earbuds feature intuitive touch controls for managing audio and calls:

- **Play/Pause:** Single tap.
- **Switch Song:** Double tap (left for previous, right for next).
- **Adjust Volume:** Triple tap (left for volume down, right for volume up).
- **Answer Call:** Single tap during an incoming call.
- **Reject Call/End Call:** Long press during an incoming call or during an active call.
- **Voice Assistant (Siri):** Long press when not on a call.

# Prolonged Battery Life & LED Power Display

8 hours on one charge, for up to 48 hours of music and calls

## MAINTENANCE

### Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or aerosol sprays.
- Gently remove any earwax or debris from the earbud tips and speaker mesh using a small, soft brush or cotton swab.

### Storage

- Store the earbuds in their charging case when not in use to protect them and keep them charged.
- Avoid storing the device in extreme temperatures, direct sunlight, or high humidity.

## Travel Made Easy

While traveling abroad, the EV68 simplifies cross-language communication, helping you navigate hotel stays, meals, and local attractions with easily.
