## MAINTENANCE AND CARE

- **Glass Tabletop:** Clean the tempered glass surface with a soft cloth and a standard glass cleaner.

Avoid abrasive pads or harsh chemicals that could scratch or damage the glass.

- **Wood Frame and Rattan Shelf:** Wipe the wood frame and PE rattan shelf with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, dry cloth.
- **Avoid Moisture:** Do not allow liquids to sit on the wood or rattan for extended periods. Wipe up spills immediately.
- **Sunlight Exposure:** While the PE rattan is resistant to fading, prolonged direct sunlight exposure may affect the wood finish over time.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
