## Brightup BT-S03

# Brightup Electric Foil Shaver BT-S03 User Manual

Model: BT-S03

## 1. INTRODUCTION

Thank you for choosing the Brightup Electric Foil Shaver BT-S03. This manual provides essential information for the safe and effective use of your new electric shaver. Please read it thoroughly before operation and retain it for future reference.

The Brightup Electric Foil Shaver is designed to provide a smooth and close shave for men, featuring a dual-blade system, pop-up trimmer, and wet/dry functionality. Its portable design and long battery life make it ideal for both daily use and travel.

## 2. PACKAGE CONTENTS

Ensure all items listed below are present in your package:

- Brightup Electric Foil Shaver (Model: BT-S03)
- Protective Cap Cover
- USB Type-C Charging Cable
- Small Cleaning Brush
- Carry Pouch
- User Manual

### 3. PRODUCT FEATURES

#### 3.1. Smooth & Close Shave System

The shaver features ultra-thin, durable double-foil meshes and advanced 4D flexible stainless steel dual-blades with a protective coating. This design adapts to your facial contours for a closer, smoother, and more comfortable shave, minimizing irritation and redness, especially for sensitive skin.

# Double Ultra-thin Floating Blades

Hypoallergenic for Close and Fast Shaving

## 3.2. 2-in-1 Design with Pop-Up Trimmer

This device combines a foil shaver and a precision pop-up trimmer. The trimmer is located on the side and can be used without removing the foil razor head. It is ideal for trimming longer or thicker hair on sideburns, jawline, chin, or neck areas before using the foil for a clean finish.

**1 Use Trimmer Head to Cut Long or Thick Hair**

**2 Use Ultra-thin Foil Head**

Image: Illustration of the shaver's dual functionality, showing a man using the trimmer head for longer hair and the foil head for a close shave.

### 3.3. Smart Digital Display & USB-C Charging

The integrated LED display shows the remaining battery percentage, ensuring you are aware of the power level. It features a 18650 lithium-ion battery providing up to 150 minutes of continuous runtime on a single 1.5-hour USB-C charge.

### 3.4. IPX6 Waterproof for Wet & Dry Shaving

The shaver is IPX6 waterproof, allowing for convenient wet or dry shaving. This also makes cleaning easy, as the foil blades are detachable and washable under running water.

**Wet Shaving**

**Dry Shaving**

Image: A man demonstrating both wet shaving with foam and dry shaving using the electric shaver.

### 3.5. Travel Lock Feature

For safe and convenient travel, the shaver includes a travel lock feature. This prevents accidental activation during transport, conserving battery life.

## 4. SETUP

### 4.1. Initial Charge

Before first use, fully charge the shaver. Connect the USB Type-C charging cable to the shaver's charging port and the other end to a compatible USB power source (e.g., wall adapter, computer USB port). The LED display will indicate charging status. A full charge takes approximately 1.5 hours and provides up to 150 minutes of runtime.

# Long Battery Life

Up to 35days Runtime on a Full Charge

## 5. OPERATING INSTRUCTIONS

### 5.1. Basic Shaving

1. Ensure the shaver is charged and the protective cap is removed.
2. Press the power button to turn on the shaver. The LED display will show the battery level and current speed setting.
3. For optimal results, hold the shaver at a right angle to your skin and move it against the direction of hair growth.
4. Apply gentle pressure. The flexible dual-blades will adapt to your facial contours.
5. You can toggle between two speed settings (7500RPM and 8000RPM) by pressing the power button again to adjust the shaving intensity.
6. For wet shaving, apply shaving foam or gel to your face before use.

Video: Demonstration of the Brightup Foil Shaver in use, highlighting its dual functionality for shaving and trimming.

## 5.2. Using the Pop-Up Trimmer

1. To activate the precision trimmer, push up the trimmer switch located on the back of the shaver. The foil shaver will automatically pause.
2. Use the trimmer to shape sideburns, trim beards, or manage longer hair in specific areas.
3. Once finished, push the trimmer switch down to retract it. The foil shaver will resume operation if it was previously on.

Image: Visual guide illustrating the correct upward and downward shaving motion for a cleaner shave, and incorrect side-to-side motions. It also shows how to stretch skin when shaving the chin area.

## 5.3. Travel Lock

To activate or deactivate the travel lock, press and hold the power button for 3 seconds. The travel lock icon will appear or disappear on the LED display.

Video: An unboxing and review of the Brightup Foil Shaver, demonstrating its features and performance.

# 6. MAINTENANCE

## 6.1. Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene.

1. Turn off the shaver and remove the protective cap.
2. Press the release button to detach the foil head.
3. Rinse the foil head and the internal blades under running water. Do not immerse the entire shaver body in water for extended periods.
4. Use the provided cleaning brush to remove any stubborn hair clippings from the blades and internal components.
5. Allow all parts to air dry completely before reattaching the foil head and protective cap.
6. For long-term maintenance, apply a small drop of lubricating oil (not included) to the foil and trimmer blades periodically to maintain sharpness and prevent abrasion.

# Easy to Clean

## IPX6 Waterproof for Whole Body

Image: A hand detaching and rinsing the shaver head under a faucet, demonstrating its IPX6 waterproof rating for easy cleaning.

## 7. TROUBLESHOOTING

- **Shaver not turning on:** Ensure the battery is charged. If the travel lock is active, press and hold the power button for 3 seconds to deactivate it.
- **Poor shaving performance:** Clean the blades and foil head thoroughly. Ensure the blades are not dull; replacement blades may be necessary after extended use. Shave against the grain of hair growth.
- **Irritation or redness:** Ensure the shaver is clean. Try wet shaving with foam or gel. Avoid excessive pressure. If irritation persists, consult a dermatologist.
- **Charging issues:** Verify the USB-C cable is properly connected to both the shaver and the power source. Ensure the power source is functional.

## 8. SPECIFICATIONS

Feature	Detail
Model Number	BT-S03
Product Dimensions	2.6 x 1.8 x 5 inches; 11.35 ounces
Battery Type	1 AA batteries required (included)
Charging Time	Approx. 1.5 hours
Runtime	Up to 150 minutes
Power Source	Battery Powered
